Replacing Faces:

Changing Faces George Tscherny, 2004-10-28 Perception is fragile and easily manipulated A painting or drawing that is flipped flopped or stared at long enough can somehow be transformed from one image to another In this engaging collection of paintings drawings cartoons masks toys and other work there are optical illusions from the Renaissance Enlightenment era political cartoons and Victorian toys that start off as one thing and end up as another Sometimes these mutations were made for fun sometimes for profit or to score a political point but the results are always an intriguing pleasure to view Even the most jaded readers will find their frowns turned upside down after they pick up this delightful volume **Changing Faces**

The Changing Faces of Citizenship Joyce Marie Mushaben, 2008 In contrast to most migration studies that focus on specific foreigner groups in Germany this study simultaneously compares and contrasts the legal political social and economic opportunity structures facing diverse categories of the ethnic minorities who have settled in the country since the 1950s It reveals the contradictory and usually self defeating nature of German policies intended to keep migrants out allegedly in order to preserve a German Leitkultur with which very few of its own citizens still identify The main barriers to effective integration and socioeconomic revitalization in general sooner lie in the country's obsolete labor market regulations and bureaucratic procedures Drawing on local case studies personal interviews and national surveys the author describes the human faces behind official

citizenship and integration practices in Germany and in doing so demonstrates that average citizens are much more multi cultural than they realize

Skularisierung wird oft mit der Aufklärung in Verbindung gebracht Jedoch wurde sie nicht von allen Denkern der Aufklärung verfochten Mithilfe dieses Buches soll Licht auf die von den schottischen Aufklärern aufgedeckten Probleme und Lösungen geworfen werden die sich bei der Untersuchung des Stellenwertes der Religion in der Gesellschaft auftraten Tatsächlich sahen Hutcheson Reid Hume Smith Ferguson und Millar die Situation der Religion in der Gesellschaft aus verschiedenen Perspektiven und kamen oftmals zu sehr unterschiedlichen Schlüssen Dieses komplexe Verständnis von Religion führte zur Zusammenstellung dieses Buches welches sich auf drei Fragen konzentriert Welche Rolle nimmt die Religion in der Gesellschaft ein Inwieweit beeinflussen die Existenz Gottes und die Naturreligion die soziale Ordnung Wie sollten bestimmte religiöse Bzeugungen in einem skularen Kontext verstanden werden und was haben sie für soziale und moralische Folgen Diese drei Kernfragen sind eng mit den wesentlichen gemeinsamen Anliegen der schottischen Denker verbunden der Verteidigung der natürlichen menschlichen Geselligkeit gegen kontraktualistische Theorien sowie der Feststellung ob die Religion die politische und moralische Gesellschaftsordnung behindert oder bestärkt Secularization is often associated with the Enlightenment However not all Enlightenment thinkers defended it This book aims to cast light on the problems and solutions that the thinkers of the Scottish Enlightenment uncovered when studying the place of religion in society In fact Hutcheson Reid Hume Smith Ferguson and Millar saw the situation of religion in society from different perspectives and often reached very different conclusions This complex understanding of religion is what led us to compile this book which focuses on three questions What is the role of religion in society How does the existence of God and natural religion affect the social order How should certain religious beliefs be understood in a secular context and what are their social and moral repercussions These three key issues are closely connected to the Scottish thinkers' chief common concerns defending natural human sociability from contractualist theories and determining whether religion hinders or strengthens the political and moral order of society
