Michener,Mark A.

Lamport,2024-10-24 Postconservative theology may be said to parallel with postliberal theology at its best Orthodox biblical but open to new insights about how to interpret Scripture But the new insights must be faithful as well as fresh Postconservative theology is not the same as progressive theology which tends to lean toward indeterminant faith expressions whereas postconservative allows for particular faith commitments and expressions but understands that the constructive task of theology is never finished Authors emphasize various interpretive theological lenses used for doing theology among various postconservative theologians rather than emphasizing the philosophical background to hermeneutical theory present in other works such as past influential thinkers including Gadamer Grondin Ricoeur Heidegger etc This resource could also function as a companion to Evangelical Theological Method Five Views 2018 This emphasis of the chapters will not be on the nuts and bolts of how to interpret but rather on the theological impulses that govern various lenses Bible cultural context etc for doing theology and the way Scripture functions with respect to the practice of interpretation **Church Dogmatics** Karl Barth,2000-11-01 Described by Pope Pius XII as the most important theologian since Thomas Aquinas the Swiss pastor and theologian Karl Barth continues to be a major influence on students scholars and preachers today Barth s theology found its expression mainly through his closely reasoned fourteen part magnum opus Die Kirchliche Dogmatik Having taken over 30 years to write the Church Dogmatics is regarded as one of the most important theological works of all time and represents the pinnacle of Barth s achievement as a theologian *Revelation and Reason*

Colin E. Gunton,2008-11-20 Colin Gunton was a world renowned scholar systematic theologian and Reformed Church minister *Revelation and Reason* is an in depth analysis derived from the annual lecture seminar course he gave to MA students at King s College London Approximately one third of the work is a direct transcript and analysis of the three two hour lectures Colin Gunton gave at a break neck speed 1 From Reason and Revelation to Revelation And Reason 2 The Modern Problem in an Historical Context 3 Aspects of Karl Barth on Faith And Reason These lectures were a history analysis and critique of *Revelation and Reason* in Systematic Theology and Philosophy culminating with Karl Barth The remainder is a transcript of the unrehearsed unscripted extemporary responses Colin Gunton gave to MA student s papers on set topics in

the Revelation and Reason course seamlessly integrated where relevant with detail from the main three lectures Colin was a creative lecturer and widely read theologian and philosopher These extemporaneous responses show the breadth of his learning and his genius spontaneously to bring to mind relevant ideas from a wealth of theologians and philosophers whilst incisively and piercingly exposing the flaws as well as the strengths under consideration From this wealth of reading Colin gave space to the free rein of his mind particularly when fielding questions or trying to analyze a particular strand of a theologian's thought Revelation and Reason is a complementary volume to Colin Gunton's posthumously published The Barth Lectures Continuum 2007 and to the first volume of his unfinished Systematic Theology also forthcoming from T T Clark

insightful journey into the Church Dogmatics **Lars von Trier's Cinema** Rebecca Ver Straten-McSparran, 2021-11-11 This book offers a bold and dynamic examination of Lars von Trier's cinema by interweaving philosophy and theology with close attention to aesthetics through style and narrative. It explores the prophetic voice of von Trier's films juxtaposing them with Ezekiel's prophecy and Ricoeur's symbols of evil myth and hermeneutics of revelation. The films of Lars von Trier are categorized as extreme cinema inducing trauma and emotional rupture rarely paralleled while challenging audiences to respond in new ways. This volume argues that the spiritual biblical content of the films holds a key to understanding von Trier's oeuvre of excess. Spiritual conflict is the mechanism that unpacks the films' notorious excess with explosive centrifugal force. By confronting the spectator with spiritual conflict through evil, von Trier's films truthfully and prophetically expose the spectator's complicity in personal and structural evil, forcing self-examination through theological themes analogous to the prophetic voice of the transgressive Hebrew prophet Ezekiel, his prophecy and its form of delivery. Placed in context with the prophetic voices of Dante, Milton, Dostoyevsky, O'Connor, and Tarkovsky, this volume offers a theoretical framework beyond von Trier. It will be of great interest to scholars in film studies, film and philosophy, film and theology. **Why Mary Matters** Kristofer Carlson, 2015-02-14 The Virgin Mary is more than just a bit player in the Christmas Pageant. However, if you are indisposed towards the Virgin Mary, perhaps no amount of evidence will change your mind. After all, any number of people have used Sacred Scripture to devise any number of different theological systems, each internally coherent and with great explanatory power. Despite this, one of the unique things about human consciousness is our ability to step outside ourselves to see things from another perspective and to change our minds. I ask you to examine the evidence and to examine the views of people you might normally discard out of hand. If you make the effort, even if you remain unconvinced, you will nonetheless find the process spiritually rewarding. *Reimagining Apologetics* Justin Ariel Bailey, 2020-10-13 How should one proclaim the gospel of Jesus Christ in a secular age? Seeking to infuse apologetics with an appeal to the imagination, the aesthetic, and the affective, Justin Bailey engages with two examples of those who have done apologetics through the imagination: George MacDonald and Marilynne Robinson. *Introducing Christian Theologies, Volume One* Victor I. Ezigbo, 2013-08-21 Should Christianity's theological face remain largely European and North American in the twenty-first century in the wake of the expansion of Christianity in sub-Saharan Africa, Asia, and Latin America? The question about the theological face of Christianity cannot be ignored. For too long, African, Asian, and Latin American theologians have been left out of mainstream theological discussions. Few standard textbooks on Christian theology acknowledge the unique contributions theologians from these continents have made to global Christianity. *Introducing Christian Theologies: Voices from Global Christian Communities* is a two-volume textbook that alters the predominantly European and North American theological face of Christianity by interacting with the voices of the Christian communities from around the globe. *Introducing Christian Theologies* explores the works of key theologians from across the globe, highlighting their unique contributions to Christian

Bender, 2019-06-18 Leading Barth interpreter Kimlyn

A. Carson,John Woodbridge,2005-03-09 Among the many recent discussions of the nature and authority of Scripture I would judge this to be one of the most valuable Particularly in those essays that deal with the actual phenomena of the text of Scripture it displays a level of sophistication and of sympathetic awareness of alternative views that has too often been lacking In contrast to the backs to the wall tone of some conservative defenses of inerrancy these authors write for the most part with the confidence of those who have a coherent and well grounded position to offer The volume will I believe both help to commend Evangelical doctrine to those who suspect it of blind obscurantism and also contribute significantly to mutual understanding among Evangelicals who are too ready to polarize over their different assessments of what it means to honor Scripture as the Word of God R T France Vice Principal London Bible College These thought minded essays are the channel through which conservative scholars must steer for competent interaction with current critical theories for helpful direction in focusing the battle over Scripture and for reflection of conflict areas that Evangelicals must themselves resolve This work rises above the shallow shadow boxing over inerrancy and engages central concerns with academic ability and dignity It puts on the agenda issues that Evangelical leaders must now wrestle Does the Bible contain different kinds of truth Is all divine revelation rational Is the canon really post apostolic No reader will agree with all that is said some will loudly disagree here and there But all students will be stimulated and serious readers edified at the frontiers of current debate Carl F H Henry Lecturer at Large World Vision

Modern Christian Thought: The twentieth century James C. Livingston,Francis Schüssler Fiorenza, This widely acclaimed introduction to modern Christian thought formerly published by Prentice Hall provides full scholarly accounts of the major movements and thinkers theologians and philosophers in the Christian tradition since the eighteenth century Enlightenment together with solid historical background and critical assessments This second edition deals with the entire modern period in both Europe and America and is the first to include extensive treatment of modern Catholic thinkers Evangelical thought and Black and Womanist theology **Inspiration** Gerald O'Collins,2018-06-21 Inspiration Towards a

Christian Interpretation of Biblical Inspiration anchors its study of inspiration firmly in the Scriptures and examines the inspired nature of the Bible and its inspiring impact. Gerald O. Collins begins by examining the classical view of inspiration expounded by Karl Barth and Raymond Collins. He takes up the inspired origin of the Old Testament where earlier books helped to inspire later books before moving to the New Testament which throughout shows the inspiring impact of the inherited Scriptures both in direct citations and in many echoes. The work then investigates the Bible's inspiring influence on Christian worship, preaching, teaching, the visual arts, literature, and life. After a chapter that clarifies the interrelationship between divine revelation, tradition, and inspiration, two chapters expound ten characteristics of biblical inspiration with special emphasis on the inspiring quality of the Bible. O. Collins explains a major consequence of inspiration: biblical truth and the grounds on which the Church canonized the Scriptures. After spelling out three approaches to biblical interpretation—the authorial intention, the role of readers, and the primacy of the text itself—the book ends by setting out ten principles for engaging theologically with the Scriptures. An epilogue highlights two achievements of the book. By carefully distinguishing inspiration from divine revelation and biblical truth, it can deliver readers from false problems. This work also underlines the inspiring effects of the Scriptures as part of the Holy Spirit's work of inspiration.
