on Professional Responsibility and Ethics in Accounting C. Richard Baker,2019-09-30 Devoted to publishing high quality research and cases focusing on professional responsibilities of accountants this volume explores topics such as whistleblowing sustainability reporting and ethical tax standards *Research on Professional Responsibility and Ethics in Accounting* Tara J. Shawver,2024-05-30

Research on Professional Responsibility and Ethics in Accounting Volume 26 explores many aspects across professional responsibility and ethics in accounting including changing auditing approaches whistleblowing fraudulent practices the impact of communications and the impact Covid 19 has had on corporate social responsibility

Giving Voice to Values in Accounting Tara Shawver,William Miller,2018-10-11 There has been much written on the importance of responsibility accounting and integrated reporting to ensure business accountability but not on how to be a responsible accountant As the accounting profession is built on the foundation of maintaining public trust making

the right decisions when faced with a challenging dilemma has a major impact on the long term performance and perception of the firm as well as personal credibility Accountants make judgement calls on a regular basis they are privy to highly confidential information regarding their clients and their clients businesses Unethical earnings management practices can easily lead to falsifying records but how does the accounting professional avoid succumbing to these practices when faced with other pressures Giving Voice to Values in Accounting is the first book to explain the ethical dilemmas faced by accountants in their day to day work and to provide clear guidance for accounting students and professionals in navigating through these issues The Giving Voice to Values GVV framework focuses on resolving ethical conflict by encouraging individuals to act on their values This book provides accounting educators coaches trainers and professionals with both the impetus and the tools to easily implement the GVV offering into their own work their organizations and in the classroom

Encyclopedia of Business Ethics and Society Robert W. Kolb, 2007-08-21 2008 Best Reference Library Journal As a field of study business ethics aims to specify the principles under which businesses must operate to behave ethically Thus business ethics focuses on such issues as those that have recently attracted so much public scrutiny executive compensation honesty in accounting transparency treatment of stakeholders and respect for the environment These are in fact perennial questions that accompany the long history of human economic activity and that will also be present through an indeterminate future The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society that stems from their shared primary concern with value in commerce This Encyclopedia spans the relationships among business ethics and society by including more than 800 entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment Key Features Embraces commerce in all of its ethical and social dimensions Offers comprehensive and fairly lengthy essays on such crucial topics as justice freedom stakeholder theory and regulation Provides very brief essays that introduce important personages in the field while other similarly brief entries explain the nature and function of various organizations Includes contributions from respected authorities in the fields of management psychology sociology communication political science philosophy and other related fields Cross references to other entries in the Encyclopedia and includes a list of references and suggested readings for each article Key Themes Accounting Applied Ethics Corporate Management and the Environment Corporate Powers Organization and Governance Corporations in the Social Sphere Customers and Consumers Economics and Business Employee Issues Environmental Thought Theory Regulation and Legislation Ethical Thought and Theory Finance Gender Age Ethnicity Diversity and Sexual Preference Information Systems International Social and Ethical Issues Justice Legislation and Regulation Management Marketing Organizations Political Theory Thought and Policy Problematic Practices Rights The Encyclopedia of Business Ethics and Society is the premier reference tool for students scholars practitioners and others interested in gaining

knowledge of the role business plays with regard to the environment in which it exists making it a must have resource for all academic libraries

Business Ethics Gael McDonald, 2015 Business Ethics introduces students to ethical issues and decision making in a variety of contemporary contexts The book addresses corporate social responsibility stakeholder management and sustainability It develops an awareness of the many ways in which ethical considerations can manifest in commercial domains thereby helping prepare students for their professional careers

Accounting Ethics Ronald F. Duska, Brenda Shay Duska, Julie Anne Ragatz, 2011-04-08 This new edition of Accounting Ethics has been comprehensively updated to deal with the significant changes within the accounting profession since 2002 the authors systematically explore the new range of ethical issues that have arisen as a result of recent developments including the financial crisis of 2008 Highlights the debates over the use of fair value accounting and principles versus rules based standards Offers a comprehensive overview of ethics in accounting as well as an examination of and recommendations for solving the current crisis in this field Investigates the nature and purpose of accounting Uses concrete examples and case studies including current situations Examines the ethical responsibilities of individual accountants as well as accounting firms

Corporate Boards Robert W. Kolb, Donald Schwartz, 2009-08-25 Corporate Boards Managers of Risk Sources of Risk deals with the highly timely topic of the Corporate Board and its relationship to risk both in terms of its management and its creation Utilizes a multidisciplinary perspective which draws on the fields of economics law business ethics and corporate social responsibility Features a range of topics including the role of corporate boards in overseeing increasingly complex risk management techniques and the ethical dimensions of corporate board behavior in managing risk Of interest to students scholars and firm stakeholders Explores how recent events have also shown that the members of Corporate Boards can be sources of risk

Accounting for the Public Interest Steven Mintz, 2013-10-04 This volume explores the opportunities and challenges facing the accounting profession in an increasingly globalized business and financial reporting environment It

looks back at past experiences of the profession in attempting to meet its public interest obligation It examines the role and responsibilities of accounting to society including regulatory requirements increased emphasis on corporate social responsibility accounting fraud and whistle blowing implications internationalization of public interest obligations and providing the education needed to be successful The book incorporates an ethical dimension in making these assessments Its focus is a conceptual theoretical one drawing on classical philosophy the sociology of professions economic theory and the public interest dimension of accountants as professionals The authors of papers are long time contributors to the annual symposium on Research in Accounting Ethics sponsored by the Public Interest Section of the AAA **Partial Least Squares**

Path Modeling Hengky Latan, Richard Noonan, 2017-11-03 This edited book presents the recent developments in partial least squares path modeling PLS PM and provides a comprehensive overview of the current state of the most advanced research related to PLS PM The first section of this book emphasizes the basic concepts and extensions of the PLS PM method The second section discusses the methodological issues that are the focus of the recent development of the PLS PM method The third part discusses the real world application of the PLS PM method in various disciplines The contributions from expert authors in the field of PLS focus on topics such as the factor based PLS PM the perfect match between a model and a mode quantile composite based path modeling QC PM ordinal consistent partial least squares OrdPLSc non symmetrical composite based path modeling NSCPM modern view for mediation analysis in PLS PM a multi method approach for identifying and treating unobserved heterogeneity multigroup analysis PLS MGA the assessment of the common method bias non metric PLS with categorical indicators evaluation of the efficiency and accuracy of model misspecification and bootstrap parameter recovery in PLS PM CB SEM and the Bollen Stine methods and importance performance map analysis IPMA for nonlinear relationships This book will be useful for researchers and practitioners interested in the latest advances in PLS PM as well as master and Ph D students in a variety of disciplines using the PLS PM method for their projects

Transcending Cultural Frontiers Norhayati Zakaria, Asmat-Nizam Abdul-Talib, Andrea Amelinckx, 2020-07-19 This book focuses on the cultural challenges often faced by international managers and global business operations In the last few decades the world has witnessed unprecedented economic turmoil volatility and uncertainty which has altered the political dynamics and sociocultural landscape around the globe and directly or indirectly affected international business activities Further new markets have opened up in every corner of the world Brazil Russia India and China collectively known as BRIC are strong emerging economic powers similar to the once captivated Asian Tigers such as Hong Kong Singapore South Korea and Taiwan which rose decades ago The emergence of these markets has heightened both the opportunities and challenges for national and international businesses Multinational firms are gradually expanding in the emerging markets and are expected to become giants in the foreseeable future As they expand they also need to assume increasing social responsibilities in a global context and it is important that the ways business is conducted are developed accordingly As such

understanding the practices challenges and strategies that companies have developed is critical to global firm s success Against this background the book highlights the importance of understanding cultural elements when managing multicultural human behaviors in the workplace Based on conceptual and empirical work it pushes the frontiers of knowledge of this emerging field in international business setup and management and explores how globalization is changing the way in which multinational firms formulate their business strategies The editors of this text bring a wealth of expertise in this area as is evidenced by their choice of topics and the strength of the experts they have invited to contribute to the book The combined chapters provide both strategic guidance as well as a focus on operational concerns that may arise in international business including expatriation and human resource mobility The authors not only correctly identify the oncoming challenges but also present evidence regarding the likely solutions such as culture and innovation and global change management Overall this book will be a tremendous resource for scholars in the international business field but I believe the audience will be much wider The international team of editors and authors bring a wide range of perspective as well as real world contextual knowledge that will be useful for scholars and practitioners who seek to leverage culture and human capital to advance international business and drive the global economy I applaud the editors for their vision and leadership in guiding us through one of the most challenging contemporary research areas and through one of the most pressing challenges of our day Dr Richard L Griffith Executive Director Institute for Cross Cultural Management Florida Institute of Technology Melbourne FL USA

Statutory Auditors' Independence in Protecting Stakeholders' Interest Mitrendu Narayan Roy,Siddhartha Sankar Saha,2018-07-20 Corporate failures and accounting scandals have shaken the foundations of investors confidence in the transparency integrity and accountability of corporations and financial markets There have also been public disquiet about the role of professional auditors and audit firms who had been associated with these corporate scandals Written from a global perspective the book assists in understanding the gravity of independent attitude of statutory auditors in protecting stakeholders interest and examines the effectiveness of the existing standards and other legal and regulatory requirements in enforcing statutory auditors independent engagement It then suggests modifications in those regulations The study has been made through seven chapters in order to address empirically statutory auditors independence in protecting stakeholders interest Primary audiences of the book are researchers in finance and control students and professionals in the field of accounting and auditing
