**Notions of Otherness** Mark Axelrod-Sokolov,2019-04-30 One can approach the notion of otherness or alterity in various ways politically aesthetically ethically culturally religiously and sexually Writing in Saylor org Lilia Melani defined the other as an individual who is perceived by the group as not belonging as being different in some fundamental way Any stranger becomes the Other The Other in a society may have few or no legal rights may be characterized as less intelligent or as immoral and may even be regarded as sub human The collection of essays *Notions of Otherness* addresses many of these approaches as ways of interrogating how varied yet how similar they are in relation to the individual literary texts *D. H. Lawrence* Paul Poplawski,1996-06-24 D H Lawrence remains one of the most popular and studied authors of the 20th century This book is a comprehensive but easy to use reference guide to Lawrence s life works and critical reception The volume has been systematically structured to convey a coherent overall sense of Lawrence s achievement and critical reputation but it is also designed to enable the reader who may be interested in only one aspect of Lawrence s career perhaps even in only one of his novels or stories to find relevant information quickly and easily without having to read other parts of the text The book begins with an original biography by John Worthen one of the world s foremost authorities on Lawrence s life and work The chapters that follow provide separate entries for all of Lawrence s works except for individual poems and paintings with critical summaries discussions of characters and details of settings There is also a complete overview of Lawrence and film with the most complete listing available of film adaptations of his works and of criticism relating to them Each section of the book provides comprehensive primary and secondary bibliographical data including citations for the most recent scholarly studies Maps and chronologies further trace Lawrence s travels and his development over time **Revolution and**

**Ideology** John A. Britton,2021-09-15 Mexico and the United States share a border of more than 2 000 miles and their histories and interests have often intertwined The Mexican Revolution which began in 1910 and continued in one form or another for the next thirty years was keenly observed by U S citizens especially those directly involved in Mexico through property ownership investment missionary work tourism journalism and education It differed from many other revolutions in this century in that Marxist Leninist theory was only one of many radical and reformist influences Historian John A Britton examines contemporary accounts written by Americans commenting on social upheaval south of the border radical writers

John Reed Anita Brenner and Carlton Beals novelists Katherine Anne Porter and D H Lawrence social critics Stuart Chase and Waldo Frank and banker diplomat Dwight Morrow to mention a few Their writings constitute a valuable body of information and opinion concerning a revolution that offers important parallels with liberation movements throughout the world today Britton's sources also shed light on the many contradictions and complexities inherent in the relationship between the United States and Mexico

American and British Writers in Mexico, 1556-1973 Drewey Wayne Gunn, 2014-07-03 American and British Writers in Mexico is the study that laid the foundation upon which subsequent examinations of Mexico's impact upon American and British letters have built Chosen by the Mexican government to be placed in translation in its public libraries the book was also referenced by Nobel Laureate Octavio Paz in an article in the New Yorker Reflections Mexico and the United States Drewey Wayne Gunn demonstrates how Mexican experiences had a singular impact upon the development of English writers beginning with early British explorers who recorded their impressions for Hakluyt's Voyages through the American Beats who sought to escape the strictures of American culture Among the 140 or so writers considered are Stephen Crane Ambrose Bierce Langston Hughes D H Lawrence Somerset Maugham Katherine Anne Porter Hart Crane Malcolm Lowry John Steinbeck Graham Greene Tennessee Williams Saul Bellow William Carlos Williams Robert Lowell Ray Bradbury Allen Ginsberg William Burroughs and Jack Kerouac Gunn finds that while certain elements reflecting the Mexican experience colors landscape manners political atmosphere a sense of the alien are common in their writings the authors reveal less about Mexico than they do about themselves A Mexican sojourn often marked the beginning the end or the turning point in a literary career The insights that this pioneering study provide into our complex cultural relationship with Mexico so different from American and British authors encounters with Continental cultures remain vital The book is essential for anyone interested in understanding the full range of the impact of the expatriate experience on writers

**Burning Man** Frances Wilson, 2025-08-22 Shortlisted for the James Tait Black Prize An electrifying revelatory new biography of D H Lawrence with a focus on his difficult middle years Never trust the teller wrote D H Lawrence trust the tale Everyone who knew him told stories about Lawrence and Lawrence told stories about everyone he knew He also told stories about himself again and again a pioneer of autofiction no writer before Lawrence had made so permeable the border between life and literature In Burning Man The Trials of D H Lawrence acclaimed biographer Frances Wilson tells a new story about the author focusing on his decade of superhuman writing and travel between 1915 when The Rainbow was suppressed following an obscenity trial and 1925 when he was diagnosed with tuberculosis Taking after Lawrence's own literary model Dante and adopting the structure of The Divine Comedy Burning Man is a distinctly Lawrentian book one that pursues Lawrence around the globe and reflects his life of wild allegory Eschewing the confines of traditional biography it offers a triptych of lesser known episodes drawn from lesser known sources including tales of Lawrence as told by his friends in letters memoirs and diaries Focusing on three turning points in Lawrence's pilgrimage his

crises in Cornwall Italy and New Mexico and three central adversaries his wife Frieda the writer Maurice Magnus and his patron Mabel Dodge Luhan Wilson uncovers a lesser known Lawrence both as a writer and as a man Strikingly original superbly researched and always revelatory *Burning Man* is a marvel of iconoclastic biography With flair and focus Wilson unleashes a distinct perspective on one of history's most beloved and infamous writers **Carr, O'Keeffe, Kahlo** Sharyn Rohlfen Udall, 2000-01-01 Carr a Canadian O'Keeffe an American and Kahlo a Mexican were not close during their lives but Udall an independent art historian in Santa Fe New Mexico in this carefully reasoned and illuminating study effectively brings many aspects of the artists works together to demonstrate a kind of zeitgeist they shared as women developing often surprisingly similar non traditional themes in the 1920s Links between their works are developed in the areas of nationalism identity gender nature and self through discussion of their paintings psychology and artistic influences Annotation copyrighted by Book News Inc Portland OR **A Bibliography of D. H. Lawrence** Warren Roberts, Paul Poplawski, 2001-04-19 This pre eminent bibliography for D H Lawrence was extensively revised updated and expanded by Paul Poplawski for publication in 2001 *Lawrence, Greene and Lowry* Douglas W. Veitch, 2006-01-01 When writers go on journeys it is as often to explore the terra incognita of their own selves as to establish the identities of strange lands in the case of many English novelists between the great wars it was certainly true as Douglas Veitch remarks in the study I am introducing that their work even as it essayed the exotic cast an eye homeward and inward and that they roamed the world seeking surcease from a prevailing malaise which doubted the values of Western Civilization Mr Veitch has taken this vital element in the three novels *The Plumed Serpent* *The Power and the Glory* and *Under The Volcano* and has used it not merely to examine these works themselves but also to sketch out the ambivalent role which landscape plays in all fiction as omnipresent background but also as a rich source of symbols and images reflecting the human drama which a book develops He has as he more than once makes clear done more than read all the relevant literature he has himself travelled to Mexico in order to see and experience the extraordinary terrain and as I can vouch on the basis of my own knowledge of that infinitely attractive and repellent country he used his senses well while he was there from the Introduction by George Woodcock *The Nation* ,1953
