Rush,2019-04-16 On a 2001 trip to the cathedrals of Europe anthropologist John Rush and his wife entered St Mark s Basilica in Venice and encountered a mosaic depicting Jesus surrounded by mushrooms with an Amanita muscaria cap in his hand Examining the space with new eyes they discovered images of mushrooms and mind altering plants all over the Basilica Intrigued Dr Rush spent seven years researching and reflecting on the profound effects hallucinogens had on the founding of all three major Western religions He concluded that Judaism Christianity and Islam are political constructions evolving out of the use of not only Amanita muscaria but a plethora of mind altering substances Failed God Fractured Myth in a Fragile World re examines the scriptural stories of Judaism Christianity and Islam as told in the Bible and Qur an and reveals them as concocted mythical charters stemming from drug induced romps with the super natural Rush shows how mind altering substances played an instrumental role in the birth and development of Western religions and explains how they contributed to reports of prophetic experiences including angry and disturbing messages from the divine With chapters on Judaism Christianity and Islam Rush fully addresses the effects of mind altering substances on each tradition convincingly discrediting the idea that they stem from actual human interaction with the divine He also shows how an intoxicated and over zealous Apostle Paul corrupted Jesus s simple message of human

decency forming an oppressive religious system based on fear In a thought provoking conclusion Rush asks how we can continue to attribute authority to traditions that were so clearly irrationally founded and incompatible with today s world

History of the Reformation of the Church of England Gilbert Burnet,1820 *Dostoevsky's Secrets* Carol Apollonio Flath,2009-01-14 When Fyodor Dostoevsky proclaims that he is a realist in a higher sense it is because the facts are irrelevant to his truth And it is in this spirit that Apollonio approaches Dostoevsky s work reading through the facts the text of his canonical novels for the deeper truth that they distort mask and ultimately disclose This sort of reading against the grain is Apollonio suggests precisely what these works with their emphasis on the hidden and the private and their narrative reliance on secrecy and slander demand In each work Apollonio focuses on one character or theme caught in the compromising self serving or distorting narrative lens Who she asks really exploits whom in *Poor Folk* Does *White Nights* ever escape the dream state What is actually lost and what is won in *The Gambler* Is *Svidrigailov* of such ill repute in *Crime and Punishment* in fact an exemplar of generosity and truth Who in *Demons* is truly demonic Here we see how Dostoevsky has crafted his novels to help us see these distorting filters and develop the critical skills to resist their anaesthetic effect Apollonio s readings show how Dostoevsky s paradoxes counter and usurp our comfortable assumptions about the way the world is and offer access to a deeper immanent essence His works gain power when we read beyond the primitive logic of external appearances and recognize the deeper life of the text
