Lost Tombs Manniche, 2014-02-24 First published in 1988 The Theban private tombs form a major source for our knowledge of Egyptian society Ostensibly a great amount of work has been done in the necropolis over the past one hundred and sixty years of its modern history and the bibliography for this area is among the most extensive in Egyptology Many of the 415 or so decorated tombs have received a full publication but for a great number only selected scenes have been made available and a surprising amount remains to all intents and purposes unpublished The present study is concerned with a number of painted tombs of the Eighteenth dynasty which were visited by the early travellers but the exact location of which is now unknown The careful drawings and tracings made by these pioneers are apparently all that remains to show the appearance of these tombs Some of the scenes represented are not found elsewhere in the necropolis and others have special points of interest or unique details linguistic iconographic and religious to offer This very important material has not previously been used by scholars and it has not been recognized that fragments of some of these vanished tombs can actually be traced to collections in museums and elsewhere Gournes, Pediada Calliope E. Remembering the Dead in the

Ancient Near East Benjamin W. Porter, Alexis T. Boutin, 2014-10-15 Remembering the Dead in the Ancient Near East is among the first comprehensive treatments to present the diverse ways in which ancient Near Eastern civilizations memorialized and honored their dead using mortuary rituals human skeletal remains and embodied identities as a window into the memory work of past societies In six case studies teams of researchers with different skillsets osteological analysis faunal analysis culture history and the analysis of written texts and artifact analysis integrate mortuary analysis with bioarchaeological techniques Drawing upon different kinds of data including human remains ceramics jewelry spatial analysis and faunal remains found in burial sites from across the region s societies the authors paint a robust and complex picture of death in the ancient Near East Demonstrating the still underexplored potential of bioarchaeological analysis in ancient societies Remembering the Dead in the Ancient Near East serves as a model for using multiple lines of evidence to reconstruct commemoration practices It will be of great interest to students and scholars of ancient Near Eastern and Egyptian societies the archaeology of death and burial bioarchaeology and human skeletal biology **Land of Our Fathers** Francesca Stavrakopoulou, 2011-04-17 The biblical motif of a land divinely promised and given to Abraham and his descendants is argued to be an ideological reflex of post monarchic territorial disputes between competing socio religious groups The important biblical motif of a Promised Land is founded upon the ancient Near Eastern concept of ancestral land hereditary space upon which families lived worked died and were buried An essential element of concept of ancestral land was the belief in the post mortem existence of the ancestors who were venerated with grave offerings mortuary feasts bone rituals and standing stones The Hebrew Bible is littered with stories concerning these practices and beliefs yet the specific correlation of ancestor veneration and certain biblical land claims has gone unrecognized The book remedies this in presenting evidence for the vital and persistent impact of ancestor veneration upon land claims It proposes that ancestor veneration which formed a common ground in the experiences of various socio religious groups in ancient Israel became in the Hebrew Bible an ideological battlefield upon which claims to the land were won and lost Visualizing Ancestry in the High and Late Middle Ages Joan A. Holladay, 2019-01-17 Appearing in all figural media from the mid twelfth century family trees and lineages made political claims for their patrons *American Sorcerer* Jack Cary, 2009-05-28 This book presents here for the first time a potent new system for the practical application of magick techniques This is the first book to synthesize the U S military s remote viewing techniques with modern chaos magick theory and practice creating a powerful new paradigm of magickal application This new system seeks to correctly harness human psychic functioning using scientific controls and protocols developed by America s top secret Stargate program and chaos magick techniques Included are chapters on the astonishing true origins of magick and witchcraft the secret conflict now taking place on this planet and the use of magick to effectively target all types of paranormal phenomena **Who is Jesus?** Dr. H. A. Morsi, 2021-10-22 Abraham Moses Jesus and Muhammad are the primary sources of information and are the windows through which the children of Abraham in Judaism

Christianity and Islam see God learn and reflect This book tries to separate fact from fiction in dealing with the birth life mission and death of Jesus of Nazareth the great prophet and Messiah Based on first hand knowledge by arranging dozens of lectures dialogues and debates the author skillfully navigates what historians said about Jesus and what the New Testament and the Quran also said about Jesus Most importantly how did Jesus his contemporaries and his disciples view his mission on Earth The book also tracks the new discoveries that came to light within the last century about Jesus Mary Magdalene the Gospel of Thomas the Jesus Seminar and the Gospel of Jesus s wife The book documents the story of the Talpiot Tomb discovered in March 1980 outside Jerusalem The tomb was proved to belong to the second temple period 538 BC 70 CE The book also investigates the claim by James Cameron and Simcha Jacobovici that this tomb contained the remains of Jesus and Mary Magdalene as well as the remains of a child that belonged to them
