invented by white pilgrims seekers and propagandists who headed deep into America's south in search of an authentic black voice of rage and redemption In their quest and in the immense popularity of the music they championed we confront America's ongoing love affair with racial difference

The Invention and Reinvention of Big Bill Broonzy Kevin D. Greene,2018-09-28 Over the course of his long career legendary bluesman William Big Bill Broonzy 1893 1958 helped shape the trajectory of the genre from its roots in the rural Mississippi River Delta through its rise as a popular genre in the North to its eventual international acclaim Along the way Broonzy adopted an evolving personal and professional identity tailoring his self presentation to the demands of the place and time His remarkable professional fluidity mirrored the range of expectations from his audiences whose ideas about race national belonging identity and the blues were refracted through Broonzy as if through a prism Kevin D Greene argues that Broonzy s popular success testifies to his ability to navigate the cultural expectations of his different audiences However this constant reinvention came at a personal and professional cost Using Broonzy s multifaceted career Greene situates blues performance at the center of understanding African American self presentation and racial identity in the first half of the twentieth century Through Broonzy s life and times Greene assesses major themes and events in African American history including the Great Migration urbanization and black expatriate encounters with European culture consumers Drawing on a range of historical source materials as well as oral histories and personal archives held by Broonzy s son Greene perceptively interrogates how notions of race gender and audience reception continue to shape concepts of folk culture and musical authenticity

A New History of American and Canadian Folk Music Dick Weissman,2019-09-05 Building on his 2006 book Which Side Are You On Dick Weissman s A New History of American and Canadian Folk Music presents a provocative discussion of the history evolution and current status of folk music in the United States and Canada North American folk

music achieved a high level of popular acceptance in the late 1950s. When it was replaced by various forms of rock music, it became a more specialized musical niche fragmenting into a proliferation of musical styles. In the pop folk revival of the 1960s, artists were celebrated or rejected for popularizing the music to a mass audience. In particular, the music seemed to embrace a quest for authenticity which has led to endless explorations of what is or is not faithful to the original concept of traditional music. This book examines the history of folk music into the 21st century and how it evolved from an agrarian style as it became increasingly urbanized. Scholar-performer Dick Weissman, himself a veteran of the popularization wars, is uniquely qualified to examine the many controversies and musical evolutions of the music, including a detailed discussion of the quest for authenticity and how various musicians, critics, and fans have defined that pursuit.

To Know the Soul of a People Jamil W. Drake, 2022. *To Know the Soul of a People* is a history of religion and race in the agricultural South before the Civil Rights era. Jamil W. Drake chronicles a cadre of social scientists who studied the living conditions of black rural communities, revealing the abject poverty of the Jim Crow South. These university-affiliated social scientists documented shotgun houses, unsanitary privies, and contaminated water, scaly hands, enlarged stomachs, and malnourished bodies. However, they also turned their attention to the spiritual possessions, chanted sermons, ecstatic singing, conjuration, dreams, and visions, fortune telling, taboos, and other religious cultures of these communities. These scholars aimed to illuminate the impoverished conditions of their subjects for philanthropic and governmental organizations, as well as the broader American public in the first half of the 20th century, especially during the Great Depression. Religion was integral to their efforts to chart the long economic depression across the South. From 1924 to 1941, Charles Johnson, Guy Johnson, Allison Davis, Lewis Jones, and other social scientists framed the religious and cultural practices of the black communities as folk practices, aiming to reform them and the broader South. Drawing on their correspondence, fieldnotes, and monographs, Drake shows that social scientists' use of folk reveals that religion was an important site for highlighting the supposed mental, moral, and cultural deficits of America's so-called folk population. Moreover, these social scientists did not just pioneer rural social science and reform but used their study of religion to plant the seeds of the concept that would become known as the culture of poverty in the latter half of the twentieth century. *To Know the Soul of a People* is an exciting intellectual history that invites us to explore the knowledge that animated the earnest yet shortsighted liberal efforts to reform black and impoverished communities.

Nothing but Love in God's Water Robert Darden, 2014-10-21. The first of two volumes chronicling the history and role of music in the African American experience, *Nothing but Love in God's Water* explores how songs and singers helped African Americans challenge and overcome slavery, subjugation, and suppression. From the spirituals of southern fields and the ringing chords of black gospel to the protest songs that changed the landscape of labor and the cadences sung before dogs and water cannons in Birmingham, sacred song has stood center stage in the African American drama. Myriad interviews, one-of-a-kind sources, and rare or lost recordings are used to examine this enormously persuasive

facet of the movement Nothing but Love in God s Water explains the historical significance of song and helps us understand how music enabled the civil rights movement to challenge the most powerful nation on the planet *Folk Music* Ronald D.
