

The image is a composite. The top half shows a city skyline, likely New York City, with various skyscrapers silhouetted against a dramatic, orange and yellow sunset sky. The bottom half shows a large number of dark, vertical wooden posts or pilings sticking out of a body of water, possibly a harbor or bay. The posts are arranged in rows, receding into the distance. The water is calm, reflecting the light from the sky.

God in Fact anonymous author, 2020-07-03 TO UNDERSTAND GOD YOU NEED TO LIVE IT WITH YOUR OWN BEING YOUR OWN SENSITIVITY AND YOUR BRAIN YOUR OWN EXPERIENCE God is the same from Abram and Moses until now but if you want to understand God today first you need the experience of God second you need to know the reality of God with your own brain The Bible is still useful of course because there you can read about men and women who faced the same reality God that you need to experience today to understand the universe where you live GOD IS THE LIVING ORDER OR LAW IN WHICH WE EXIST That is the meaning of the phrase

God is Love He who does not love does not know God because God is love 1 John 4:8 The profound wisdom of John who lived the reality of God but without the knowledge that we have today to explain to us a reality that we feel living with us and ordering our lives although we can't see God just watching in the same way that we cannot see atoms or molecules without special tools

Beyond the Control of God? Paul Gould, 2014-03-27 The question of God's relationship to abstract objects touches on a number of perennial concerns related to the nature of God God is typically thought to be an independent and self-sufficient being Further God is typically thought to be supremely sovereign such that all reality distinct from God is dependent on God's creative and sustaining activity However the view that there are abstract objects seems to be a repudiation of this traditional understanding of God Abstract objects are typically thought to exist necessarily and it is natural to think that if something exists necessarily it does so because it is its nature to exist Thus abstract objects exist independently of God Philosophers have called this the problem of God and abstract objects In this book six contemporary solutions to the problem are set out and defended against objections It will be valuable for all students or scholars who are interested in the concept and nature of God

Religions and the Truth Hendrik M. Vroom, 1990

The Love of God John C. Peckham, 2015-07-28 Theology has constantly wrestled with the nature of God's love and what it means for how God relates to the world In this comprehensive canonical theology of divine love John C. The Hidden Truth About God Grace B. Scott, Thomas W. Bee, 2020-08-25 Have you gone to religion for answers but ended up more confused Have you tried to believe in God but ended up disappointed because he didn't show up as they'd described There are too many unanswered questions about God and it makes religion look like a wild goose chase Religion presents God as a magician and when God fails to appear as presented and we demand answers it expects us to accept that God works in mysterious ways and besides How dare you question God The Hidden Truth About God says We are not questioning God but what was presented to us This book carefully analyzes and logically weighs theology and reality It gives a step-by-step breakdown of God's plan for Creation and uses real-life experiences to provide

rational answers to unanswered questions about God And why life is full of pains and suffering when God could snap his fingers and everything becomes perfect yet he doesn't Thomas a computer scientist and teacher of religion together with Grace a professor of religion and philosophy reveals life as a program and God as a programmer They brilliantly decipher codes to find the bridge between the supernatural and the natural deity and humanity God and reality presenting answers to some very interesting questions What's the truth about heaven How did sin get into heaven Why doesn't God take away evil What happens in the supernatural Is religion the way to God What about reincarnation Why can't a perfect God have a perfect world Is there God or does the universe run itself What's the big deal about Christianity Why are there so many contradictions in the Bible Do you value reason Are you a skeptic or a critical thinker Are you a believer in the universe Are you atheist theist or just searching for answers to the countless questions of the universe This book will provide you with answers using reason and real life experiences as it draws resources from Religious books theology philosophy science and reality The Law of relativity states that everything is neutral when seen in isolation and only reflects in our reality when we ascribe meaning to it Therefore we can give meaning to God and life or not but Thomas and Grace's inclusion to this law is that the truth remains true irrespective of relativity What then is the truth

This Earthly Life Matters Arnold A. van Ruler, 2023-06-06 Arnold A van Ruler was one of the most original Dutch Reformed theologians of the twentieth century Through the term re-creation Dutch *herscheping* he offers a radical affirmation of God's sustained loyalty to that which is material bodily and earthly God's work of salvation and of consummation is necessary but then for the sake of creation The path that he followed was diametrically opposed to that of Karl Barth and is also distinct from that of Jurgen Moltmann who was influenced by Van Ruler As an early exponent of Christian ecotheology Van Ruler's oeuvre provides exceptionally rich resources for contemporary debates This volume offers an English translation of selected essays by Van Ruler on the themes of God creation providence humanity sin this earthly life and animal protection It includes some famous essays for example on God and chaos the sunny side of sin joy as the fundamental Christian attitude to life and this earthly life The selection is based on volume 3 of the Dutch scholarly edition of Van Ruler's Collected Works published in 11 volumes Few of Van Ruler's texts are available in English so this volume provides a welcome addition

The Collected Works of Edward Schillebeeckx Volume 2 Edward Schillebeeckx, 2014-09-25 In effect Revelation and Theology is Schillebeeckx's general introduction to theology Its fifteen chapters were originally published separately between 1954 and 1962 but the thematic collection offers a vivid picture of the theological renewal in the wake of World War II Schillebeeckx's erudition and broad scholarly orientation are clearly demonstrated in this volume Throughout there are pointers to the at that time new ecumenical approach to Scripture and

tradition The problem concerning the function of the scholastic tradition is highlighted Although Schillebeeckx draws extensively on Thomas Aquinas s thinking this early work already shows that he is not a neo Thomist in the narrow sense of the word Unlike the single Dutch volume the English version was published in two volumes In the Collected works of Edward Schillebeeckx however here they are published together in the sequence that the author envisaged
