Mystery Of The Incarnation:

The Mystery of the Incarnation Basil Hume, 1999 Indeholder The Mystery of the Incarnation The Third Millennium A Challenge Celebrating the Incarnation **The Mystery of the Incarnation** James Norman Dalrymple Anderson, 1978 There can be nothing in the Christian faith which is so much under discussion and debate today as the doctrine of the Incarnation Was Jesus just a very remarkable man in whom we somehow find ourselves confronted by God's love and moral demands or was he in fact God incarnate If the latter could he really have been man at all And is incredible to say that the Jesus of the Gospels had two natures In The Mystery of the Incarnation Norman Anderson considers these and other questions in the light of what he terms the contemporary debate the controversies and credal statements of the past the challenge of comparative religion today the views of several contemporary theologians and the tentative conclusions to which he has himself come His learning though profound and wide ranging is worn lightly as he brings his particular clear headedness to this emotive subject Publisher *The Mystery of the Incarnation* Christoph von Schönborn, 2013 **The Incarnation of God** John Clark, Marcus Peter Johnson, 2015-03-31 It's the defining reality of all existence the central fact of human history and the heart of the Christian faith God became a man and lived among us More than just part of the Christmas story the doctrine of the incarnation radically affects our understanding of God humanity life death and salvation In The Incarnation of God theology professors John Clark and Marcus Johnson explore this foundational Christian confession examining its implications for the church's knowledge and worship of God Grounded in Scripture and informed by church history this book will help Christians rediscover the inestimable significance of the truth that the Son of God became what we are without ceasing to be the eternal God the greatest mystery of the universe **The Mystery of the Incarnation** Edouard Hugon, 192? and ecumenists of the twentieth century His call for a return to patristic writings as a source of modern theological reflection had a powerful impact not only on Orthodox theology in the second half of the twentieth century but on Christian theology in general Florovsky was also a major Orthodox voice in the ecumenical movement for four decades and he is one of the founders of the World Council of Churches This book is a collection of major theological writings by George Florovsky It includes representative and widely influential but now largely inaccessible texts many newly translated for this book divided into four thematic sections Creation Incarnation and Redemption The Nature of Theology Ecclesiology and Ecumenism and Scripture Worship and Eschatology A foreword by Metropolitan Kallistos Ware presents the theological vision of Georges Florovsky and discusses the continuing relevance of his work both for Orthodox theology and for modern theology in general The introduction by the Editors provides a theological and historical overview of Florovsky theology in the context of his biography The book includes explanatory notes translation of patristic citations and an index

The Reality of Love Ingvald Rosok, 2018-01-12 Love is one and love is all we need This book argues against the traditional theological view that God's love differs from human love If God is love and love is one we will find God embodied in all kinds of genuine love experiences By analyzing Karl Rahner's theology of love the author explores how God penetrates and embraces the whole of reality suggesting implications for Christian spirituality and spiritual direction

Carlo Passaglia on Church and Virgin Valfredo Maria Rossi, 2020-07-13 In Carlo Passaglia on Church and Virgin Valfredo Maria Rossi traces the significant contribution that Carlo Passaglia 1812-1887 has made to Catholic theology paying particular attention to his Trinitarian ecclesiology and Mariology Though highly neglected due to his troubled life Passaglia is one of the most brilliant theologians of the nineteenth century Commonly and yet erroneously ascribed to the Neo-Scholastic movement he anticipates and so emerges as a forerunner of several themes which will be developed during the Second Vatican Council In light of Passaglia's two most relevant theological works *De Ecclesia Christi* and *De Immaculato Deiparae semper Virginis Conceptu* Rossi convincingly shows the originality of Passaglia's theology based on a patristic renaissance highlighting its historical salvific and sacramental dimension
