### **The Pragmeme of Accommodation: The Case of Interaction around the Event of Death** Vahid

Parvaresh, Alessandro Capone, 2017-06-02 This volume brings together a wide array of papers which explore among other things to what extent languages and cultures are variable with respect to the interactions around the event of death Motivated by J L Mey's idea of the pragmeme a situated speech act the volume has both theoretical and practical implications for scholars working in different fields of enquiry As the papers in this volume reveal despite the terminological differences between various disciplines the interactions around the event of death serve to provide solace not only to the dying but also to the family and friends of the deceased thus helping them to accommodate to the new state of affairs

*Death, Life and Laughter* Mathew Guest, Martha Middlemiss Lé Mon, 2016-11-25 Birth death and the rituals that take us from one to

the other tell us a lot about humanity and our quest to understand ourselves It is cross disciplinary analyses of the life course that have generated the most profound insights into religion and spirituality challenging the concepts and methods we commonly use to understand these universal aspects of human experience Douglas Davies work is a rare example of this kind of scholarship challenging the boundaries that separate theology from the social sciences and that divide academia from public life This book serves as a tribute to Davies work and a critical commentary on the questions that arise from it Featuring essays by renowned international scholars this book brings cutting edge research into conversation with ongoing debates about disciplinary difference and the nature of scholarship

**From Dust to Ashes** P. Jupp, 2005-12-15 Seventy per cent of British families now choose cremation for their funerals a rapid change in traditional death customs This is the first book to investigate why cremation replaced burial It examines the political religious economic and social reasons behind personal choice and sets them in a European context This study is doubly timely with the expanding scholarly interest in death studies and the new media interest in the British way of death

**Death** Mario Erasmio, 2021-03-25 Personal and yet utterly universal inevitable and yet unknowable death has been a dominant theme in all cultures since earliest times Different societies address death and the act of dying in culturally diverse ways yet remarkably across the span of several millennia we can recognize in the customs of ancient Greece and Rome ceremonies and rituals that have enduring present day resonance For example preparing the corpse of the deceased holding a memorial service the practice of cremation and of burial in resting places are all liminal processes that can trace their origin to ancient practices Such rites described by Cicero and Herodotus among others have defined traditional modern funerals Yet of late there has been a shift away from classical ritual and sombre memorialization as the dead are transformed into spectacles Ad hoc roadside shrines virtual burials online guest books and even jazz

memorial processions and firework displays have come to the fore as new modes of marking even celebrating bereavement What is causing this change and how do urbanisation economic factors and the rise of individualism play a part Mario Erasmio creatively explores the nexus between classical and contemporary approaches to dying death and interment From theme funerals in St Louis to Etruscan sarcophagi he offers a rich and insightful discussion of finitude across the ages

**Death and Survival in the Book of Job** Dan Mathewson,2006-06-05 The Book of Job functions as literature of survival where the main character Job deals with the trauma of suffering attempts to come to terms with a collapsed moral and theological world and eventually re connects the broken pieces of his world into a new moral universe which explains and contains the trauma of his recent experiences and renders his life meaningful again The key is Job s death imagery In fact with its depiction of death in the prose tale and its frequent discussions of death in the poetic sections Job may be the most death oriented book in the bible In particular Job in his speeches articulates his experience of suffering as the experience of death To help understand this focus on death in Job we turn to the psychohistorian Robert Lifton who investigates the effects on the human psyche of various traumatic experiences wars natural disasters etc According to Lifton survivors of disaster often sense that their world has collapsed and they engage in a struggle to go on living Part of this struggle involves finding meaning in death and locating death s place in the continuity of life Like many such survivors Job s understanding of death is a flashpoint indicating his bewilderment or desymbolization in the early portions of his speeches and then later on his arrival at what Lifton calls resymbolization the reconfiguration of a world that can account for disaster and render death and life meaningful again

Sanders, Mikeal C. Parsons, 2023-01-03 Corpse Care relates the history of death care in the U S to craft robust constructive practical ethics for tending the dead It specifically relates corpse care to economic environmental and pastoral concerns Death and the treatment of the dead body loom large in our collective cultural consciousness The authors explore the materiality and meaning of the dead body and the living's relationship to it All the biggest questions facing the planetary human community relate in one way or another to the corpse Surprisingly Christian communities are largely missing in the discussion of the dead having abdicated the historic role in care for the dead to the funeral industry Christianity has stopped its reflection about the body once that body no longer bears life Corpse Care stakes a claim that the fact of embodiment this incarnational truth this process of our bodily becoming is a practical ethical and theological necessity      Representing Death in the News F.
