## Rereading The Revolution:

**Revolution** Saïd Amir Arjomand, 2019-05-02 A revolution is a discontinuity one political order replaces another typically through whatever violent means are available Modern theories of revolutions tend neatly to bracket the French Revolution of 1789 with the fall of the Soviet Union two hundred years later but contemporary global uprisings with their truly multivalent causes and consequences can overwhelm our ability to make sense of them In this authoritative new book Sa d Amir Arjomand reaches back to antiquity to propose a unified theory of revolution Revolution illuminates the stories of premodern rebellions from the ancient world as well as medieval European revolts and more recent events up to the Arab Spring of 2011 Arjomand categorizes revolutions in two groups ones that expand the existing body politic and power structure and ones that aim to erode but paradoxically augment their authority The revolutions of the past he tells us can shed light on the causes of those of the present and future as long as centralized states remain powerful there will be room for greater and perhaps forceful integration of the politically disenfranchised

Re/reading the past J.R. Martin, Ruth Wodak, 2003-11-17 Re reading the Past is concerned with the discourses of history from the complementary perspectives of Critical Discourse Analysis CDA and Systemic Functional Linguistics SFL The papers in the book stress the discursive construction of the past focussing on the different social narratives which compete for official acknowledgement Issues of collective and cultural memory are addressed reflecting the linguistic turn in the Social Sciences The book covers a range of discourses interpreting texts from popular culture to academic discourse including the construction and evaluation of past events in a variety of places around the world It is especially timely in its focus on the construction of time and value in a post colonial world where history discourses are central to on going processes of reconciliation debates on war crimes and the issues of amnesty and restitution As such the book fills a significant gap in interdisciplinary debates as well as in register and genre analysis and will be of general interest to historians political scientists and discourse analysts as well as students and teachers of ESP English for Specific Purposes and EAP English for Academic Purposes

*Rereading Modern Chinese History* Zhu Weizheng, 2015-04-21 Rereading Modern Chinese History is a collection of short essays on aspects of the history of the Qing dynasty a regime dominated by Manchus that ruled China from 1644 to 1911 Using sources from that period and earlier it addresses key themes on the nature of Qing rule These include the defeat by the British in the Opium Wars the twin track administration of Manchus and Han Chinese the rise of Chinese military leaders in southern China the purchase of office and endemic corruption the challenge of the Taiping Heavenly Kingdom and the failure of political reform There are new insights on all the Qing emperors and the Empress Dowager Cixi who ruled China between 1861 and 1908

**Rereading the Revolution** Benjamin S. Lawson, 2000 Approximately fifty historical novels dealing with the American Revolution were published in the United States in the single ten year period from 1896 to 1906 Benjamin Lawson critically examines the narrative strategies employed in these many novels the ways in which fiction is made to serve the purpose of vivifying

national history The British conventions of the historical romance in one sense seem to preclude radical declarations of literary independence even in books purportedly about a war against Britain Working within the formula these many writers nonetheless created fictional plots which parallel and reflect the enveloping concerns of the War for Independence Just as the war was sometimes viewed as an Anglo American family squabble these metaphorical narratives depict familial and love interests

**Re-reading Foucault** Ben Golder,2013 This title provides a collection which fully addresses the relevance of Foucault s thought for law The book provides an in depth analysis of Foucault s thought as it pertains to the crucial questions of law government and rights

**Re-reading Wagner** Reinhold Grimm,Jost Hermand,1993 This multidisciplinary collection of readings offers suggestive new interpretations of Richard Wagner s ideological position in German history The issues discussed range from the biographical the reasons for Wagner s travels his spotted political life to the aesthetic and ideological regarding his re creation of medieval Nuremberg his representations of gender and nationality his vocal iconography his anti Semitism and his vegetarianarguments and finally his musical heirs The essays are written by Tamara S Evans Edward R Haymes Peter Uwe Hohendahl Peter Morris Keitel Alexa Larson Thorisch Audrius Dundzila Marc A Weiner Jost Hermand Frank Trommler and Hans Rudolf Valet Avoiding journalistic or iconoclastic approaches to Wagner these writers depart from the usual uncritical admiration of earlier scholars to develop a stimulating and ultimately cohesive collection of new perspectives

**Re-Reading Beccaria** Antje du Bois-Pedain,Shachar Eldar,2022-10-06 Cesare Beccaria s slim 1764 volume On Crimes and Punishments influenced policy developments worldwide and over decades if not centuries after its publication For those who turn to Beccaria s work today the encounter is shaped by that knowledge Appreciative of On Crimes and Punishments dual nature as historical document and repository of ideas the contributions in this collection address different aspects of the criminal justice theory Beccaria offered his readers and face up to methodological questions raised by meeting a historical text of this kind unsystematic and by modern standards often under argued with modern scholarly conventions in mind Contributions in the first part of the book engage with Beccaria s political theory of criminal justice through the lenses of political and penal philosophy considering how Beccaria s blending of social contractarian foundations and proto utilitarian policy analysis interlinks with the concrete set of criminal justice practices Beccaria presents as justified This leads on to the second part where contributors approach Beccaria s ideas with present day reforms and developments in mind Many of his policy proposals and arguments remain significant from our contemporary perspective their limitations and omissions proving as instructive for the contemporary scholar as their more prescient elements The third part offers those looking at Beccaria s work today a glimpse into the practical difficulties facing the firebrand author turned public servant during his long career in the Habsburg Lombardian administration It puts his work into the broader context of pathways to criminal justice reform in northern Italy Habsburgian Lombardy and the Austro Hungarian Empire in Beccaria s day

**Re-reading the Constitution** James Vernon, 1996-11-13 A re examination of the debates over the meaning of the English constitution first published in 1996 *Re-reading Jose Martí (1853-1895)* Julio Rodríguez-Luis, 1999-01-01 Re evaluates Jose Martí s contribution to Latin America s literature and political evolution Imagining, Writing, (Re)Reading the Black Body Sandra Jackson, Fassil Demissie, Michele Goodwin, 2024-12-02 This book is an outgrowth of an international conference The Black Body Imagining Writing and Re Reading held at DePaul University Chicago in 2004 The various contributing authors critically examine the changing discourses on the black body to address how it has been constituted as a site for construction and maintenance of social and political power Drawing examples from Europe Africa the United States as well as other places in the Black Diaspora the subject matter in this book discusses the raced gendered classed and culturally produced discourses about the black body Through its examination of these and related issues this book contributes to a dialogue across various disciplines about the black body its meanings and negotiations as read interpreted and imagined in different frames of perception and imagination Print editions not for sale in Sub Saharan Africa This book is part of Routledge s co published series 30 Years of Democracy in South Africa in collaboration with UNISA Press which reflects on the past years of a democratic South Africa and assesses the future opportunities and challenges

**Imperialism With Chinese Characteristics?: Reading And Re-Reading China's 2006 Defense White Paper** Michael K. Metcalf, 2013-03-08 PRINT FORMAT ONLY NOTE NO FURTHER DISCOUNT FOR THIS PRINT PRODUCT OVERSTOCK SALE Significantly reduced list price Mike Metcalf s discussion paper Imperialism with Chinese Characteristics argues that China s 2006 Defense White Paper not only explains the importance of China s continuing military buildup but also lays the theoretical foundation of a new defense policy that seems to amount to nothing less than imperialism

**Re-Reading Pareto on Elite Power and Societal Bipolarisation** Alasdair J. Marshall, 2025-08-22 Assessing Vilfredo Pareto s sociological reworkings of Machiavelli s Fox and Lion animal spirits as friend enemy codings this book offers a unique insight into the growing division today between relatively liberal elites and relatively conservative non elites Re Reading Pareto on Elite Power and Societal Bipolarisation utilises key ideas common to Pareto s elite theory general sociology and theory of demagogic plutocracy and fleshes out a unique perspective for making sense of contemporary societal bipolarisation in terms of friend enemy codings The first part of the book explores what Pareto s core ideas are and

outlines why they matter today The second part considers how we might elaborate and apply Pareto s concept of open elites to reverse contemporary societal bipolarisation and build safer and more mature democracies The third part explains how we can apply Pareto to predict further deterioration towards fundamental social conflict such that Pareto s sociological imagination becomes risk imagination we desperately need today For academics and students across the domains of sociology political science and social science in general the book warns of widespread elite institutional bias in their research and points to Pareto s neutral and balanced approach as a corrective offering a uniquely Paretian view of minimal criteria for democracy as well as a uniquely balanced analytical perspective for making sense of our culture war

*Effective Study Methods* Mason Ross, AI, 2025-02-22 *Effective Study Methods* explores how to learn smarter not harder by applying cognitive psychology principles to enhance retention and comprehension It challenges traditional study habits advocating for evidence based learning strategies such as active recall spaced repetition and elaborative interrogation Did you know that active recall testing yourself instead of rereading strengthens memory pathways Or that spaced repetition reviewing material at increasing intervals optimizes long term retention by leveraging the forgetting curve This book uniquely bridges academic research and practical application offering concrete techniques and personalized guidance It avoids generic advice providing actionable strategies for students and lifelong learners The book begins by laying a cognitive foundation then dedicates individual chapters to active recall spaced repetition and elaborative interrogation culminating in a cohesive study system applicable across diverse subjects It underscores that effective studying stems from employing strategies aligned with how the brain learns best The book s value lies in its structured evidence based approach drawing insights from neuroscience and information science It demonstrates how to move information from short term to long term memory creating a robust knowledge base By demonstrating techniques applicable to professional training skill development and personal enrichment the book empowers readers to become lifelong learners

*Re-Reading The Excursion* Sally Bushell, 2017-03-02 *Re Reading The Excursion* Narrative Response and the Wordsworthian Dramatic Voice is a groundbreaking study which transforms contemporary critical understanding of *The Excursion* and of the place of this long poem in the Wordsworthian canon Sally Bushell argues that the poem which has suffered at the hands of critics for most of the twentieth century has been unfairly judged according to a Coleridgean rather than a Wordsworthian definition of philosophy that it has been read as a didactic work rather than one which uses its dramatic form to teach its readers to think for themselves She offers a new reading in which *The Excursion* is shown to be about providing the readers with moral habits and mental constructs by which to learn not simply telling them what to think The book begins with a discussion of the reception of the poem in 1814 considering the responses of Coleridge Hazlitt Francis Jeffrey and Charles Lamb This historicized discussion is then balanced by a reading of the poem at the compositional stage looking at the emergence from the manuscripts of a Wordsworthian dramatic voice The author goes on to argue that the poem s philosophy is performative that is concerned with the way in which moral ideas can

best be communicated as much as with the ideas themselves She then shifts her attention to consider how this operates in relation to the reader considering the importance of context in relation to emotional response Later the epitaphic books are reconsidered in the light of Wordsworth's critical writing Bushell argues that the significance of the epitaph for him lies in its values as a poetic form in which the text itself is released from poetic authority Finally the author looks back at *The Prelude* from the perspective of *The Excursion* and shows how the later poem attempts to value the ordinary rather than the poetic mind The conclusion reached is that Wordsworth is not just the egotistical poet of *The Prelude* interested largely in the development of his own imaginative powers but one who goes on to explore the limits of subjectivity and the importance of different kinds of imaginative links between individuals Inherited Land Whitney A. Bauman, Richard R. Bohannon II, Kevin J. O'Brien, 2011-08-04 Religion and ecology has arrived What was once a niche interest for a few academics concerned with environmental issues and a few environmentalists interested in religion has become an established academic field with classic texts graduate programs regular meetings at academic conferences and growing interest from other academics and the mass media Theologians ethicists sociologists and other scholars are engaged in a broad dialogue about the ways religious studies can help understand and address environmental problems including the sorts of methodological terminological and substantive debates that characterize any academic discourse This book recognizes the field that has taken shape reflects on the ways it is changing and anticipates its development in the future The essays offer analyses and reflections from emerging scholars of religion and ecology each addressing her or his own specialty in light of two questions 1 What have we inherited from the work that has come before us and 2 What inquiries concerns and conversation partners should be central to the next generation of scholarship The aim of this volume is not to lay out a single and clear path forward for the field Rather the authors critically reflect on the field from within outline some of the major issues we face in the academy and offer perspectives that will nurture continued dialogue *Re-Reading Education Policies*, 2009-01-01 This book collects studies with a critical education policy orientation and presents itself as a handbook of matters of public concern The term critical does not refer to the adoption of a particular theoretical framework or methodology but rather it refers to a very specific ethos or way of relating to the present and the belief that the future should not be the repetition of the past This implies a concern about what is happening in our societies today and what could or should be happening in the future As a consequence the contributors to the book rely on a general notion of public policy that takes on board processes practices and discourses at a variety of levels in diverse governmental and non governmental contexts and considers the relation of policy to power to politics and to social regulation Following the detailed introduction that aims at picturing the landscape of studies with a critical education policy orientation the book presents re readings of six policy challenges globalization knowledge society lifelong learning equality democracy social inclusion accountability control efficiency and teacher professionalism It seeks to contextualise these in relation to issues of current global concern at the start of the 21st

century Despite the diversity of approaches this collection of critical education policy studies shares a concern with what could be called the public and its education and represents a snapshot of education policy research at a particular time

**Unfaithful** Carol Faulkner, 2019-10-18 In her 1855 fictionalized autobiography Mary Gove Nichols told the story of her emancipation from her first unhappy marriage during which her husband controlled her body her labor and her daughter Rather than the more familiar metaphor of prostitution Nichols used adultery to define loveless marriages as a betrayal of the self a consequence far more serious than the violation of a legal contract Nichols was not alone In *Unfaithful* Carol Faulkner places this view of adultery at the center of nineteenth century efforts to redefine marriage as a voluntary relationship in which love alone determined fidelity After the Revolution Americans understood adultery as a sin against God and a crime against the people A betrayal of marriage vows adultery was a cause for divorce in most states as well as a basis for civil suits Faulkner depicts an array of nineteenth century social reformers who challenged the restrictive legal institution of marriage redefining adultery as a matter of individual choice and love She traces the beginning of this redefinition of adultery to the evangelical ferment of the 1830s and 1840s when perfectionists like John Humphrey Noyes founder of the Oneida Community concluded that marriage obstructed the individual's relationship to God In the 1840s and 1850s spiritualist feminist and free love critics of marriage fueled a growing debate over adultery and marriage by emphasizing true love and consent After the Civil War activists turned the act of adultery into a form of civil disobedience culminating in Victoria Woodhull's publicly charging the Reverend Henry Ward Beecher with marital infidelity *Unfaithful* explores how nineteenth century reformers mobilized both the metaphor and the act of adultery to redefine marriage between 1830 and 1880 and the ways in which their criticisms of the legal institution contributed to a larger transformation of marital and gender relations that continues to this day

*Re-Reading the Beethoven Violin Sonatas* Daniel Tong, 2025-04-08 New readings of the ten Beethoven sonatas for piano and violin embracing both the performer's interpretation and the analyst's rigour This book provides new readings of the ten Beethoven sonatas for piano and violin many of which have been given surprisingly little attention by scholars to date This may be because nine of the sonatas are relatively early works written between 1797-1803 with only the final sonata Op 96/1812 standing apart However within these ten works Beethoven demonstrates numerous aspects of his musical personality and compositional style The analyses in this book engage with postmodern concerns such as hermeneutics intertextuality gender humour narratology and human interest revealing characteristics within these sonatas that have been slow to come to light Here are examples of the Beethovenian narrative that do not always encapsulate heroic struggle and triumph in many of the sonatas we find a witty smiling composer at odds with the growling Beethoven iconography Works within the violin sonata cycle interrogate the hypermasculine Beethoven trope before the last sonata is explored via a host of intertextual relationships with a body of early Romantic repertoire that emerged after Beethoven's death Embracing both the performer's interpretation and the analyst's rigour or vice versa this

work offers methodologies for performer s analysis whilst acknowledging that both disciplines are essential to any project that seeks to address the nature of music as it is experienced in time      **RE: Reading the Postmodern** Robert David Stacey, 2011-01-14 It would be difficult to exaggerate the worldwide impact of postmodernism on the fields of cultural production and the social sciences over the last quarter century even if the concept has been understood in various even contradictory ways An interest in postmodernism and postmodernity has been especially strong in Canada in part thanks to the country s non monolithic approach to history and its multicultural understanding of nationalism which seems to align with the decentralized plural and open ended pursuit of truth as a multiple possibility as outlined by Jean Fran ois Lyotard In fact long before Lyotard published his influential work *The Postmodern Condition* in 1979 Canadian writers and critics were employing the term to describe a new kind of writing RE *Reading the Postmodern* marks a first cautious step toward a history of Canadian postmodernism exploring the development of the idea of the postmodern and debates about its meaning and its applicability to various genres of Canadian writing and charting its decline in recent years as a favoured critical trope
