contain deeper meanings or subtext and are increasingly covering serious subject matter This book thus explores how horror is utilised as a tool to explore social and political anxieties of the cultural moment and is thus presented as a site for contestation exploration and expansion to discuss present day fears It demonstrates how contemporary horror reflects the horror of modern day life be it political biological social or environmental A vital contribution to studies of the horror genre in contemporary culture and the effect it has on social anxieties in a threatening and seemingly apocalyptic time for the world this is a vital text for students and researchers in popular culture film television and media studies Discount Airfares and Frequent Flyer Programs United States.
