*Traditional Storytelling Today* Margaret Read MacDonald, 2013-12-16 *Traditional Storytelling Today* explores the diversity of contemporary storytelling traditions and provides a forum for in depth discussion of interesting facets of contemporary storytelling. Never before has such a wealth of information about storytelling traditions been gathered together. Storytelling is alive and well throughout the world as the approximately 100 articles by more than 90 authors make clear. Most of the essays average 2 000 words and discuss a typical storytelling event, give a brief sample text and provide theory from the folklorist. A comprehensive index is provided. Bibliographies afford the reader easy access to additional resources.

Global Television Tony Verna, 2023-12-22 *Global Television 1993* looks at how satellites, fibre optics, compressed digital transmission and interactive and high definition television have converged with computer technology to revolutionise TV and film production. TV sets and even the smart home in which TV is viewed, its provides valuable insight into how new technologies and viewer demands have combined to transform television into a truly global medium.

Ron Watt, 2001-07-01 *Fish Stories* comprised of the novellas *Red Herring*, *Holy Mackerel* and *Hooked* follows the adventures of Otto Stanwyk, a relatively normal guy who just wants to be like everyone else and be an individual. Along his journey he discovers a worldwide telephone conspiracy, how to survive a leap into the depths of space, the true identity of God, the elusive Weekly World News bat child and what really happens when we die. It's a zany madcap romp through a wacky world of hilarity. Or maybe it's just a few hundred pages of self pleasing rhetoric from a first time author. Only by purchasing *Fish Stories* will you truly know the answer.
