The Thinking Machine Jacques Futrelle, 2023-06-06 This entertaining short story collection features Professor Augustus S F X Van Dusen nicknamed The Thinking Machine a brilliant but abrasive scientist who proves time and again that any puzzle can be solved by the application of logic Could you

beat the world chess master in one try if you d never played or studied the game Or plot and execute a successful escape from an inescapable prison cell And could you do it at the turn of the twentieth century without benefit of modern technology Sound impossible Never use that word in the presence of The Thinking Machine it angers him greatly and does not give him a favorable impression of the user Professor Augustus S F X Van Dusen knows that both feats are indeed possible having accomplished them himself But he also applies his superior intellect and deductive reasoning to more official ends namely helping the police solve impossible crimes With assistance from reporter Hutchinson Hatch who is only too happy to suggest potential cases and then write about the outcome The Thinking Machine proves that no puzzle is unsolvable not corporate espionage nor a kidnapped baby nor a pilfered necklace And certainly not a perfect murder *Professor Augustus Van Dusen: 49 Detective Mysteries in One Edition* Jacques Futrelle,2023-11-28 In Professor Augustus Van Dusen 49 Detective Mysteries in One Edition Jacques Futrelle presents an engaging anthology that showcases the cerebral sleuthing of Professor Augustus Van Dusen also known as The Thinking Machine This collection is marked by Futrelle s characteristic wit and sharp narrative style blending intricate plots with intellectual puzzles that invite readers into a world where logic and deduction reign supreme The stories reflect the early 20th century fascination with scientific rationalism and the detective genre drawing parallels to contemporaries like Arthur Conan Doyle but with a unique emphasis on psychological complexity and the machinations of the human mind Jacques Futrelle an esteemed author and pioneer of the detective fiction genre crafted the Van Dusen stories during a time of burgeoning interest in logical reasoning and scientific inquiry His background in engineering and a passion for storytelling greatly influenced the construction of the narratives where each mystery is not just a problem to be solved but an exploration of the characters motivations and intellects embodying Futrelle s belief in the power of reason over brute force For readers who appreciate intricately woven mysteries steeped in intellectual challenge and psychological depth this collection is a must read Futrelle s masterful storytelling and the Professor s enigmatic charm ensure that each page turns with anticipation making this anthology not only a testament to the early roots of detective fiction but also a delightful journey through the complexities of human thought In this enriched edition we have carefully created added value for your reading experience A comprehensive Introduction outlines these selected works unifying features themes or stylistic evolutions A Historical Context section situates the works in their broader era social currents cultural trends and key events that underpin their creation A concise Synopsis Selection offers an accessible overview of the included texts helping readers navigate plotlines and main ideas without revealing critical twists A unified Analysis examines recurring motifs and stylistic hallmarks across the collection tying the stories together while spotlighting the different work s strengths Reflection questions inspire deeper contemplation of the author s overarching message inviting readers to draw connections among different texts and relate them to modern contexts Lastly our hand picked Memorable Quotes distill pivotal lines and turning points serving as touchstones for the collection s central themes **The World's Smartest**

Detectives Arthur Conan Doyle, Arthur Morrison, Baroness Orczy, Jacques Futrelle, 2016-06-14 A treasure trove of mysteries drawn from the case files of the world's cleverest private investigators The Adventures of Sherlock Holmes features many of the consulting detective's best known cases A Scandal in Bohemia finds Holmes matching wits with and being outfoxed by a beautiful American opera singer A struggling shop owner stumbles into a lucrative side job and a criminal conspiracy in The Red Headed League And in The Adventure of the Speckled Band which Arthur Conan Doyle named as the best of his Sherlock Holmes stories our brilliant hero and his loyal friend Dr Watson pay a visit to a young heiress's bedroom late one night only to stumble across another far deadlier visitor Martin Hewitt Investigator stars a former law clerk turned private investigator who is every bit the deductive equal of Sherlock Holmes A true master of disguise with a mind as sharp as a freshly stropped straight razor Hewitt possess a familiarity with London's night streets and an easy rapport with members of the lower classes From a troubling series of robberies that occurred at the same residence over several months to a locked room suicide that was decidedly not self inflicted the great detective finds irrefutable solutions to the most unsolvable of mysteries The Old Man in the Corner is a fascinating study in the art of logical deduction by the author of The Scarlet Pimpernel The most brilliant sleuth in London sits in the corner of the A B C cafe a length of string in his fingers As the afternoon winds down he ties and unties intricate knots in the string and in his mind No matter how baffling the crime the old man in the corner need only read the newspaper accounts to know the culprit The Thinking Machine relates the most confounding cases solved by the brilliant criminologist Professor S F X Van Dusen Slender stooped his appearance dominated by his large forehead and perpetual squint The Thinking Machine spends his days in the laboratory and his nights puzzling over the details of extraordinary crimes Whether unraveling the perfect murder investigating a case of corporate espionage or reasoning his way out of an inescapable prison cell Van Dusen knows that with the application of logic all problems can be solved This ebook features new introductions by Otto Penzler and has been professionally proofread to ensure accuracy and readability on all devices
