

"A fresh, hilarious must read. . . . [*Losers*] is a winner." —*Time*

The word "LOSERS" is written in large, bold, blue capital letters. Each letter has a caricature of a man's head placed on top of it. From left to right: the 'L' has a man with a bandage on his forehead; the first 'O' has a man with a black eye; the 'S' has a man with glasses; the 'E' has a man with a bandage on his cheek; the 'R' has a man with a headband; and the final 'S' has a man with glasses.

**Protecting the Presidential Candidates** Mel Ayton, 2021-11-24 *Protecting the Presidential Candidates* is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles from JFK to Biden It is also the first book of its kind to tell the story of the role of state troopers and private bodyguards in protecting presidential candidates Protection for candidates changed and evolved from the free wheeling style of the 1950s and early 1960s which afforded presidential candidates little or no protection to the growth of bodyguard personnel increased intelligence facilities and state of the art technology employed today to keep the candidates safe Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place themselves between a presidential candidate and a would be attacker In the milieu in which the Secret Service operates bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters rode in open top cars and made

sudden but risky changes to their schedules oblivious to the fact that in every campaign there have been people stalking candidates with ill intent Many stories revealed in Protecting the Presidential Candidates have remained largely hidden from the public some buried in newspaper archives and others in oral histories presidential libraries or official government documents The author draws on numerous sources including FBI files presidential biographies vice presidential biographies civilian bodyguard memoirs Secret Service agent memoirs White House staff memoirs and more so that these stories can now be told The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them Some candidates were so trusting of their bodyguards they embraced them as part of an inner circle of advisers Bodyguards have also witnessed embarrassing moments in a candidate s campaign and how intrusive they have been at the most delicate of moments The president s day is your day one agent said Nobody sees the president the way an agent does

The Wolves of K Street Brody Mullins,Luke Mullins,2025-05-13 A dazzling and infuriating portrait of fifty years of corporate influence in Washington The Wolves of K Street is a not so guilty pleasure The New York Times irresistibly dramatic spectacularly timely explosive in its revelations and impossible to put down In the 1970s Washington s center of power began to shift away from elected officials in big marble buildings to a handful of savvy handsomely paid operators who didn t answer to any fixed constituency The cigar chomping son of an influential congressman an illustrious political fixer with a weakness for modern art a Watergate era dirty trickster the city s favorite cocktail party host these were the sort of men who now ran Washington Over four decades they d chart new ways to turn their clients cash into political leverage abandoning favor trading in smoke filled rooms for increasingly sophisticated tactics such as shadow lobbying where underground campaigns sparked seemingly organic public outcries to pressure lawmakers into taking actions that would ultimately benefit corporate interests rather than ordinary citizens With billions of dollars at play these lobbying dynasties enshrined in Washington a pro business consensus that would guide the country s political leaders Democrats and Republicans alike A good lobbyist could ghostwrite a bill or even secretly kill a piece of legislation supported by the president both houses of Congress and a majority of Americans Yet nothing lasts forever Amid a populist backlash to the soaring inequality these influence peddlers helped usher in DC s pro business alliance suddenly began to fray And while the lobbying establishment would continue to invent new ways to influence Washington the men who d built K Street would soon find themselves under legal scrutiny on the verge of financial collapse or worse One would turn up dead behind the eighteenth green of an exclusive golf club with a 1 500 bottle of wine at his feet and bullet in his head An absorbing The Atlantic engrossing and meticulously researched tale The Guardian brought to life with novelistic detail and considerable narrative skill The New York Times The Wolves of K Street is essential reading for anyone looking to understand how corporate interests are undermining American democracy
