Subject Guide to Communication, Informatics and Librarianship in India S. P. Agrawal, Pushpa Rani Sharma, 1994

Google Search Secrets Christa Burns, Michael P. Sauers, 2014 Google can be an incredibly powerful tool for research but the top of the page results are seldom the most beneficial to library users and students and many of the search engine's most useful features are hidden behind its famously simple interface Burns and Sauers reveal the secrets of effective Google searches in this invaluable resource showing how to get the most out of the service with An overview of all the tool's search services including Image Maps News Blogs Discussions Scholar Patents and Books Ready to use instructions on how to go beyond the simple search box and top results to get library users the answers they need fast Straightforward guidance on using filters to refine search results with examples of common searches like images with Creative Commons licenses news searches set for a date range or into an archive and videos with closed captioning An explanation of the bibliography manager feature of Google Scholar which allows students and researchers to build bibliographies with ease Tips for configuring Safe Search on workstations in children's departments and schools Copious screenshots walk readers through each topic step by step making this a true how to guide for everyone who uses Google

Usage And Management Of E-Resources And Services In Engineering College Libraries Of North Karnataka An Analytical Study Dr. Jaffer Basha S, 2024-11-01 The world has recognized the importance of engineering in every field of life The quest of human being paved way to make new inventions to meet the demands existed In fact of new inventions and industrialization after Second World War the information was explored abundantly To organize and manage the information skills are needed to make them use in proper way The libraries attached to Engineering Colleges are playing key role in acquiring and disseminating information to right user in right time The libraries are changing in collection management and dissemination of information due to technology application The libraries are responding to the changing user's behavior in the context of information seeking in this digital environment The information product includes print and non print consisting of digital resources is taking a different approach to information aspect Therefore the librarians need to organize and manage the resources in relation to the information use behavior and requirements of the users in this context The users of engineering college libraries in North Karnataka on review of literature it was found that no such study at the doctoral level has been done in engineering college libraries of North Karnataka 2 Therefore to bridge the gap it is proposed to survey the engineering college libraries in North Karnataka with reference to use and management of E resources and services by the users of the engineering college libraries of North Karnataka Hence the present Study The importance of a user is recognized as a key person in any information center of a library system in the environment The user needs are different to procure suitable information to the library in accordance with the needs of

information seekers is the primary duty of the librarians The success of any information system or library services offer solely depends on how best the libraries understand the needs of the users and maintenance of holdings and the services concerned

NASA DoD aerospace knowledge diffusion research project. Report number 6, The relationship between the use of U.S. government technical reports by U.S. aerospace engineers and scientists and selected institutional and sociometric variables, 1991 A study was undertaken that investigated the relationship between the use of U S government technical reports by U S aerospace engineers and scientists and selected institutional and sociometric variables Survey research is the methodology used for the study Data were collected by means of a self administered mail questionnaire The approximately 34 000 members of the American Institute of Aeronautics and Astronautics AIAA served as the study population The response rate for the survey was 70 percent A dependent relationship was found to exist between the use of U S government technical reports and three of the institutional variables academic preparation years of professional aerospace work experience and technical discipline The use of U S government technical reports was found to be independent of all of the sociometric variables The institutional variables best explain the use of U S government technical reports by U S aerospace engineers and scientists

The multimedia Library James Cabeciras, 1982-01-28 The multimedia Library [Qualitative Research for the Information Professional](#) G. E. Gorman, Peter Robert Clayton, Sydney J. Shep, Adela Clayton, 2005 This established text is the only introduction to qualitative research methodologies in the field of library and information management Its extensive coverage encompasses all aspects of qualitative research work from conception to completion and all types of study in a variety of settings from multi site projects to data organization The book features many case studies and examples and offers a comprehensive manual of practice designed for LIS professionals This new edition has been thoroughly revised and includes three new chapters It has been updated to take account of the substantial growth in the amount and quality of web based information relevant to qualitative research methods and practice and the many developments in software applications and resources The authors have identified a clear need for a new chapter on the evaluation of existing research as a gateway into new research for information professionals The final chapter Human Resources In Knowledge Management takes the form of a model case study and is an ideal qualitative investigation in an information setting It exemplifies many of the approaches to qualitative research discussed in earlier chapters Readership Directed primarily at the beginner researcher this book also offers a practical refresher in this important area for the more experienced researcher It is a useful tool for all practitioners and researchers in information organizations whether libraries archives knowledge management centres record management centres or any other type of information service provider
