Research in Social Movements, Conflicts and Change Patrick G. Coy,2010-03-05 Research in Social Movements Conflicts and Change showcases deeply empirical and often multi method research by senior and junior scholars alike Comparative analysis and qualitative case studies push into new territories in this illuminating and important research which seeks to define and advance the multiple fields reflected in the series title *Egypt in a Time of Revolution* Neil Ketchley,2017-04-03 The book gives the first systematic account of the Egyptian Revolution in 2011 and its aftermath using a contentious politics framework The book will be used by academics upper level undergraduates and postgraduate students interested in the Arab Spring **Trump, White Evangelical Christians, and American Politics** Anand Edward Sokhey,Paul A. Djupe,2024-03-05 In Trump White Evangelical Christians and American Politics political scientists Anand Edward Sokhey and Paul A Djupe bring together a wide range of scholars and writers to examine the relationship between former President Donald Trump and white American evangelical Christians They argue that while this relationship which saw evangelicals supporting a famously unfaithful materialistic and irreligious candidate despite self defining in opposition to these characteristics prompted many to wonder if Trump himself transformed American evangelical religion in politics this alliance reflected both change and the outcome of dynamics that were in place or building for decades Contributors contextualize the Trump presidency within the story of religious demographic change the growth of politicized religion nationalistic religious expression and the ways religion and politics in the United States are enmeshed in the politics of race These investigations find that the idea of religious transformation is not accurate Instead the years 2015 to 2022 saw mainly minor changes to the ways religion appeared in public life but these changes ultimately complemented and advanced an existing white evangelical strategy to increase political and social power as they became a demographic minority in the United States Taken together this collection reveals new insights for readers seeking to understand the religious dimensions of Trump s rise the reasons evangelicals become political activists and the multifaceted alliances between secular politicians and conservative religious subcultures Contributors Abraham Barranca Ruth Braunstein Ryan P Burge David E Campbell Jeremiah J Castle Paul A Djupe John C Green Sarah Heise Geoffrey C Layman Andrew R Lewis Gerardo Mart Eric L McDaniel Napp Nazworth Shayla F Olson Enrique Quezada Llanes Kaylynn Sims Anand Edward Sokhey Hilde L vdal Stephens Kyla K
