Real Places An Unconventional Guide To Americas Generic Landscape

Beth L. Hewett, Tiffany Bourelle

Real Places An Unconventional Guide To Americas Generic Landscape:

Real Places Grady Clay,1998 *Real Places* Grady Clay,1998-05-22 Focusing on the romantic lure of place such as Fall Color Country or Lover s Lane urban planner Grady Clay describes a unique cross section of America emphasizing the beauty and intrigue of hidden landscape gems Depicting the everyday as well as the bizarre Clay s entertaining travel guide allows us to see in a new way what has always been right before our eyes 100 photos 16 line drawings **Designing America's Waste Landscapes** Mira Engler,2004-05-31 Publisher Description **Material Culture in America** Helen Sheumaker,Shirley Wajda,2007-11-07 The first encyclopedia to look at the study of material culture objects images spaces technology production and consumption and what it reveals about historical and contemporary life in the United States Reaching back 400 years *Material Life in America An Encyclopedia* is the first reference showing what the study of material culture reveals about American society revelations not accessible through traditional sources and methods In nearly 200 entries the encyclopedia traces the history of artifacts concepts and ideas industries peoples and cultures cultural productions historical forces periods and styles religious and secular rituals and traditions and much more Everyone from researchers and curators to students and general readers will find example after example of how the objects and environments created or altered by humans reveal as much about American life as diaries documents and texts *Home Ground* Barry Lopez,Debra Gwartney,2011-04-14 Published to great acclaim in 2006 the hardcover edition of *Home Ground* Language for an American Landscape met with outstanding reviews and strong sales going into three printings A language lover s dream *Home Ground* revitalized a descriptive language for the American landscape by combining geography literature and folklore in one volume Now in paperback this visionary reference is available to an entire new segment of readers *Home Ground* brings together 45 poets and writers to create more than 850 original definitions for words that describe our lands and waters The writers draw from careful research and their own distinctive stylistic personal and regional diversity to portray in bright precise prose the striking complexity of the landscapes we inhabit *Home Ground* includes 100 black and white line drawings by Molly O Halloran and an introductory essay by Barry Lopez **Picturing Milwaukee: Washington Park 2015** Arijit Sen,2015-07-20 The Buildings Landscapes Cultures collaborative project at UW Milwaukee and Madison introduces an interdisciplinary research track concentrating on the examination of the physical cultural and social aspects of our built environment The program serves students enrolled in the UW Milwaukee and Madison campuses respectively It involves faculty members on both campuses with diverse research and teaching interests including urban and architectural history cultural landscapes urban and rural vernacular architecture public history and environmental history The 2015 Buildings Landscapes Cultures field school examines a complex urban edge where a bucolic Olmstedian park meets the residential neighborhood of Martin Drive and a 19th Century industrial corridor housing Harley Davidson Motor Company and Miller Brewery intersects a once vibrant Vliet Street **Picturing Milwaukee** Arijit Sen,2014-08-04

The summer 2014 Buildings Landscapes Cultures field school spent five weeks measuring homes and businesses conducting oral histories with new and long term residents and producing documentaries based on their fieldwork It s the first of a three year program exploring the neighborhood of Washington Park **Cities of the World** Stanley D. Brunn,Donald J. Zeigler,Jack F. Williams,2003-02-24 The only text to offer a regional survey of world urban development this third edition has been fully revised and updated to include new chapter authors new cities and regions and an expanded art program Focusing on the eleven major culture realms of the world the volume examines each region s urban history economy and culture and society and offers engaging case studies of major representative cities Introductory and concluding chapters frame the regional discussion by summarizing world urban history and by looking to the future of urban development Maps graphs tables photos color satellite images recommended readings web sites and UN data on major cities offer rich additional resources for students Visit our website for sample chapters The Louisville Guide Gregory Luhan,Dennis Domer,David Mohoney,2004-09-09 Louisville is one of the overlooked gems of American architecture a city of southern charm and grace with a catalog of buildings by such masters as D H Burnham Carrere and Hastings Bruce Goff Mies van der Rohe Mockbee Coker and Michael Graves This guide captures Louisville s abundant architecture showcasing the city s very best offerings from its founding to the recent rehabilitation of its riverfront Tours of historic homes Olmsted parks Carnegie libraries museums university campuses and modern homes are all illustrated with clear and easy to follow maps In addition over 200 buildings have comprehensive descriptions accompanied by black and white photographs This book includes everything you need to know about Louisville s rich architectural heritage BOOK JACKET *On Zion's Mount* Jared Farmer,2010-04-10 On Zion s Mount shows how paradoxically the Mormons created their homeland at the expense of the local Indians and how they expressed their sense of belonging by investing Mt Timpanogos with Indian meaning Professional Development in Online Teaching and Learning in Technical Communication Beth L. Hewett,Tiffany Bourelle,2020-05-18 Technical communication instructors need professional development opportunities that will aid them in creating their online courses in developing curricula and in teaching in what may be a new environment Although instructors can turn to instructional design teams for assistance in using Learning Management System and its functions they specifically need their own first hand immersive learning within their pedagogical training In other words teachers need to learn in an online context like the environment that their students will use such direct training helps instructors to facilitate student learning in a technologically distributed classroom Beyond learning technological skills to facilitate a course these teachers need to learn to use the technology effectively to keep students on track and to teach them skills and material This collection which includes three contributions from 2007 and 10 from 2017 focuses on the types of professional development instructors need to be successful in the online technical communication classroom Formed as a 10 year retrospective of the field and its advances in online education professional development the book offers instructors theoretical and practical suggestions for creating and teaching

successful online courses and managing entire online technical communication programs This book was originally published as a special issue of Technical Communication Quarterly TQC *A Guide to Cultural Landscape Reports* Robert R. Page, Cathy Gilbert, Susan Dolan, 1998 *American Winescapes* Gary L Peters, 2018-02-12 Winescapes are unique agricultural landscapes that are shaped by the presence of vineyards winemaking activities and the wineries where wines are produced and stored Where viticulture is successful it transforms the local landscape into a combination of agriculture industry and tourism This book demystifies viticulture in a way that helps the reader understand the environmental and economic conditions necessary in the art and practice of wine making Distinctive characteristics of the book include a detailed discussion of more than thirty grape cultivars an overview of wine regions around the country and a survey of wine publications and festivals Peters discusses the major environmental conditions affecting viticulture especially weather and climate and outlines the special problems the industry faces from lack of capital competition and changing public tastes

Companion to Urban Design Tridib Banerjee, Anastasia Loukaitou-Sideris, 2011-03-17 Today the practice of urban design has forged a distinctive identity with applications at many different scales ranging from the block or street scale to the scale of metropolitan and regional landscapes Urban design interfaces many aspects of contemporary public policy multiculturalism healthy cities environmental justice economic development climate change energy conservations protection of natural environments sustainable development community liveability and the like The field now comprises a core body of knowledge that enfolds a rich history of ideas paradigms principles tools research and applications enriched by electric influences from the humanities and social and natural sciences Companion to Urban Design includes more than fifty original contributions from internationally recognized authorities in the field These contributions address the following questions What are the important ideas that have shaped the field and the current practice of urban design What are the major methods and processes that have influenced the practice of urban design at various scales What are the current innovations relevant to the pedagogy of urban design What are the lingering debates conflicts and contradictions in the theory and practice of urban design How could urban design respond to the contemporary challenges of climate change sustainability active living initiatives globalization and the like What are the significant disciplinary influences on the theory research and practice of urban design in recent times There has never before been a more authoritative and comprehensive companion that includes core foundational and pioneering ideas and concepts of urban design This book serves as an invaluable guide for undergraduate and postgraduate students future professionals and practitioners interested in architecture landscape architecture and urban planning but also in urban studies urban affairs geography and related fields *Cultural Geographies* John Horton, Peter Kraftl, 2013-10-08 Cultural geography is a major vibrant subdiscipline of human geography Cultural geographers have done some of the most important exciting and thought provokingly zesty work in human geography over the last half century This book exists to provide an introduction to the remarkably diverse controversial and

sometimes infuriating work of cultural geographers The book outlines how cultural geography in its various forms provides a rich body of research about cultural practices and politics in diverse contexts Cultural geography offers a major resource for exploring the importance of cultural materials media texts and representations in particular contexts and is one of the most theoretically adventurous subdisciplines within human geography engaging with many important lines of social and cultural theory The book has been designed to provide an accessible wide ranging and thought provoking introduction for students studying cultural geography or specific topics within this subdiscipline Through a wide range of case studies and learning activities it provides an engaging introduction to cultural geography

Sprawling Places David Kolb, 2010-01-25 People often bemoan the spread of malls suburban strips subdivisions and other sprawling places in contemporary America But are these places as bad as critics claim In *Sprawling Places* David Kolb questions widely held assumptions about our built environments Kolb agrees there is a lot not to like about many contemporary places but to write them off simply as commodified nonplaces does not treat them critically Too often Kolb says aesthetic character and urban authenticity are the focus of critics when it is more important to understand a place s complexity and connectedness Kolb acknowledges that the places around us increasingly have banal exteriors yet they can be complex and can encourage their inhabitants to use them in multiple nonlinear ways Ultimately Kolb believes human activity within a place is what defines it Even our most idealized classical places he shows change over the course of history when subjected to new linkages and different flows of activity Engaging with the work of such writers and critics as Henri Lefebvre Manuel Castells Karsten Harries and Christian Norberg Schulz Kolb seeks to move discussions about sprawl away from the idea that we must choose between being rooted in the local Black Forest soil or wandering in directionless space By increasing our awareness of complexity and other issues Kolb hopes to broaden and deepen people s thinking about the contemporary built environment and to encourage better designs in the future

Our Urban Future Sabina Shaikh, Emily Talen, 2024-06-11 A practical comprehensive textbook that uses active learning techniques to teach about the challenges and opportunities associated with urban sustainability While the problem of urban sustainability has long been a subject of great scholarly interest there has until now been no single source providing a multi disciplinary exhaustive view of how it can be effectively taught Filling this gap *Our Urban Future* uses active learning techniques to comprehensively relate the theory of urban sustainability and the what why and how of sustainable cities This practical pedagogically rich textbook concisely covers all the key subjects of the field including ecosystem services and transects the internal design and patterning of urban elements how cities mitigate and adapt to climate change and questions of environmental justice It functions as both an illuminating roadmap and active reference to which any student of sustainability can turn to find essential resources and perspectives in pursuit of creating sustainable cities Approachable discrete exercises introduce students to key sustainability subjects Learn by doing approach encourages critically engaging from multiple angles Ideal for students across environmental sustainability urban planning urban design urban studies

Fevered Lives Katherine Ott, 1996 Consider two polar images of the same medical condition the pale and fragile Camille ensconced on a chaise in a Victorian parlor daintily coughing a small spot of blood onto her white lace pillow and a wretched poor man in a Bowery flophouse spreading a dread and deadly infection Now Katherine Ott chronicles how in one century a romantic ambiguous affliction of the spirit was transformed into a disease that threatened public health and civic order She persuasively argues that there was no constant identity to the disease over time no core tuberculosis What we understand today as pulmonary tuberculosis would have been largely unintelligible to a physician or patient in the late nineteenth century Although medically the two terms described the same disease of the lungs Ott shows that tuberculosis and consumption were diagnosed defined and treated distinctively by both lay and professional health workers Ott traces the shift from the pre industrial world of 1870 in which consumption was conceived of primarily as a middle class malaise that conferred virtue heightened spirituality and gentility on the sufferer to the post industrial world of today in which tuberculosis is viewed as a microscopic enemy fought on an urban battleground and attacking primarily the outcast poor and AIDS patients Ott s focus is the changing definition of the disease in different historical eras and environments She explores its external trappings from the symptoms doctors chose to notice whether a pale complexion or a tubercle in a dish to the significance of the economic and social circumstances of the patient Emphasizing the material culture of disease medical supplies advertisements for faraway rest cures outdoor sick porches and invalid hammocks Ott provides insight into people s understanding of illness and how to combat it *Fevered Lives* underscores the shifting meanings of consumption tuberculosis in an extraordinarily readable cultural history

Ambient Television
 Anna McCarthy, 2001-03-16 Examines the role of television in public space at different points in the history of the medium and how that differs from the normal assumptions of domestic viewing space

Theme Town Thomas Wayne Paradis, 2003-02-26 This book changes the way we view our everyday human landscapes by taking us on a 22 stop adventure through the heart of Flagstaff Arizona In *Flagstaff s America Tour* the reader encounters four distinct though interacting landscape scenes a themed historic business district a pre War multi ethnic neighborhood an expanding university campus and a dynamic automobile commercial strip Prior to the tour Part 1 introduces us to the fascinating study of geography and the interpretation of human landscapes In Part 2 Paradis discusses the expansion of the AT SF Railway and its role in Flagstaff s own historical development He further analyzes the implications of this global cargo corridor on Flagstaff s local community and themed landscapes The entire book integrates a variety of cultural economic political global and environmental perspectives to understand the complexities of our everyday world Whether enjoyed from the bustling streets of downtown Flagstaff or from the comfort of our own homes *Theme Town* will encourage us to see our own local places with fresh and inquisitive eyes
