Requiem For The Renaissance:

Peculiar Crossroads Farrell O'Gorman, 2008-01-01 In Peculiar Crossroads Farrell O'Gorman explains how the radical religiosity of both Flannery O'Connor's and Walker Percy's vision made them so valuable as southern fiction writers and social critics. Via their spiritual and philosophical concerns O'Gorman asserts these two unabashedly Catholic authors bequeathed a postmodern South of shopping malls and interstates imbued with as much meaning as Appomattox or Yoknapatawpha. O'Gorman builds his argument with biographical, historical, literary, and theological evidence, examining the writers' work through intriguing pairings such as O'Connor's *Wise Blood* with Percy's *The Moviegoer* and O'Connor's *A Good Man Is Hard to Find* with Percy's *Lancelot*. An impeccable exercise in literary history and criticism, Peculiar Crossroads renders a genuine understanding of the Catholic sensibility of both O'Connor and Percy and their influence among contemporary southern writers.

After Southern Modernism Matthew Guinn, 2011-06-14 The literature of the contemporary South might best be understood for its discontinuity with the literary past. At odds with traditions of the Southern Renaissance, southern literature of today sharply refutes the Nashville Agrarians and shares few of Faulkner's and Welty's concerns about place, community, and history. This sweeping study of the literary South's new direction focuses on nine well-established writers who, by breaking away from the firmly ensconced myths, have emerged as an iconoclastic generation. Harry Crews, Dorothy Allison, Bobbie Ann Mason, Larry Brown, Kaye Gibbons, Randall Kenan, Richard Ford, Cormac McCarthy, and Barry Hannah. Resisting the modernist methods of the past, they have established their own postmodern ground beyond the shadow of their predecessors. This shift in authorial perspective is a significant indicator of the future of southern writing. Crews's seminal role as a ground-breaking poor white author, Mason's and Crews's portrayals of rural life, and Allison's and Brown's frank portrayals of the lower class pose a challenge to traditional depictions of the South. The dissenting voices of Gibbons and Kenan, who focus on gender, race, and sexuality, create fiction that is at once identifiably southern and also distinctly subversive. Gibbons's iconoclastic stance toward patriarchy, like the outsider's critique of community found in Kenan's work, proffers a portrait of the South unprecedented in the region's literature. Ford, McCarthy, and Hannah each approach the South's traditional notions of history and community with new irreverence and treat familiar southern topics in a distinctly postmodern manner. Whether through Ford's generic consumer landscape, the haunted netherworld of McCarthy's southern novels, or Hannah's riotous burlesque of the Civil War, these authors assail the philosophical and cultural foundations from which the Southern Renaissance arose. Challenging the conventional conceptions of the southern canon, this is a provocative and innovative contribution to the region's literary study.

The Postsouthern Sense of Place in Contemporary Fiction Martyn Bone, 2014-01-13 For generations, southern novelists and critics have grappled with a concept that is widely seen as a trademark of their literature: a strong attachment to geography or a sense of place. In the 1930s, the Agrarians accorded special meaning to rural life, particularly the farm, in their definitions of southern

identity For them the South seemed an organic and rooted region in contrast to the North where real estate development and urban sprawl evoked a faceless raw capitalism By the end of the twentieth century however economic and social forces had converged to create a modernized South How have writers responded to this phenomenon Is there still a sense of place in the South or perhaps a distinctly postsouthern sense of place Martyn Bone innovatively draws upon postmodern thinking to consider the various perspectives that southern writers have brought to the concept of place and to look at its fate in a national and global context He begins with a revisionist assessment of the Agrarians who failed in their attempts to turn their proprietary ideal of the small farm into actual policy but whose broader rural aesthetic lived on in the work of neo Agrarian writers including William Faulkner and Eudora Welty By the 1950s adherence to this aesthetic was causing southern writers and critics to lose sight of the social reality of a changing South Bone turns to more recent works that do respond to the impact of capitalist spatial development on the South and on the nation generally including that self declared international city Atlanta Close readings of novels by Robert Penn Warren Walker Percy Richard Ford Anne Rivers Siddons Tom Wolfe and Toni Cade Bambara illuminate evolving ideas about capital land labor and class while introducing southern literary studies into wider debates around social cultural and literary geography Bone concludes his remarkably rich book by considering works of Harry Crews and Barbara Kingsolver that suggest the southern sense of place may be not only post Agrarian or postsouthern but also transnational

Brinkmeyer, Jr.,1993-07-01 Flannery O Connor believed that fiction must try to achieve something on the order of what St Gregory wrote about Scripture every time it presents a fact it must also disclose a mystery O Connor s artistic vision was located squarely in her Catholic faith yet she realized that to view life only through the eyes of the Church was to ignore a large part of existence In her fiction therefore she explored a wider world employing voices that challenged conceptions of both self and faith ultimately enlarging and deepening both In The Art and Vision of Flannery O Connor Robert Brinkmeyer presents an innovative study of O Connor s fiction by exploring the dialogic forces at work in her writing Drawing on the insights of literary theorist Mikhail Bakhtin Brinkmeyer offers an explanation for the great depth and power of O Connor s work paying particular attention to the ways her art and audience bear upon her regnant Catholic vision This pressure and resistance Brinkmeyer writes free O Connor s vision from the limits of its perspective opening it to growth and understanding After a thorough discussion of the ways in which O Connor s Catholic and southern heritage helped to form her artistic vision Brinkmeyer shows how dialogic encounters are at work in O Connor s interaction with her largely fundamentalist narrators the stories they tell and her readers He focuses on several of her stories as well as her two novels *Wise Blood* and *The Violent Bear It Away* As the first analysis of the dialogical dynamics of O Connor s art and vision this study offers an original approach to understanding O Connor But the significance of the book extends far beyond O Connor scholarship for Brinkmeyer presents a critical method that has value for exploring other writers particularly other modern Catholic writers
