Lost Wisdom Abbas Milani, 2004 In the essays collected here Abbas Milani uses an impressive array of cross disciplinary Western and Iranian theories and texts to investigate the crucial question of modernity in Iran today He offers a wealth of new insights into the thousand year old conflict in Iran between the search for modernity and the forces of religious obscurantism The essays trace the roots of Shiite Islamic fundamentalism and offer illuminating accounts of the work of Iranian intellectuals both men and women and their artistic movements as they struggle to find a new path toward a genuine modernity in Iran that is congruent with Iran's rich cultural heritage This book challenges the hitherto accepted theory that modernity and its related concepts of democracy and freedom are Western in essence It also demonstrates that Iran and the West have more that brings them together than separates them in their search for such modern ideals as rationalism the rule of law and democracy

Modernity, Sexuality, and Ideology in Iran Kamran Talattof, 2011-06-01 In Iran since the mid nineteenth century one issue has been a common concern how should Iran become modern More than a century of struggle for or against modernity has constituted much of the social political and cultural history of the country In the decades since the 1979 Revolution the question has become even more critical In *Modernity Sexuality and Ideology in Iran* Talattof finds that the process of modernity never truly unfolded due in large part to Iran's reluctance to embrace the seminal subjects of gender and sexuality Talattof's approach reflects a unique look at modernity as advancement not only in industry and economy but also toward an open intellectual discourse on sexuality Exploring the life and times of Shahrzad a dancer actress filmmaker and poet Talattof illuminates the country's struggle with modernity and the ideological traditional and religious resistance against it Born in 1946 she performed in several theater productions became an acclaimed film star in the 1970s and pursued a career as a journalist and poet Following the revolution she was imprisoned and eventually became homeless on the streets of Tehran Her success and eventual decline as a female artist and entertainer illustrate the conflict between modernity and tradition

and Iran's failure to embrace an overt expression of sexuality Talattof also profiles several other female artists of the 1970s analyzing their lives and work as windows through which to examine what Iranian culture allowed and what it repudiated A pioneering and timely work *Modernity Sexuality and Ideology in Iran* explores the integral role of popular culture and female artists in the shaping of modern Iran constructing a new framework for understanding such crucial concepts as ideology and modernity

Beyond Shariati Siavash Saffari, 2017-02-16 Ali Shariati 1933-77 has been called by many the ideologue of the Iranian Revolution An inspiration to many of the revolutionary generation Shariati's combination of Islamic political thought and Left leaning ideology continues to influence both in Iran and across the wider Muslim world In this book Siavash Saffari examines Shariati's long standing legacy and how new readings of his works by contemporary neo Shariatis have contributed to a deconstruction of the false binaries of Islam modernity Islam West and East West Saffari argues that through their critique of Eurocentric metanarratives on the one hand and the essentialist conceptions of Islam on the other Shariati and neo Shariatis have carved out a new space in Islamic thought beyond the traps of Orientalism and Occidentalism This unique perspective will hold great appeal to researchers of the politics and intellectual thought of post revolutionary Iran and the greater Middle East

President Ahmadinejad drained its perpetrators of political and religious legitimacy and has opened the door to other faiths. This book sets the rapid church growth in Iran in the context of the deteriorating relationship between Iranians and their national religion. There is a major focus on the Ahmadinejad years but the author also covers the history of the church before 1979, picking up on the central idea that the spark may have become buried in the ashes but has never been extinguished. The book is careful, proportionate, well informed and accurate. Throughout the text there will be boxes with stories of faith, persecution and encouragement.

Words, Not Swords Farzaneh Milani, 2011-05-16. A woman not only needs a room of her own, as Virginia Woolf wrote, but also the freedom to leave it and return to it at will. For a room without that right becomes a prison cell. The privilege of self-directed movement, the power to pick up and go as one pleases, has not been a traditional right of Iranian women. This prerogative has been denied them in the name of piety, anatomy, chastity, class, safety, and even beauty. It is only during the last 160 years that the spell has been broken and Iranian women have emerged as a moderating, modernizing force. Women writers have been at the forefront of this desegregating movement and renegotiation of boundaries. **Words Not Swords** explores the legacy of sex segregation and its manifestations in Iranian literature and film, and in notions of beauty and the erotics of passivity. Milani expands her argument beyond Iranian culture, arguing that freedom of movement is a theme that crosses frontiers and dissolves conventional distinctions of geography, history, and religion. She makes bold connections between veiling and foot binding, between Cinderella and Barbie, between the figures of the female Gypsy and the witch. In so doing, she challenges cultural hierarchies that divert attention from key issues in the control of women across the globe.

Orientalism Versus Occidentalism Laetitia Nanquette, 2017-02-28. This book highlights the role of cultural representations and perceptions, such as when Iran is represented in the French media as a rogue state obsessed with its nuclear programme, and when France is portrayed in the Iranian media as a decadent and imperialist country. Here Laetitia Nanquette examines the functions, processes, and mechanisms of stereotyping and

imagining the other that have pervaded the literary traditions of France and Iran when writing about each other She furthermore analyzes Franco Iranian relations by exploring the literary traditions of this relationship the ways in which these have affected individual authors and how they reflect socio political realities With themes that feed into popular debates about the nature of Orientalism and Occidentalism and how the two interact this book will be vital for researchers of Middle Eastern literature and its relationship with writings from the West as well as those working on the cultures of the Middle East

Heaven on Earth Sadakat Kadri, 2025-06-25 Heaven on Earth is a vivid revealing and essential narrative history of shari a law the widely contested and misunderstood code of Islamic justice and how the application of its concepts has changed over time and with it the face of Islam Some fourteen hundred years after the Prophet Muhammad first articulated God s law the shari a its earthly interpreters are still arguing about what it means Hard liners reduce it to amputations veiling holy war and stonings Others say that it is humanity s only guarantee of a just society And as colossal acts of terrorism made the word shari a more controversial than ever in the early twentieth century the legal historian and human rights lawyer Sadakat Kadri realized that many people in the West harbored ideas

about Islamic law that were hazy or simply wrong Heaven on Earth describes his journey through ancient texts and across modern borders in search of the facts behind the myths Kadri brings lucid analysis and enlivening wit to the turbulent story of Islam's foundation and expansion showing how the Prophet Muhammad's teachings evolved gradually into concepts of justice Traveling the Muslim world to see the shari'a's principles in action he encounters a cacophony of legal claims At the ancient Indian grave of his Sufi ancestor unruly jinns are exorcised in the name of the shari'a In Pakistan's madrasas stern scholars ridicule his talk of human rights and demand explanations for NATO drone attacks in Afghanistan In Iran he hears that God is forgiving enough to subsidize sex change operations but requires the execution of Muslims who change religion Yet the stories of compulsion and violence are only part of a picture that also emphasizes compassion and equity Many of Islam's first judges refused even to rule on cases for fear that a mistake would damn them and scholars from Delhi to Cairo maintain that governments have no business enforcing faith The shari'a continues to shape explosive political events and the daily lives of more than a billion Muslims Heaven on Earth is a brilliantly iconoclastic tour through one of humanity's great collective intellectual achievements and an essential guide to one of the most disputed but least understood controversies of modern times
