# Representation Of Government In Modern Europe

**GALLAGHER**

## **Representation Of Government In Modern Europe:**

**Representative Government in Modern Europe** Michael Gallagher, Michael Laver, Peter Mair, 2001 Uniting theory and application the third edition of Representative Government in Modern Europe continues the tradition of previous editions by first examining the themes debates developments and structures driving European politics and then investigating the way in which the theories behind them are manifested comparing the historical development distinct interpretations and present condition of several major European governments A thematically arranged text which introduces readers to current debates among those who analyze European politics the 3rd edition of Representation Government in Modern Europe delves into the evolution of European politics as we embark on the 21st century Since the last edition astonishing changes have occurred on the political scene in Europe Democratic transformations have taken place throughout the East along with the emergence of a strong European Union These two topics as well as the state of economics in the region have dominated the previous decade in Europe and are discussed throughout the 3rd edition *eBook: Representative Government in Modern Europe, 5e*

GALLAGHER, 2021-04-09 eBook Representative Government in Modern Europe 5e **Representative Government in Modern Europe** Gallagher, Laver, Mair, 2014-03-01 *Parliamentary Elites in Central and Eastern Europe* Elena Semenova, Michael Edinger, Heinrich Best, 2013-12-13 Legislators are entrusted with key parliamentary functions and are important figures in the decision making process Their behaviour as political elites is as much responsible for the failures and successes of the new democracies as their institutional designs and constitutional reforms This book provides a comparative examination of representative elites and their role in democratic development in post communist Central and Eastern Europe CEE It argues that as the drivers of the transformation process in CEE individual and collective parliamentary actors matter The authors provide an in depth analysis of representatives from eleven national parliaments and explore country specific features of recruitment and representation They draw on an integrated dataset of parliamentary elites for individual party family and parliamentary variables over the 20 years following the collapse of Communism and develop a common framework for the analysis of variations in democratisation and political professionalisation between parliaments and political parties party families across CEE This unique volume will be of interest to students and scholars of comparative politics elite research post communist politics democratisation legislative studies and parliamentary representation **Executive-legislative (Im)balance in the European Union** Diane Fromage, Anna

Herranz-Surrallés, 2021-02-11 Ten years after the entry into force of the Lisbon Treaty has executive predominance in EU related matters disappeared How have executive legislative relations in the EU evolved over a crisis ridden decade from the financial and migration crises to Brexit and the COVID 19 pandemic The Lisbon Treaty could be expected to lead to the re balancing of powers in favour of parliaments for it significantly enhanced the roles of both the European Parliament and national parliaments A decade later the contributions to this edited volume examine for the first time in such an extensive

breadth and from a multi level and cross policy perspective whether this has actually materialised They highlight that diverging tendencies may be observed and that important variations over time have occurred depending particularly on the occurrence of crises As stated in the fascinating epilogue by Peter Lindseth University of Connecticut School of Law this is an admirably coherent collective volume whose contributions provide an excellent overview of key aspects of executive legislative relations in the European system since the Treaty of Lisbon This edited volume will hence be of interest to both academics and practitioners interested in future reforms designed at the European and national levels to improve the EU s democratic quality

**European Politics Today** Patricia Hogwood, Geoffrey K. Roberts, 2003-10-17 In this new edition Patricia Hogwood and Geoffrey Roberts offer a comprehensive introduction to the political systems and processes of Western Europe The book begins with an overview of the features and events that have shaped the political landscape of Europe up to the end of the 20th century The authors go on to discuss liberal democracy historical sources of conflict between countries electoral systems political parties and interest groups governments and parliaments The final section looks at federalism and EU decision making and concludes with a consideration of how liberal democracies in western Europe have attempted to provide stable government while remaining responsive to changes in society This book has been fully updated to take account of the French British and Italian general elections that have occurred in recent years as well as the momentous changes that have taken place in global politics as a result 9 11 and the preparations for EU enlargement The chapters on the European Union and democracy in Western Europe have also been substantially revised to take account of globalization and recent political corruption issues

**Political Representation: Communities, Ideas and Institutions in Europe (c. 1200 - c. 1690)**, 2018-08-20 Political Representation Communities Ideas and Institutions in Europe c 1200 c 1690 a scholarly collection on representation in medieval and early modern Europe opens up the field of institutional and parliamentary history to new paradigms of representation across a wide geography and chronology as testified by the volume s studies on assemblies ranging from Burgundy and Brabant to Ireland and Italy The focus is on three areas institutional developments of representative institutions in Western Europe the composition of these institutions concerning interest groups and individual participants and the ideological environment of representatives in time and space By analysing the balance between bottom up and top down approaches to the functioning of institutions of representation by studying the actors behind the representative institutions linking prosopographical research with changes in political dialogue and by exploring the ideological world of representation this volume makes a key contribution to the historiography of pre modern government and political culture Contributors are Mar a Asenjo Gonz lez Wim Blockmans Mario Damen Coleman A Dennehy Jan Dumolyn Marco Gentile David Grummitt Peter Hoppenbrouwers Alastair J Mann Tim Neu Ida Nijenhuis Michael Penman Graeme Small Robert Stein and Marie Van Eeckenrode See inside the book

**Contemporary European Politics** José M. Magone, José Magone, 2013-07-03 In this important new introductory textbook Jos Magone provides an accessible and

comprehensive introduction to contemporary European politics The unification of the European continent since the Fall of the Berlin wall in 1989 and the collapse of communist regimes in Central and Eastern Europe has changed the nature of European politics This book seeks to address the new European politics that emerged out of this coming together of West and East Utilizing a pan European comparative approach the book covers key topics with chapters on the history theory institutions parties and party systems interest groups systems of interest intermediation and civil society the impact of European public policy and the emergence of a European common and foreign policy provides detailed comparisons of the national political systems across Europe including Central and Eastern Europe and the Balkans contextualises national politics in the growing importance of European integration examines the European Union multi level governance system approach highlighting relationships and interactions between the global supranational national regional and local levels analyses the change from modern politics in which the nation state was still in command of domestic politics and its own borders to postmodern politics in which de territorialisation de nationalisation and internationalisation processes have transformed the national politics of European states facilitates learning through a wide range of pedagogical features including chapter summaries guides to further reading questions for revision and extensive use of maps figures case studies and tables Richly illustrated throughout this work is an indispensable resource for all students and academics of European politics

*Democracy in Modern Europe* Jussi Kurunmäki, Jeppe Nevers, Henk te Velde, 2018-06-19 As one of the most influential ideas in modern European history democracy has fundamentally reshaped not only the landscape of governance but also social and political thought throughout the world *Democracy in Modern Europe* surveys the conceptual history of democracy in modern Europe from the Industrial Revolutions of the nineteenth century through both world wars and the rise of welfare states to the present era of the European Union Exploring individual countries as well as regional dynamics this volume comprises a tightly organized comprehensive and thoroughly up to date exploration of a foundational issue in European political and intellectual history

**Learning to Govern Together in Representative Democracy** Thomas König, Xiao Lu, Thiago N. Silva, 2025-04-29 *Learning to Govern Together in Representative Democracy* introduces a dynamic theory on coalition governance and circular regression for studying joint policy making of coalition parties which considers the pro tempore nature of representative democracy Because representative democracy limits the time to govern the implementation of a common policy agenda is temporarily constrained In parliamentary democracies in which coalition governance is the rule this temporal constraint demands that coalition parties overcome their collective action problems in joint policy making within a term This book argues that the cooperative and competitive incentives of coalition parties vary over time In the beginning of a term coalition parties only have a prior belief about the type of partnership and ministerial office holders who are responsible for the implementation of a common policy agenda do not know how many bills they will initiate and whether their partner will respond cooperatively or competitively to their bill proposals Over time however they

can learn this type from experienced interactions in joint policy making to optimize the timing of further bill initiation To derive propositions and hypotheses on timing of bill initiation the authors distinguish two learning models a portfolio model with autonomous learning from experienced interactions within the own jurisdiction and a partisan model with considering experienced interactions of co partisan office holders The empirical examination of these models for the timing of bill initiation covers 11 parliamentary democracies in which about 25 000 government bills were initiated and immediately approved or scrutinized in parliament The findings show that ministerial office holders infer the type of partnership from the duration of parliamentary scrutiny and initiate further bill proposals either early if they learned about a cooperative type that immediately approved their bills or late if they learned about a competitive type that subjected their bills to intense parliamentary scrutiny The results further reveal variation across the periods of a term in which the cooperative and competitive incentives of coalition parties vary due to the temporal constraints for representative democracy The book provides an understanding of the dynamics of coalition effectiveness stability of coalition government and satisfaction with coalition governance which are determined by learning about the cooperative or competitive partnership type portfolio or partisan learning and the early or late timing of bill initiation Comparative Politics is a series for researchers teachers and students of political science that deals with contemporary government and politics Global in scope books in the series are characterized by a stress on comparative analysis and strong methodological rigour The series is published in association with the European Consortium for Political Research For more information visit [www.ecprnet.eu](http://www.ecprnet.eu) The series is edited by Nicole Bolleyer Chair of Comparative Political Science Geschwister Scholl Institut LMU Munich and Jonathan Slapin Professor of Political Institutions and European Politics Department of Political Science University of Zurich This is an open access title available under the terms of a CC BY NC ND 4.0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations

**Referendums and Representative Democracy** Maija Setälä, Theo Schiller, 2009-09-10 This volume analyses how the use of referendums affects the central functions and characteristics of representative democracy It provides a balanced account of the interaction between referendums and representative institutions and actors seeking to evaluate whether referendums supplement or undermine representative democracy Considering both normative and empirical questions the volume also examines the particular circumstances under which referendums strengthen or weaken representative democracy Providing a variety of theoretical and methodological approaches used in the study of referendums this book is divided into three sections Referendums and the Models of Democracy The Demand of Referendums Party Ideologies and Strategies and Referendum Campaigns and Voter Behaviour It features case studies on Ireland Israel Canada California Italy Liechtenstein Switzerland the Nordic Countries the Netherlands Spain and the EU Constitutional Treaty In addition to system level evaluations of referendums studies on the ideological attitudes of political actors and strategic use of referendums the volume also provides

analyses of referendum campaigns and voters choices in referendums Covering referendums on European integration the volume also demonstrates how supra national governance gives rise to the demand of referendums This volume will be of interest to students and scholars of political science political theory comparative politics and European studies

Democracy in Poland Anna Gwiazda, 2015-07-24 This book assesses the quality of democracy in Poland from the collapse of communism in 1989 up to the 2011 parliamentary election It presents an in depth empirically grounded study comparing two decades of democratic politics Drawing on democratic theory and comparative politics the book puts forward an evaluation of democracy based on four dimensions representation participation competition and accountability The book is an important contribution to debates on the performance of the new democracies in Central and Eastern Europe where some scholars argue that there is a democratic crisis that after a period of democratic progress most of these countries are experiencing democratic fatigue and that their democratic performance is poor However the Polish case shows that democracy is not in crisis in fact the quality of democracy in Poland has improved The book shows that democratic quality stems from good democratic institutions Moreover the Polish case shows useful lessons that can be learnt by democratic reformers in countries that are undergoing the transition to democracy or are aiming to consolidate their democratic systems It concludes that effective accountability good representation and stable competition are vital **European Politics**

Jan-Erik Lane, Svante Ersson, 1996-08-19 This comprehensive textbook is the first to go beyond a West European perspective and provide a clear overview of the whole of European politics Jan Erik Lane and Svante Ersson address the similarities of key political features among states in Western Central Eastern Northern and Southern Europe and look forward to political developments at the turn of the century Traditionally books have polarized Europe by focusing on points of divergence European Politics provides a thoroughgoing analysis of several converging themes including political culture the nature of the state party systems and the formation of government and public policies With this approach to economic social and political aspects of politics in Europe this major text presents a Europe that within the context of reform transition and integration has more in common in the early 1990s than ever before With a clear thematic structure and helpful discussions of data drawn from some 30 countries European Politics offers both an accessible and genuinely comparative text which will be essential reading for student and researcher alike Pan-European Perspectives on Party Politics Paul Lewis, Paul Webb, 2021-10-01

In this book an international team of specialists reflects more than a dozen years after the fall of the Berlin Wall on the implications of that momentous conjuncture for the study of party politics in Europe In particular the authors and editors seek to address two inter connected questions To what extent is there evidence of convergence in patterns of party politics across Eastern and Western Europe And how far has the theory of parties and party systems coped with the emergence of democratic politics in Eastern Europe In a wideranging and stimulating set of essays these issues are confronted in respect of themes such as the impact of institutional contexts like electoral systems and presidentialism the

evolving nature of cleavage structures party organizational developments and intra party factionalism This book will make a significant addition to any course reading list on comparative and party politics Realities of Representation M.

Jansson,2007-03-05 This book offers an examination of the idea of representation and the institutional realities that shaped it in early modern Europe and European America Contributors demonstrate how a country's history society and national experience dictate how representation is realized in political institutions including parliaments riksdags and reichstags

**The extreme Right in Western Europe** Elisabeth Carter,2013-07-19 Parties of the extreme right have experienced a dramatic rise in electoral support in many countries in Western Europe over the last two and a half decades This phenomenon has been far from uniform however and the considerable attention that the more successful right wing extremist parties have received has sometimes obscured the fact that parties of the extreme right have not recorded high electoral results in all West European democracies Furthermore the electoral scores of these parties have also varied over time with the same party recording low electoral scores in one election but securing high electoral scores in another This book available in paperback for the first time examines the reasons behind the variation in the electoral fortunes of the West European parties of the extreme right in the period since the late 1970s It proposes a number of different explanations as to why certain parties have performed better than others at the polls and it investigates each of these different explanations systematically and in depth As well as offering a comprehensive analysis of the reasons behind the uneven electoral success of the West European parties of the extreme right this book provides up to date information on all right wing extremist parties that have contested elections at national level across Western Europe since the late 1970s In addition to examining the parties ideology and organisation it discusses their relationship with the parties of the mainstream and it investigates the impact that electoral institutions have on their ability to attract votes This book is aimed at both scholars and students interested in the extreme right in party politics and in comparative politics more generally **Politics in South Asia**

Siegfried O. Wolf,Jivanta Schöttli,Dominik Frommherz,Kai Fürstenberg,Marian Gallenkamp,Lion König,Markus Pauli,2014-11-10 The book introduces central themes that have preoccupied the field of South Asian politics over the last few decades and identifies new emerging areas of research Presenting both general political theory and context specific case studies the collection draws attention to the methodological challenges of working on an area specific theme and the importance of generating generalizable insights linked to theory Hence it will be of interest for political scientists working on South Asian politics as well as on other non Western societies The collection represents an unusually broad survey of scholarship emerging from a range of leading academic centres in the field American Difference Lori M.

Poloni-Staudinger,Michael R. Wolf,2019-01-31 Examining democracies from a comparative perspective helps us better understand why politics or as Harold Lasswell famously said who gets what when and how differ among democracies American Difference A Guide to American Politics in Comparative Perspective takes the reader through different aspects of

democracy political culture institutions interest groups political parties and elections and unlike other works explores how the United States is both different from and similar to other democracies The fully updated Second Edition has been expanded to include several new chapters and discussion on civil liberties and civil rights constitutional arrangements elections and electoral institutions and electoral behavior This edition also includes data around the 2016 general election and 2018 midterm election

**Party Families in Western Europe** Peter Egge Langsæther, 2023-07-21 This comprehensive and comparative book makes clear what party families are and in doing so helps categorise and make sense of parties in different countries It describes the ideology of the families in Western Europe as well as classifying political parties accordingly Furthermore the book examines who the party families supporters are in terms of their social background and political values What role do class education and religion play in the 21st century Finally the book provides a discussion of the degree to which the concept of party families is still meaningful in the 21st century and how it needs to be studied comparatively and comprehensively Is party family still valid as a conceptual device to classify and compare parties across countries in Western Europe This text will be of key interest to scholars students and practitioners working in the field of political behaviour political parties and party politics policy studies and more broadly comparative and European politics

*Post-communist EU Member States* Susanne Jungerstam-Mulders, 2006 Providing insights into the parties and party systems of post communist EU member states within the framework of each country s specific conditions and developments this volume examines the cases of Estonia Lithuania Latvia Poland Czech Republic Slovakia Hungary and Slovenia It is suitable for courses on party systems and EU politics
