**Story of Mary Elmes** Paddy Butler,2017-09-28 Mary Elmes is the great unsung heroine of modern Ireland Risking her life to save Jewish children during the Holocaust she turned her back on a promising academic career to help others She is the only

Irish person to be honoured as Righteous Among the Nations by Israel for this work In 1937 she travelled to Spain as an aid worker where she ran children s hospitals moving from one bombed out building to the next in the midst of a horrific civil war Moving to France after Franco s victory she continued to work in the wretched refugee camps hastily thrown together by the French authorities for 500 000 escaping Spanish Republicans Soon Jews fleeing the Nazis were also imprisoned in the internment camps Mary initially sought to relieve the suffering of all the inmates but when the deportations to the east began she worked to save hundreds of Jewish children from the death camps going so far as to smuggle children out of the camp in her own car Eventually her actions came to the notice of the collaborationist Vichy government and in 1943 she was arrested by the Gestapo and jailed for six months

Lakin, 2019-05-10 This book tells the largely unknown story behind the rescue activities of several remarkable young Jewish women in Vichy France during World War II and their role in the resistance against Nazi and Vichy France deportation policies Few studies of Vichy France and the Holocaust have looked at the rescue of Jews by those prepared to risk everything to escort them to safety in the border regions and even fewer have considered Jewish rescue of Jews specifically of Jewish children by women This work will be arguably the first book in which the experiences and efforts of a number of female rescuers all of whom knew or knew of each other have been brought together in a single volume with the object of honoring their memory and showing how the value of human life was sustained through the Holocaust Focusing on a number of young Jewish women who defied the Nazis this narrative highlights their courage and sacrifice in their efforts to rescue Jews in France during World War II Additionally it shows how these French women responded to Nazi and Vichy France policies of deportation through resistance activities This is a story that will captivate anyone with an interest in the innate goodness of human beings that can shine even when confronted with the darkest expressions of depravity that occurred during the Holocaust

postwar decade She convincingly documents the central role that the rehabilitation of Jewish children and the reconstruction of Jewish families played in post war French Jewish reconstruction and underscores the importance of the decade following the war in shaping Jewish historical evolution in France Maud Mandel author of *Muslims and Jews in France* *Gender and the Genocide in Rwanda* Sara E. Brown, 2017-08-09 This book examines the mobilization role and trajectory of women rescuers and perpetrators during the 1994 genocide in Rwanda While much has been written about the victimization of women during the 1994 genocide in Rwanda very little has been said about women who rescued targeted victims or perpetrated crimes against humanity This book explores and analyzes the role played by women who exercised agency as rescuers and as perpetrators during the genocide in Rwanda As women they took actions and decisions within the context of a deeply entrenched patriarchal system that limited their choices This work examines two diverging paths of women s agency during this period to rescue from genocide or to perpetrate genocide It seeks to answer three questions First how were certain Rwandan women mobilized to participate in genocide and by whom Second what were the specific actions of women during this period of violence and upheaval Finally what were the trajectories of women rescuers and perpetrators after the genocide Comparing and contrasting how women rescuers and perpetrators were mobilized the actions they undertook and their post genocide trajectories and concluding with a broader discussion of the long term impact of ignoring these women this book develops a more nuanced and holistic view of women s agency and the genocide in Rwanda This book will be of much interest to students of gender studies genocide studies African politics and critical security studies The Open Access version of this book available at <https://www.routledge.com/Gender+and+the+Genocide+in+Rwanda+Women+as+Rescuers+and+Perpetrators/Brown/p/book/9780367188092> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

**Connected Histories** Eva Pfanzelter, Dirk Rupnow, Éva Kovács, Marianne Windsperger, 2024-09-23 The World Wide Web WWW and digitisation have become important sites and tools for the history of the Holocaust and its commemoration Today some memory institutions use the Internet at a high professional level as a venue for self presentation and as a forum for the discussion of Holocaust related topics for potentially international transcultural and interdisciplinary user groups At the same time it is not always the established institutions that utilise the technical possibilities and potential of the Internet to the maximum Creative and sometimes controversial new forms of storytelling of the Holocaust or more traditional ways of remembering the genocide presented in a new way with digital media often come from people or groups who are not in the realm of influence of the large memorial sites museums and archives Such private stagings have experienced a particular upswing since the boom of social media This democratisation of Holocaust memory and history is crucial though it is as yet undecided how much it will ultimately reinforce old structures and cultural regional or other inequalities or reinvent them The Digital space as an arbitrary and limitless archive for the mediation of the Holocaust spanning from Russia to Brazil is at the centre of the essays collected in this volume This space is

also considered as a forum for negotiation a meeting place and a battleground for generations and stories and as such offers the opportunity to reconsider the transgenerational transmission of trauma family histories and communication Here it becomes evident there are new societal intentions and decision making structures that exceed the capabilities of traditional mass media and thrive on the participation of a broad public

*Rescue and Flight* Susan Elisabeth Subak, 2010-05-01 When Susan Elisabeth Subak discovered that members of the Unitarian Church had helped her Jewish father immigrate to the United States she was unaware of the impact the organization had made during World War II After years of research Subak uncovers the little known story of the Unitarian Service Committee which rescued European refugees during World War II and the remarkable individuals who made it happen The Unitarian Service

Committee was among the few American organizations committed to helping refugees during World War II. The staff who ran the committee assisted those endangered by the Nazi regime from famous writers and artists to the average citizen. Part of a larger network of American relief workers, the Unitarian Committee helped refugees negotiate the official and legal channels of escape, and when those methods failed, the more complex underground channels. From their offices in Portugal and southern France, they created escape routes through Europe to the United States, South America, and England, and rescued thousands, often at great personal risk.
