Lord Randal And Other British Ballads

David Atkinson

Lord Randal And Other British Ballads:

Lord Randal and Other British Ballads Francis James Child, 1996-01 Traditional British Ballads, 1955 *The Traditional Tunes of the Child Ballads, Volume 1* Bertrand Harris Bronson, 2015-12-08 This is the musical counterpart to the famous Francis James Child collection of English and Scottish ballads from the 13th to the 19th centuries Professor Child's canon established the texts Professor Bronson's work provides both tunes and texts Originally published in 1959 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **The British Traditional Ballad in North America** Tristram Potter Coffin, Roger deV. Renwick, 2014-07-03 Tristram Potter Coffin's *The British Traditional Ballad in North America* published in 1950 became recognized as the standard reference to the published material on the Child ballad in North America Centering on the theme of story variation the book examines ballad variation in general treats the development of the traditional ballad into an art form and provides a bibliographical guide to story variation as well as a general bibliography of titles referred to in the guide Roger deV Renwick's supplement to *The British Traditional Ballad in North America* provides a thorough review of all sources of North American ballad materials published from 1963 the date of the last revision of the original volume to 1977 The references which include published text fragments and published title lists of items in archival collections are arranged according to each ballad's story variations Textual and thematic comparisons among ballads in the British and American tradition are made throughout In his introductory essay Renwick synthesizes the various theoretical approaches to the phenomenon of variation that have appeared in scholarly publications since 1963 and provides examples from texts referred to in the bibliographical guide itself The supplement like its parent work is an invaluable reference tool for the study of variation in ballad form content and style Together with the reprinted text of the 1963 edition the supplement provides an exhaustive bibliography to the literature on the British traditional ballad in North America *Traditional British Ballads* Bartlett Jere Whiting, 1955 **The British Traditional Ballad in North America** Tristram Potter Coffin, 1963 *English and Scottish Ballads* Francis James Child, 1857 **Popular British ballads ancient and modern, chosen by R.B. Johnson** Reginald Brimley Johnson, 1894 **The Ballad Book. A Selection of the Choicest British Ballads. Edited by W. Allingham** William Allingham, 1864 *English and Scottish Ballads. Selected and Edited by F. J. Child* Francis James Child, 1857 **English and Scottish ballads, selected and ed. by F.J. Child** Francis James Child, 1857 *"The" English and Scottish Popular Ballads* Child, 1898 **English and Scottish Ballads** Child, 1857 **Folk Songs of Middle Tennessee** Charles K. Wolfe, 1997 *Folk Songs of Middle Tennessee* is superior to most collections because Boswell cast a

wide net in his collecting recording many items from people not usually thought of as folksingers and because unlike most collectors of his day he was equally skilled at music and lyric transcription W K McNeil *The Ozark Folk Center* This volume brings together for the first time more than one hundred traditional songs from Middle Tennessee a region that is synonymous in the popular mind with music but one that has been curiously neglected in folksong scholarship The songs presented here were originally collected in the late 1940s and early 1950s by George Boswell a distinguished scholar and field researcher who died in 1995 While living in Nashville Boswell scoured the city and surrounding counties for old ballads and folk songs Sometimes using a wire or tape recorder at other times employing a stenographer he visited numerous singers and transcribed the words and tunes to hundreds of songs Even after moving from Tennessee to assume a teaching position at the University of Mississippi Boswell continued to work on his collection annotating and comparing texts and publishing occasional samples In 1950 he noted that Tennessee virtually alone among southern states had no published collection of its folk songs That has remained the case until now The songs chosen for this book are presented with musical notation and extensive background notes including biographical data on the original informants many of whom were business and professional people and fascinating histories of each song A number of the songs are rare and previously uncollected others are local variants of long popular ballads The publication of this volume the first major collection of southern folk songs in many years is not only a testament to Boswell's scholarship but a marvelous contribution to our understanding of southern folk culture and

A Texas-Mexican Cancionero Américo Paredes, 1995 The folksongs of Texas's Mexican population pulsate with the lives of folk heroes gringos smugglers generals jailbirds and beautiful women In his *cancionero* or songbook Américo Paredes presents sixty-six of these songs in bilingual text along with their music notes on tempo and performance and discography Manuel Peña's new foreword situates these songs within the main currents of Mexican American music

Death and Burial Lore in the English and Scottish Popular Ballads Lowry Charles Wimberly, 1927

The English Traditional Ballad David Atkinson, 2017-07-05 Ballads are a fascinating subject of study not least because of their endless variety It is quite remarkable that ballads taken down or recorded from singers separated by centuries in time and by hundreds of kilometres in distance should be both different and yet recognizably the same In *The English Traditional Ballad* David Atkinson examines the ways in which the body of ballads known in England make reference both to ballads from elsewhere and to other English folk songs The book outlines current theoretical directions in ballad scholarship structuralism traditional referentiality genre and context print and oral transmission and the theory of tradition and revival These are combined to offer readers a method of approaching the central issue in ballad studies the creation of meaning's out of ballad texts Atkinson focuses on some of the most interesting problems in ballad studies the wit combat in versions of *The Unquiet Grave* variable perspectives in comic ballads about marriage incest as a ballad theme problems of feminine motivation in ballads like *The Outlandish Knight* and *The Broomfield Hill* murder ballads and murder in other instances of

early popular literature Through discussion of these issues and themes in ballad texts the book outlines a way of tracing tradition s in English balladry while recognizing that ballad tradition is far from being simply chronological and linear
