Air Power and the Ground War in Vietnam Donald J. Mrozek, 2002 Dr Donald J Mrozek's research sheds considerable light on how the use of air power evolved in the Vietnam War Much more than simply retelling events Mrozek analyzes how history politics technology and the complexity of the war drove the application of air power in a long and divisive struggle Mrozek delves into a wealth of original documentation and his scholarship is impeccable His analysis is thorough and balanced His conclusions are well reasoned but will trouble those who have never seriously considered how the application of air power is influenced by factors far beyond the battlefield Whether or not the reader agrees with Mrozek the quality of his research and analysis makes his conclusions impossible to ignore John C Fryer Jr Brigadier General United States Air Force Commander Center for Aerospace Doctrine Research and Education Report on the War in Vietnam, as of 30 June 1968 United States. The Psychological War for Vietnam, 1960-1968 Mervyn Edwin Roberts III, 2018-02-28 The Psychological War for Vietnam 1960 1968 for the first time fully explores the most sustained intensive use of psychological operations PSYOP in American history In PSYOP US military personnel use a variety of tactics mostly audio and visual messages to influence individuals and groups to behave in ways that favor US objectives Informed by the author's firsthand experience of such operations elsewhere this account of the battle for hearts and minds in Vietnam offers rare insight into the art and science of propaganda as a military tool in the twentieth century The Psychological War for Vietnam 1960 1968 focuses on the creation capabilities and performance of the forces that conducted PSYOP in Vietnam including the Joint US

Public Affairs Office and the 4th PSYOP Group In his comprehensive account Mervyn Edwin Roberts III covers psychological operations across the entire theater by all involved US agencies His book reveals the complex interplay of these activities within the wider context of Vietnam and the Cold War propaganda battle being fought by the United States at the same time Because PSYOP never occurs in a vacuum Roberts considers the shifting influence of alternative sources of information especially from the governments of North and South Vietnam but also from Australia Korea and the Philippines The Psychological War for Vietnam 1960 1968 also addresses the development of PSYOP doctrine and training in the period prior to the introduction of ground combat forces in 1965 and finally shows how the course of the war itself forced changes to this doctrine The scope of the book allows for a unique measurement of the effectiveness of psychological operations over time
