Spyros Kyritsis, 2001 The 1st World Conference and Technology Exhibition on Biomass for Energy and Industry held in
Sevilla in June 2000 brought together for the first time the traditional European Conference on Biomass for Energy and
Industry and the Biomass Conference of the Americas thus creating the largest and most outstanding event in the worldwide
biomass sector The conference elaborated innovative global strategies projects and efficient practice rules for energy and the
environment at a key stage in the industry's development New concepts and projects were highlighted to increase the social
and political awareness for a change in worldwide resource consumption and to promote economically socially and
environmentally sustainable development for the next millennium In 2 volumes the Proceedings include some 470 papers
essential to an understanding of current thinking practice research and global developments in the biomass sector a vital
reference source for researchers manufacturers and policy makers involved or interested in the use of biomass for energy
and industry *Farming Systems Research And Development* W. W. Shaner, 2019-03-08 In recent years policy makers have
been paying more attention to the problems of small farmers in developing countries with the idea of increasing their pro
duction and standard of living The policy makers objectives are twofold I 1 I to help those whose welfare is materially below
the rest of society and 121 to help a coun try increase its agricultural production With adequate agricultural policies these
two objectives are mutually reinforcing For example increased food production gives farm households additional food for
consumption and surpluses for sale Farmers can then use the money from these sales to buy items they do not produce and
the buyers of farm products benefit from the increased sup plies
