

# Republican Government/Republicanism

- Republican is the belief that government should be based on the consent of the governed. British philosopher John Locke developed this concept during the Glorious Revolution of the seventeenth century.
- Republicanism inspired eighteenth-century American revolutionaries.
- Key principles of republicanism included:
  - Sovereignty comes from the people. Representation should therefore be apportioned based on population.
  - A republic is preferable to a monarchy because it would establish a small, limited government that is responsible to the people.
  - Widespread ownership of property is the bulwark of republican government.
  - Standing armies are dangerous and should be avoided.
  - Agrarian life is both desirable and virtuous.
  - Citizens have the right and perhaps the responsibility to rebel if a sovereign does not honor their rights.
