Seeking Peace In Our Time Toward Global Defense Policy Laws

Stewart Patrick

Seeking Peace In Our Time Toward Global Defense Policy Laws:

NATO and the European Union Hall Gardner, 2017-07-05 The perspectives of academics and practitioners are brought together in this insightful work which examines the war on terrorism the Iraq war and the roles of NATO and the EU The book analyzes the new threats posed by terrorist strikes and the proliferation of weapons of mass destruction despite the total failure of Cold War conceptions of deterrence It also delineates the key issues and problems that have arisen from the NATO and EU double enlargement and from the new NATO Russian relationship Casting light on the global and regional ramifications of the crisis as well as the tensions in the transatlantic relationship caused by the war with Iraq NATO and the European Union addresses the key policy questions that concern the maintenance of global peace and security

Inside the Cold War From Marx to Reagan Sven F. Kraemer, 2015-09-16 A long time U S policy insider s scholarly and encyclopedic history with unprecedented analysis of the official documents of the Cold War explores its Marxist Leninist totalitarian roots faltering pre Reagan U S strategies of Containment MAD and D tente and the Reagan Revolution This book details Reagan s integrated new strategies in defense arms control diplomacy information and intelligence and support for the faiths and forces of freedom that collapsed the Soviet ideology and empire International Law and Security in Indo-Pacific Joanna Siekiera, 2025-08-01 This book uses an interdisciplinary approach to discuss international law and conflict in the Indo Pacific region covering topics such as maritime security climate change and international relations Detailing how international relations and particular state interests govern regional and global partnerships the book provides suggestions for the future of the Indo Pacific region Exploring how conflict within the region has international repercussions topics covered include the role of South East Asian countries and the role of statehood of small islands in Oceania Detailing harmonization of laws and policies in the context of international security and maritime law the book focuses on the impact of climate change and other topical issues such as cyber security and the protection of cultural identity The book will be of interest to researchers in the field of international law law of the sea international relations and security **Bulletin of the Atomic Scientists** , 1961-03 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world US Department of State Dispatch , 1995 India's National

Security Satish Kumar, 2012-02-27 Each year this annual gives readers an in depth and up to date account of India's external and internal threats in a deteriorating global security environment It shows that while partnerships with some countries have strengthened anxieties persist with others such as China and Pakistan Similarly India has not been able to cope with the challenges of internal security emerging from violence in Kashmir insurgency in the northeast to mention a few A unique series with contributions from academics political commentators and military personnel

Sociological Abstracts Leo P. Chall, 2001 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

Problems of Communism , 1981

The Sovereignty Wars Stewart Patrick, 2019-05-21 Protecting sovereignty while advancing American interests in the global age Americans have long been protective of the country's sovereignty beginning when George Washington retired as president with the admonition for his successors to avoid permanent alliances with foreign powers Ever since the nation has faced persistent often heated debates about how to maintain that sovereignty and whether it is endangered when the United States enters international organizations treaties and alliances about which Washington warned As the recent election made clear sovereignty is also one of the most frequently invoked polemical and misunderstood concepts in politics particularly American politics The concept wields symbolic power implying something sacred and inalienable the right of the people to control their fate without subordination to outside authorities Given its emotional pull however the concept is easily hijacked by political opportunists By playing the sovereignty card they can curtail more reasoned debates over the merits of proposed international commitments by portraying supporters of global treaties or organizations as enemies of motherhood and apple pie Such polemics distract Americans from what is really at stake in the sovereignty debate namely the ability of the United States to shape its destiny in a global age The United States cannot successfully manage globalization much less insulate itself from cross border threats on its own As global integration deepens and cross border challenges grow the nation's fate is increasingly tied to that of other countries whose cooperation will be needed to exploit the shared opportunities and mitigate the common risks of interdependence The Sovereignty Wars is intended to help today's policymakers think more clearly about what is actually at stake in the sovereignty debate and to provide some criteria for determining when it is appropriate to make bargains over sovereignty and how to make them
