Wayne County's Lost River Settlements Cletis R. Ellinghouse, 2008-07-23 Wayne Countys Lost River Settlements is a history of six hamlets in southeastern Missouri that were destroyed by the government to clear the landscape for development of Lake Wappapello on the St Francis River in the late 1930s Several of the profitable river bottom homesteads had been in the families for well over 100 years but with nothing else to do the evicted farmers moved on reluctantly in what became the greatest upheaval in the history of the county With so much of Wayne Countys assessed valuation lost in the government buyout it was feared remaining tax revenues would be inadequate to support essential services and that the countys various parts by necessity soon would be attached to adjoining counties That didnt happen but citizens at the doomed county seat Greenville struggled through an ordeal of pain and uncertainty that went on for several months before finally coming to an agreement to build a new town outside the flood plain Greenvilles turmoil and fight for survival is covered in the concluding segment of the book It lives on as the county seat in its new location but little is known today of the lost settlements Chaonia Taskee Ojibway Bethel Center Ridge and Kime each near the other and all at the time of their destruction closely aligned by blood and marriage which gives added significance to the discovery of the papers of Henry Yeakley Mabrey 1836 1915 who spent his childhood at Kime and for the greater part of the rest of his life resided a few miles to the south at Center Ridge which was just north of Chaonia whose birth he witnessed in 1888 Chaonia a railroad town became the trading center for one of the richest farming areas in the southeastern part of the state Much of what is known of the settlements formative years is based on information gleaned from the Mabrey papers which include school church governmental and Civil War journals as well as diaries letters and personal notes Mr Mabrey a teacher served in a number of political posts including two terms as commissioner of public schools and two terms as probate judge of Wayne County The author brings a unique perspective to the story since he has lived with it since early childhood As he states in the preface of the book My involvement my yen to write about these people was possibly ordained for I had heard much chatter about many of the families and of course the lost settlements while growing up at Greenville It is his hope his work brings a measure of honor if not appreciation to the families in the lost settlements whose sacrifices for the common good were for the most part made without fanfare or public notice

Smith, 2021 Hamburg is perhaps South Carolina's most famous ghost town. Founded in 1821 it grew to four thousand residents before transportation advances led to decline. During Reconstruction recently freed slaves reshaped Hamburg into a freedmen's village where residents held local county and state offices. These gains were wiped away after the Hamburg Massacre in 1876 a watershed event that left seven African Americans dead most of them executed in cold blood. Yet more than a century after Hamburg the one white supremacist killed in the melee is canonized by the racially divisive Meriwether Monument in downtown North Augusta. Author Michael Smith details the amazing events that created this unique community with a lasting legacy. From back cover

Soon after that the hills of Westtown became the testing grounds for the Flexible Flyer America's original steerable sled. These are among the extraordinary stories too often lost to Chester County's history. Hinds, 2019-03-18 The nineteenth century was the golden age of the circus in Ohio. Before the Ringling brothers became synonymous with the American circus Cincinnati's John Robinson and the Sells brothers of Columbus wowed audiences with stunning equestrian feats and aerial exploits. For good measure the Sells brothers threw in a sharpshooting show with a young Ohio woman by the name of Annie Oakley. The Walter L. Main Circus of Geneva and a number of smaller shows presented their own unique spectacles with exotic animals and daring acrobats. But for all the fun and games Ohio's circus industry was serious business. As competition intensified advertising wars erupted and acquisitions began. Eventually Ringling Brothers swallowed many of these circuses one by one and they dropped out of memory. Author Conrade C. Hinds brings this fascinating piece of Ohio show business back into the spotlight. *The lost solar system of the ancients discovered. **The Oxford Handbook of Restoration Literature** Matthew C. Augustine,Steven N. Zwicker,2024-11-06 *The Oxford Handbook of Restoration Literature* begins by asking if there was a distinctive literature of the Restoration For a long time the answer seemed obvious heroic drama libertine comedy scandalous lyrics and the short but brilliant career of John Wilmot earl of Rochester Could there be an age when the coincidence of literary culture and political rule were any more obvious But as this Handbook will remind us some of the most wonderful literature of this Restoration came from writers who had lived across the decades of turbulence and into an age when the Stuart kings

returned when the Church and House of Lords were restored a world made safe for bishops and for the memory of divine right rule Of course these returns and restorations did not meet with uniform celebration John Milton wrote his great epic poems not in quiet submission but in a kind of resistance to the dominant culture of the 1660s and Andrew Marvell produced his most brilliant satiric verse by holding up a looking glass to court corruption and Anglican intolerance So we begin with the most obvious conclusion Restoration literature does and does not fit to the categories that so long defined the late Stuart age This book explores and contests challenges and reimagines the experience embodied by the writing of the late Stuart world and invites readers new to this world and those who have often read its literatures to the pleasures but as well to the challenges and discomforts of its texts
