**Killer Images** Joram ten Brink, Joshua Oppenheimer, 2013-01-08 Cinema has long shaped not only how mass violence is perceived but also how it is performed Today when media coverage is central to the execution of terror campaigns and news anchormen serve as embedded journalists a critical understanding of how the moving image is implicated in the imaginations and actions of perpetrators and survivors of violence is all the more urgent If the cinematic image and mass violence are among the defining features of modernity the former is significantly implicated in the latter and the nature of this implication is the book's central focus This book brings together a range of newly commissioned essays and interviews from the world's leading academics and documentary filmmakers including Ben Anderson Errol Morris Harun Farocki Rithy Phan Avi Mograbi Brian Winston and Michael Chanan Contributors explore such topics as the tension between remembrance and performance the function of moving images in the execution of political violence and nonfiction filmmaking methods that facilitate communities of survivors to respond to recover and redeem a history that sought to physically and symbolically annihilate them

[Seventy Images of Grace in the Epistles . . .](#) Norma Cook Everist, 2015-07-07 How can faith speak directly to people's real lives How can conversation around Scripture make all the difference in the arenas of one's daily world People who have heard the Bible many times or for the first time want to know in the terms and images of their life situation When my world seems to be shaking all around me why doesn't it help to hear You are forgiven And further What can I say to someone who feels totally alienated from God Seventy Images of Grace in the Epistles will help people make connections and empower them for their ministries in daily life The book presents an interplay of stories of people's actual lives and Epistle images of grace Readers will begin to recognize the depth of the human predicament and the power of the gospel thereby becoming equipped for Christian discipleship and vocation not from duty or guilt but from freedom Guides for Engagement will help readers turn the book into a learning event

**"Striking Images, Iconoclasms Past and Present "** Stacy Boldrick, 2017-07-05 All cultures make and break images Striking Images Iconoclasms Past and Present explores how and why people have made and modified images and other cultural material from pre history into the 21st century With its impressive chronological sweep and disciplinary breadth this is the first book about iconoclasm the breaking of images and the transformation of broader sets of signs that includes contributions from archaeologists curators and museum conservators as well as historians of art literature and religious studies The chapters examine themes critical to the study of iconoclasm violence punishment memory intentionality ruins and relics and their survival The conclusion shows how cross disciplinary debate amongst the contributors informed Tate Britain's Art under Attack exhibition 2013 and addresses the challenges iconoclasm presents to the modern museum By juxtaposing objects and places usually considered in isolation Striking Images raises provocative questions about our understandings of cross cultural

differences and the value of representational objects from the broken swords of pre historical bog graves to the Bamiyan Buddhas and contemporary art Are any such objects ever finished or are they simply subject to constant transformation In dialogue with each other the essays consider this question and expand the field of iconoclasm and cultural studies Flood of Images Bernie Cook,2015-04-01 Anyone who was not in New Orleans during Hurricane Katrina and the subsequent flooding of the city experienced the disaster as a media event a flood of images pouring across television and computer screens The twenty four hour news cycle created a surplus of representation that overwhelmed viewers and complicated understandings of the storm the flood and the aftermath As time passed documentary and fictional filmmakers took up the challenge of explaining what had happened in New Orleans reaching beyond news reports to portray the lived experiences of survivors of Katrina But while these narratives presented alternative understandings and more opportunities for empathy than TV news Katrina remained a mediated experience In *Flood of Images* Bernie Cook offers the most in depth wide ranging and carefully argued analysis of the mediation and meanings of Katrina He engages in innovative close and comparative visual readings of news coverage on CNN Fox News and NBC documentaries including Spike Lee s *When the Levees Broke* and *If God Is Willing and Da Creek Don t Rise* Tia Lessin and Carl Deal s *Trouble the Water* and Dawn Logsdon and Lolis Elie s *Faubourg Tremé* and the HBO drama *Tremé* Cook examines the production practices that shaped Katrina as media event exploring how those choices structured the possible memories and meanings of Katrina and how the media s memory making has been contested In *Flood of Images* Cook intervenes in the ongoing process of remembering and understanding Katrina

**In His Image** Matthew Lee Smith, 2007-02-22 In His Image is the next step for those who have read The Purpose Driven Life Following the Life Purpose of Mission this book explores God's great love for humanity from every book of the Bible From the creation of Genesis to the culmination in Revelation God's love shines through every page Never is this ever clearer than in the times of Israel's great betrayal of their God His passionate pursuit of His children can be heard dripping from his voice as He calls them and us by proxy back to His shelter and protection This book was written To convince the reader of God's intense and immense love for them To encourage the reader to reach out to the God who is passionately in love with them To strengthen the reader's faith in God's compassion and To motivate the reader to share the love of God with every person they meet It is very clear God loves people of all races and ethnicities Therefore whenever appropriate to the passage of the day emphasis is made on the issue of racial reconciliation around God's love His love becomes the motivation for evangelism and for community In each daily devotional There is a Biblical Scripture they are encouraged to read There is a passage of Scripture to read in the devotional itself There is the devotional to read which focuses the reader on a single thought broken into two three or four practical ideas they can utilize that day in their lives and There is a thought to take with the reader each day which summarizes the theme concerning God's great love for them *Theory of the Image* Ann Kibbey, 2005 A refreshing critique that offers a new paradigm for film studies We Will Not be Stopped Arthur Bonner, 1998 The power of the Bible to transform lives and societies has seldom been demonstrated more vividly than in Chiapas in southern Mexico Beginning in the early 1940s young men and women of the Summer Institute of Linguistics devised written scripts and then translated the Bible into the languages of the most neglected and most oppressed of indigenous peoples the Tzeltals Tzotzils Chols and Tojolabals A major part of this book is the narrations of indigenous people who experienced the Bible's power to heal bodies and create loving families They became apostles seeding new congregations They refused to accept what they saw as idols made by human hands and rejected the cults of village saints For this they were like the first Christians persecuted and driven from their lands and homes yet they never lost faith They staked their lives on the Bible's promises One pastor vowed We shall not be stopped As evidence of such faith and determination evangelical churches are growing stronger and more numerous Simultaneously the Catholic Church in Chiapas taught the option for the poor of the Theology of Liberation Marxist revolutionaries from northern Mexico took advantage of this structure leading to the Zapatista revolt of subcommander Marcos When the revolt failed what had been hailed as a Revolt of the Indians deteriorated into a deadly political struggle of Indians against Indians with defenseless villagers caught in the middle **Routledge Companion to Media and Humanitarian Action** Robin Andersen, Purnaka L.

Francis, Diane Drayson, 1997-09 *The Domain of Images* James Elkins, 2018-08-06 In the domain of visual images those of fine art form a tiny minority This original and brilliant book calls upon art historians to look beyond their traditional subjects painting drawing photography and printmaking to the vast array of nonart images including those from science technology commerce medicine music and archaeology Such images James Elkins asserts can be as rich and expressive as any canonical painting Using scores of illustrations as examples he proposes a radically new way of thinking about visual analysis one that relies on an object's own internal sense of organization Elkins begins by demonstrating the arbitrariness of current criteria used by art historians for selecting images for study He urges scholars to adopt instead the far broader criteria of the young field of image studies After analyzing the philosophic underpinnings of this interdisciplinary field he surveys the entire range of images from calligraphy to mathematical graphs and abstract painting Throughout Elkins blends philosophic analysis with historical detail to produce a startling new sense of such basic terms as pictures writing and notation
