Reclaiming History Vincent Bugliosi, 2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission *Reclaiming History* is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi's irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense **The Assassination of President John F. Kennedy: The Final Analysis** David W. Mantik, M.D., Ph.D., Jerome R. Corsi, Ph.D., Douglas P. Horne, In this decisive analysis of the JFK assassination medical expert Dr David W Mantik and New York Times bestselling author Jerome R Corsi definitively validate the observations of the physicians at Parkland Hospital who recognized immediately that the wound in JFK's throat and the massive avulsed blow out in the back of his head both involved frontal shots What

distinguishes this book from the myriad of books written on the JFK assassination is that Dr Mantik's optical density measurements of the JFK skull X rays in the National Archives leave no doubt the X rays were altered to disguise evidence of the two frontal shots. With over four decades of experience reading X rays Dr Mantik has examined the JFK assassination materials more than anyone else. Mantik and Corsi present overwhelming testimonial and documentary evidence that proves the Bethesda surgeons performed pre autopsy surgery on JFK's head to remove evidence of the forehead bullet as well as to gain access to his brain and thus sanitize the crime scene by removing bullet fragments and bullet tracks in the brain tissue. The world is starving for objective science. This book contains objective forensic science for which the world will never be ready. If the X rays were doctored the CIA, the FBI and the US Secret Service have some questions to answer. The public deserves the full analysis of these issues. James Lyons Weiler PhD, The Institute for Pure and Applied Knowledge [LBJ: The Mastermind of the JFK Assassination](#) Phillip F. Nelson, 2013-07. Lays out evidence for the theory that Lyndon Baines Johnson played an active role in plotting the death of John F Kennedy [Dallas 50 Years On: The Murder of John F. Kennedy](#) Blaine Taylor, 2014-03-27. JFK had won the Presidency in 1960 by a razor thin majority and his re election campaign for 1964 was expected to be as close. He began it in November 1963 with a kick off multi city four day swing across the important state of Texas. It was going unexpectedly well when shots were fired into his triumphant motorcade in downtown Dallas that ripped history apart changing it forever. The assassination of American President John F Kennedy in 1963 came at the very height of both the Cold War following the Second World War and the Pax Americana that was thought to exist at the war's conclusion in 1945. The United States and its allies possessed a far greater number of nuclear weapons than their Soviet adversaries but the latter could unleash World War 3 and a nuclear Armageddon that would destroy them all. The sudden and totally unexpected murder in broad daylight in an American city of one of the most popular presidents in history was the murder mystery of the 20th century. The Cold War could have become hot and nuclear within minutes. The murderer had to be found and vital questions had to be answered quickly. Who did it, why and who ordered Kennedy's assassination? Was the deed part of a conspiracy, foreign, domestic or both? Were none of these questions part of the bloody puzzle and was it entirely possible that only one man was responsible? The questions remain to this very day and Dallas Fifty Years On: The Murder of John F Kennedy reveals sensational new evidence, eyewitness accounts and top secret documentation **The Missing JFK Assassination Film** Gayle Nix Jackson, 2016-07-12. Orville Nix is not the typical JFK assassination book. This book does not attempt to answer the question of who killed John F Kennedy; instead it addresses why we should question the actions of those involved and why the truth was withheld from the people. Though copies of Orville Nix's film exist, the original film is missing. Why? The FBI confiscated Orville's camera for several months then returned it in pieces. Were these actions sinister or were they just examples of governmental incompetence? Orville Nix exposes information about the House Select Committee staff's involvement in the missing film. Author Gayle Nix Jackson's interviews with people who were close to Orville and the

film will shed light on the government's involvement with the filmmaker Gayle Nix Jackson is the granddaughter of Orville Nix. As his eldest granddaughter Nix Jackson shares experiences growing up with her beloved grandfather and on how his views changed after that fatal day. Hearing his story precipitated the quest Jackson is still on to find the film. Her grandfather was there that day for a reason and if the original Nix film could be located, modern day technology could determine if there was indeed another person behind the stockade fence or not. Questions still abound today as to whether or not the film was altered. Finding the original Nix film would answer one of the most enduring questions related to this horrific event: Was there a conspiracy to kill John F. Kennedy on November 22, 1963? Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history: books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. The Assassination of JFK Robert A. Wagner, 2017-03-07
The Assassination of JFK: Perspectives Half a Century Later is the result of a reconciliation of widely divergent views of the assassination and who was responsible. For more than fifty years, the JFK assassination has ignited impassioned argument from those who believe the Warren Commission's conclusion that one man, Lee Harvey Oswald, acted alone in killing President John F. Kennedy, and those who believe that the assassination was spearheaded by the KGB, Castro, the mob, anti-Castro revolutionaries, the military complex, the CIA, or even Kennedy's successor, Lyndon Baines Johnson, to name only a few. The conspiracy theories are almost too numerous to list and even include the fervent belief that Kennedy's body was stolen prior to autopsy on the very evening of the assassination for the purpose of doctoring the body to frame Oswald. Bob Wagner digs into the enormous record of the assassination created by two government investigations and thousands of books and articles written by investigators.

researchers and historians Bob describes the divergent views as being akin to two groups dividing the pieces of a jigsaw puzzle in half and attempting to produce complete pictures with their incomplete pieces Once all the puzzle pieces are organized and properly fit together however as Bob's painstaking work shows a real picture emerges and the truth comes into focus Bob thoroughly reviews the head spinning morass of fact conjecture and conspiracy theories regarding the assassination of JFK and makes them understandable to those knowing little about the assassination much less all of the conspiracy theories that abound The Assassination of JFK Perspectives Half a Century Later presents the clearest case against Arlen Specter's infamous single bullet theory while also demonstrating why it is clear that Lee Harvey Oswald fired the only shots in Dealey Plaza on November 22 1963 Visit JFKassassinationperspectives.com for more information and to comment

The JFK Assassination Debates Michael L. Kurtz, 2006-11-08 Who killed JFK Ever since that fateful day in Dallas theories about President Kennedy's murder have proliferated running the gamut from the official lone gunman verdict to both serious and utterly screwball conspiracy theories Michael Kurtz a distinguished historian who has plumbed every crevice of this controversial case for more than thirty years now sums up and critiques four decades of debate while also offering provocative new perspectives Kurtz presents an objective accounting of what we actually know and don't know about the assassination underlining both the logic and the limitations of the major theories about the case He then offers unique interpretations of the physical and forensic evidence and of existing areas of controversy leading him to new conclusions that readers will find hard to dismiss Kurtz shows how the official investigation's egregious mishandling of the crime scene evidence related to virtually every aspect of the case is largely responsible for the lone gunman conspiracy schism that confronts us today Those responsible for that investigation including the Dallas police the FBI and the Warren Commission failed so miserably in their efforts that they would have been laughed off the air if they had been portrayed on any of TV's popular CSI series One of the few experts writing on the subject who actually met Oswald Kurtz also provides new information about the accused assassin's activities around the time of the assassination and about his double life analyzing Oswald's ties to the intelligence community to organized crime and to both anti and pro Castro Cuban activists Mustering extraordinary documentation including exclusive interviews with key figures and extensive materials declassified by the Assassination Records Review Board he both confirms and alters much previous speculation about Oswald and other aspects of the case Who really killed JFK Forty years later most Americans still feel they don't know the truth and that their own government isn't telling them the whole story This book offers a corrective to even the most recent final verdicts and establishes a sound baseline for future research

Leadership in the Modern Presidency Fred I. Greenstein, 1988 In presidential election years the leadership qualities of occupants of the Oval Office become yardsticks for aspiring candidates What profile of qualities both positive and negative helps explain the performance of chief executives In this book about the White House nine eminent political scientists and historians present their assessments of the leadership styles and

organizational talents of presidents from Franklin D Roosevelt to Ronald Reagan Filled with anecdote and insight this is an unprecedented opportunity to observe how the running of the office of President has been changed subtly and not so subtly by the management and personal styles of the various incumbents within their historical contexts The book vividly depicts each president There is Roosevelt a real artist in government Truman a strong executive who always managed to appear weak Eisenhower who cultivated the image of being above the fray of politics but was actually fully occupied with getting political results Kennedy who successfully projected the symbolic grandeur of his office Johnson a figure from classical tragedy Nixon who preferred a corporate to a political mode of operation Ford who placed healing the nation s wounds from Vietnam and Watergate above his personal political future Carter whose fall was as stunning as his rise was meteoric The chapter on Reagan is an impassioned encomium of the president as a folk philosopher that is bound to be controversial These accounts of leadership by modern presidents are acute studies of how the presidency has become the first among equals in our tripartite system of government This book will be important to political scientists historians and government officials and the liveliness of its presentation and the quotidian impact of the men it describes will make it attractive to everyone interested in how we are governed and who is doing the governing **The Faces of Lee Harvey Oswald** Scott P.

Johnson,2013-10-29 The Kennedy assassination has produced a number of conspiracy theories based largely upon intriguing questions speculation and inference Thousands of books and articles have been written about the assassination with a large majority of the published material arguing for a conspiracy of one kind or another However a relatively small volume of literature has been written from a scholarly and academic perspective The Faces of Lee Harvey Oswald provides the first comprehensive scholarly analysis of Lee Harvey s Oswald s role in the JFK assassination Scott P Johnson objectively examines the various narratives of Lee Harvey Oswald created by researchers and authors over the last fifty years He finds that at first glance any theory related to Oswald s role appears as convincing as the next particularly when researchers carefully select information that only advances their preferred theory In reality however Oswald s role in the assassination offers little certainty when one looks at the mystery surrounding Oswald s life and death as well as the complexity and ambiguity surrounding the murder of President Kennedy Rather than putting forth a single theory Johnson lays out the known facts against each theory and allows the readers to make their own decision **22 November 1963** Jeremy Bojczuk,2014-10-28 These days almost no one takes seriously the notion that one person without assistance killed President Kennedy Even the official US government position for the last 40 years has been that JFK was probably killed as the result of a conspiracy in the words of the House Select Committee on Assassinations report 22 November 1963 A Brief Guide to the JFK Assassination leads you expertly through the complex and contradictory evidence so that you can make up your own mind about who killed President Kennedy and why he was assassinated This essential book is fully referenced and provides a clear and readable account of all the central issues in this controversial subject including Lee Harvey Oswald lone assassin conspirator or patsy

Oswald's longstanding links to US intelligence agencies Oswald's apparent visit to Mexico City a few weeks before the assassination the crucial event which caused the Warren Commission to be set up the official investigations and why their answers are not widely believed the medical evidence the reason why the case remains controversial the political context of the JFK assassination and the pros and cons of the main theories associated with the event The e book edition contains more than 500 links to sources such as witness testimony and experts technical reports It is perhaps the first JFK assassination e book to allow readers to check the essential documentation for themselves *Last Resort Beyond Last Resort* Walter Herbst, 2025-04-29 John F Kennedy was an embattled president He was consistently at odds with the Joint Chiefs the CIA the radical right and Fascist groups in America and Western Europe who considered him too weak to contain the spread of communism After the Cuban Missile Crisis the animosity for the young President grew as JFK cracked down on right wing Cuban exile groups in America by preventing them from running sabotage raids against the Cuban mainland Confusion reigned for at the same time Robert Kennedy was putting together a coalition of left wing Cuban exiles to launch a second invasion of Cuba at the end of 1963 Meanwhile a right wing Cuban exile group operating independently of the Kennedys was looking to assassinate JFK which they believed would be a catalyst to compel the United States to invade Cuba with its military in retaliation The plan could have worked because of Lee Harvey Oswald He was a Marxist and Castro supporter who had defected to the Soviet Union in 1959 had renounced his citizenship and had revealed military secrets to the Russians He allegedly tried to shoot right wing General Edwin Walker was a member of the pro Castro Fair Play for Cuba Committee and in the summer of 1963 he was arrested in New Orleans for handing out pro Castro literature in public He traveled to Mexico City and tried to reach Havana two months before the JFK assassination He wrote a letter to the Russian Embassy in Washington D C upon his return saying he used an alias while he was in Mexico He was measured as 5'9" tall during his autopsy which was two inches shorter than when he left the Marines four years before All this made him the perfect patsy to be used to justify a second invasion of Cuba So why didn't the United States invade Cuba after the JFK assassination when they had the opportunity to do so once and for all The answer to that question is West Berlin the gateway to Western Europe and a city President Kennedy was determined to protect at all costs even if it meant sacrificing Cuba to the Communists And a second invasion of Cuba placed Berlin in jeopardy so it could not be allowed to happen Another group came together in the spring of 1963 made up of CIA right wing Cold War veterans like Allen Dulles James Angleton Henry Hecksher William Harvey and Tracy Barnes These men had fought the Nazis during World War but came to consider them the lesser of two evils compared to the Soviet Union when the war was over And they were hell bent on keeping communism out of Europe by any means possible For over a decade leading up to JFK's Presidency they had collaborated with ex Nazis European Monarchists and French military Fascists in the war against communism to keep Europe safe So it was not surprising that they all came together once again to assassinate President Kennedy not to justify an invasion of Cuba but to

prevent that from occurring They knew that if a second invasion of Cuba were to happen the Soviets would take West Berlin which would almost certainly have led to World War III So as a Last Resort Beyond Last Resort this group inevitably concluded that the only choice they had was to remove JFK from power before it was too late And mixed up in the middle of it all was Lee Harvey Oswald

THE JFK FILES Peter Kross,2019-02-12 In October 2017 2 800 files about the 1963 murder were made public for the first time bringing to the fore

revelations that an alleged Cuban intelligence officer met Lee Harvey Oswald in Mexico City and praised his shooting ability and that the Soviet spy agency KGB believed then Vice President Lyndon Johnson may have conspired to assassinate Kennedy. On April 26 2018 the U S Government released 19 000 newly declassified government documents on the Kennedy assassination. It is said that investigators learned little except that the government's ideas about what needs to be secret and what doesn't are cryptic and unpredictable. Some stuff in the documents that had been open for years is now classified again and some stuff that had been classified and is now open is so innocuous that nobody can figure out what the point was. In some cases the documents had re redacted material that had already been declassified in previous versions. Often that seemed to reflect Trump administration sensitivities to the feelings of foreign governments. A 1975 CIA report on the surveillance of shooter Lee Harvey Oswald during his visit to the Soviet embassy in Mexico City just a few weeks before Kennedy's death was released years ago identifying a particular photo as coming from a Mexican police surveillance camera. In the same document re released April 26 the words Mexican police had been covered over. Why are these documents even more redacted than previously known versions of the same document? What astonishing information was released by the documents if any? Why aren't all of the documents released in their entirety without any information redacted? Are the intelligence agencies afraid they will look incompetent and unable to protect the President? Or do they further confirm that Vice President Lyndon Johnson was involved in the assassination as earlier documents suggested?

The Praetorian Guard

John Stockwell, 1991. Since its publication in 1991 this book has stayed in print although some parts may now be dated. Stockwell examines often unjustified involvement of the CIA in many parts of the world through thousands of covert operations which have ended the lives of millions of people. He describes secret and obscure operations some of which entailed the killing of people by the thousands at Angola and others such as the one which overthrew the first democratic government in Guatemala and the creation of the infamous death squads in that country and El Salvador to murder civilians and seed terror among the people.
