Reason And Religious Faith

Ernest Gellner

Reason And Religious Faith:

Reason and Religious Faith Terence Penelhum, Emeritus, 2021-06-02 The concerns of philosophy and of religion overlap to a considerable extent each seeks among other things to develop an account of mankind's place in the universe But their relationship has never been an easy one Faith gives rise to philosophical puzzlement just as secular beliefs do but it also generates special philosophical questions that secular beliefs do not This engaging text encourages students and other readers to grapple with these special questions of faith to look at how they relate to other issues in philosophy and in the empirical study of religion Equally accurate and insightful in its treatment of historical authors such as Aquinas and Pascal as it is in treatment of such contemporaries as Plantinga and Alston Reason and Religious Faith is the most up to date and balanced introduction to these issues available It marks an advance over earlier surveys in its recognition of religious pluralism and the relevance of non Christian religious views It is an ideal introduction to the issues of religious epistemology for students of both religious studies and philosophy *Reason and Religious Belief an Introduction to the Philosophy of Religion* :, 2015 Reason and Religious Belief now in its fifth edition explores perennial questions in the philosophy of religion Drawing from the best in both classical and contemporary discussions the authors examine religious experience faith and reason the divine attributes arguments for and against the existence of God divine action in various forms of theism Reformed epistemology religious language religious diversity and religion and science *Reason & Religious Belief* Michael L. Peterson, 1998 Drawing from both classical and contemporary discussions the authors examine topics of religious experience faith and reason theistic arguments the problem of evil religious language miracles life after death and much more The volume is enhanced by study questions and suggestions for further reading The book also may serve as a companion to the authors 1996 anthology PHILOSOPHY OF RELIGION **Faith and Reason in Religion** George Galloway, 1927 *Rationality and Religion* Roger Trigg, 1998-06-08 Rationality and Religion deals with the perennial question of how far religious faith needs reason *Revelation and Reason: The Christian Doctrine of Faith and Knowledge* Emil Brunner, 1946 Reason & the Contours of Faith Richard Rice, 2013-05-17 Can reason and religion get together Should believers think Can thinking people believe Does religion have to make sense Does careful thinking help or hinder religious experience People have wrestled with such questions for hundreds of years and they are just as perplexing today as ever Reason the Contours of Faith explores the wide ranging issues these questions raise from biblical interpretation and proofs for God's existence to the nature of religious conversion Its central purpose is to find an alternative to both fideism the idea that reason has nothing to do with faith and rationalism the conviction that reason has everything to do with it Part One Reason and the Contents of Faith argues that reason contributes in important but limited ways to our understanding of religion Part Two Reason and the Experience of Faith shows that reason can support religious commitment but never produces it **Why Believe?** C. Stephen Evans, 1996 C Sephen Evans has written a pointed and personal book directed to

those who want to have faith but whose thinking has been obscured by the static of prevailing philosophies illuminating the attraction and reasonableness of Christianity

Religious Reason Ronald Michael Green, 1978 The purpose of this book is to call the separation of reason and religion into question

Reason and Religion Herman Philipse, 2022-04-28 Combines philosophical investigations concerning the truth of religious convictions with empirical research on the origins and functions of religious beliefs This book focuses on two core questions 1 How probable is it that any particular god exists 2 How should we account for the occurrence of religious beliefs in human societies

Postmodernism, Reason and Religion Ernest Gellner, 1992 First Published in 1992 On questions of faith Ernest Gellner believes three ideological options are available to us today One is the return to a genuine and firm faith in a religious tradition The other is a form of relativism which abandons the notion of unique truth altogether and resigns itself to treating truth as relative to the society or culture in question The third which Gellner calls enlightenment rationalism upholds the idea that there is a unique truth but denies that any society can ever possess it definitively Learned and stimulating Professor Gellner's book is an important contribution to our understanding of postmodernism and the relations between Islam and the West It will be of great interest to anyone concerned with the ideological condition of contemporary society

The Role of Reason in Religion: A Study of Henry Mansel Kenneth D Freeman, 2012-12-06 Henry Longueville Mansel published his Bampton Lectures in 1858 twenty seven years after Hegel's death and twelve years before the publication of Ritschl's *Rechtfertigung und Versöhnung* The timing is significant As a sweeping critique of liberalism frequently symbolized by the work of Hegel the lectures react to the slow but inexorable permeation of English religious thought by German ways of thinking By 1858 the process was sufficiently widespread that Mansel felt justified in devoting the principal portion of his work to the attack Ritschl marks the effective end of Hegel's direct influence on theology and a return to a more Kantian mode of thinking His gambit had already been made for Mansel is in many ways a more cautious version of Ritschl Mansel however wrote in English and had the misfortune to say what he did at the beginning of a movement so strong that it allowed no qualification Thus Mansel's thought was rarely accepted He was certainly not ignored at least at the time The lectures entitled *The Limits of Religious Thought* were an immediate sensation They were quickly reprinted both on the Continent and in America and went through two editions in 1858 two more in 1859 and a fifth in 1867 For a period they became almost a textbook in the schools of the University 1 Few leading divines of the day were silent and fewer yet were neutral

Responses to the Enlightenment William Sweet, Hendrik Hart, 2012 Since the time of the Enlightenment in Western Europe discussions of faith and reason have often pitted the believer against the skeptic the theist against the atheist and the person of one faith against the person of no professed faith But the relation of reason to faith has been a matter of debate among believers as well There are those who hold that religious faith can be proven or supported by rational argument Others say that to try to give reasons and arguments does violence to religious faith or opens it to misunderstanding and doubt or trivializes it

Responses to the Enlightenment An

Exchange on Foundations Faith and Community is a dialogue between Hendrik Hart and William Sweet two philosophers who identify themselves as Christians and who seek to respond to the challenges of the Enlightenment and its legacy The authors approach the relation of faith to reason however in very different ways Hart from the perspective of the Calvinian tradition and postmodern philosophy Sweet from the Catholic tradition and analytic philosophy Among the topics discussed are the nature of religious faith and of reason liberalism and orthodoxy in religion the relation of religious experience and rationality and building community in a religiously and culturally pluralistic world This exchange presents two distinctive perspectives to some of the major challenges of the reason to religious belief but seeks to find common ground between them

Publisher s description **Walking the Tightrope of Faith** ,2023-12-28 This book expands upon the dialogue between the atheist philosopher Kai Nielsen and the Christian philosopher Hendrik Hart in the book Search for Community in A Withering Tradition Collected here for the first time are the responses of several prominent Canadian philosophers to Nielsen s outspoken work in the philosophy of religion including their responses to Hart s criticisms of Nielsen New replies by Hart and Nielsen to these added voices are also included This volume is of interest for students in the philosophy of religion who wish to examine the encounter between religious faith and secular humanism at the close of the twentieth century an increasingly postmodern time in which the appeal to an a historical standard of rationality is no longer sought or even thought possible This book tackles tough topics like the appropriate role of reason in the intellectual criticism and defense of faith the limits of the rational justification of human knowledge the role of pre reflective commitments in human intellectual life the nature of truth and the possibility for peace in a world consisting of a plural and often violent collection of cultural and religious groups Reason and Faith Michael Bergmann,Jeffrey E. Brower,2016-01-07 The past fifty years have been an enormously fruitful period in the field of philosophy of religion and few have done more to advance its development during this time than Richard Swinburne His pioneering work in philosophy of religion is distinguished not only for the way in which it systematically develops a comprehensive set of positions within this field but also for the way in which it builds on and contributes to contemporary work in other fields such as metaphysics epistemology and philosophy of science This volume presents a collection of ten new essays in philosophy of religion that develop and critically engage themes from Swinburne s work Written by some of the leading figures in the field these essays focus on issues in both natural theology dealing with what can be known about God and his relation to the world independently of any particular religious tradition or revelation and philosophical theology reflecting critically on the doctrines associated with particular religious traditions The first six essays address topics familiar from natural theology faith theistic arguments and divine power The last four essays address topics bearing on philosophical theology atonement liturgy immortality and the nature of body and soul Reason in Faith Adriaan Theodoor Peperzak,1999 Postmodern reflections on the interface of philosophy and religion pointing to ways each can learn from the other **The End of Faith** Sam Harris,2004 Harris offers a vivid historical tour of mankind s willingness

to suspend reason in favor of religious beliefs even when those beliefs are used to justify harmful behavior and sometimes heinous crimes

Faith and Rationality Alvin Plantinga, Nicholas Wolterstorff, 1983 A collection of essays by contemporary Calvinist philosophers of religion that examine the epistemology of religious belief between Reformed and Roman Catholic philosophers

Introducing Philosophy of Religion Chad Meister, 2009-02-13 Does God exist What about evil and suffering How does faith relate to science Is there life after death These questions fascinate everyone and lie at the heart of philosophy of religion Chad Meister offers an up to date introduction to the field focussing not only on traditional debates but also on contemporary concepts such as the intelligent creator Key topics such as divine reality and the self and religious experience are discussed in relation to different faiths Introducing Philosophy of Religion offers a lucid overview of contemporary philosophy of religion introduces the key figures in the history of philosophy of religion explores the impact of religious diversity and pluralism examines the main arguments for and against the existence of God and the nature of the divine looks at science and issues of faith and reason explores how the different religions approach the concept of life after death The wealth of textbook features including tables of essential information questions for reflection summaries glossary and recommendations for further reading make the book ideal for student use Along with its accompanying Reader this is the perfect introductory package for undergraduate philosophy of religion courses Visit the book's companion website at www.routledge.com/textbooks/9780415403276 Features include an interactive glossary a timeline powerpoint slides on all the chapters chapter outlines lists of objectives for study

Faith Within Reason Herbert McCabe, 2007-03-10 Is it possible to think about religious beliefs philosophically Can theologians learn from philosophers Can philosophers learn from theologians Is it possible to be both a good Christian and a good thinker This book examines the nature of religious belief especially belief in God with an eye on both theological and philosophical arguments
