She Captains Joan Druett, 2001-05-29 With her pistols loaded she went aboard And by her side hung a glittering sword In her belt two daggers well armed for war Was this female smuggler Was this female smuggler who never feared a scar If a hen frigate was any ship carrying a captain's wife then a she captain is a bold woman distinguished for courageous enterprise in the history of the sea She captains who infamously possessed the bodies of women and the souls of men thrilled and terrorized their shipmates doing deeds beyond the valor of women Some were bold and crafty pirates with broadsword in hand Others were sirens too like the Valkyria Princess Alfhild whom the mariners made rover captain for her beauty Like their male counterparts these astonishing women were drawn to the ocean's beauty and its danger In her inimitable yarn spinning style award winning historian Joan Druett tells us what life was like for the women who dared to captain ships of their own don pirates garb and perform heroic and hellacious deeds on the high seas We meet Irish raider Grace Grania O Malley sometimes called the bald Grania because she cut her hair short like a boy's who commanded three galleys and two hundred fighting men Female pirates Anne Bonny and Mary Read were wanted by the law Armed to the teeth with cutlasses and pistols they inspired awe and admiration as they swaggered about in fancy hats and expensive finery killing many a man who cowered cravenly before them Lovelorn Susan Put on a jolly sailor's dress And daubed her hands with tar To cross the raging sea On board a man of war to be near her William Others disguised themselves for economic reasons In 1835 Ann Jane Thornton signed on as a ship's steward to earn the fair wage of nine dollars per month When it was discovered that she was a woman the captain testified that Jane was a capital sailor but the crew had been suspicious of her from the start because she would not drink her grog like a regular seaman In 1838 twenty two year old Grace Darling led the charge to rescue nine castaways from the wreck of the Forfarshire the Titanic of its day I'll save the crew she cried her courageous pledge immortalized in a torrent of books songs and poems Though she captains had been sailing for hundreds of years by the turn of the twentieth century Scotswoman Betsey Miller made headlines by weathering storms of the deep when many commanders of the other sex have been driven to pieces on the rocks From the warrior queens of the sixth century B C to the women shipowners influential in opening the Northwest Passage Druett has assembled a real life cast of characters whose boldness and bravado will capture popular imagination Following the arc of maritime history from the female perspective She Captains intrepid crew sails forth into a sea of adventure

The Life and Times of Gilbert and Sullivan Jim Whiting, 2005-09 What is probably the most famous pairing in musical history began without fanfare in 1871 when writer William S Gilbert and composer Arthur Sullivan teamed up to produce a Christmas entertainment called Thespis The two men parted ways soon afterward and it took a theatrical promoter named Richard D'Oyly Carter to reunite them four years later Their first big hit came in 1878 with their operetta H M S Pinafore It reached the United States the following year and

created the same excitement that we associate with a major rock concert or blockbuster movie Despite some disagreements the two men produced 11 other operettas before going their separate ways Today Gilbert and Sullivan societies exist all over the world Audiences still enjoy their combination of clever humorous lyrics and tuneful melodies The World's Great Sailing Ships Ollivier Puget,1998 Small United States and United Nations Warships in the Korean War Paul M. Edwards,2015-01-28 From rubber landing boats to picket boats to minesweepers smaller support vessels did much of the work of the Korean War and endured many of the dangers and hardships Rarely mentioned in histories of the war they served functions essential to keeping the United States Navy and the United Nations partners in active duty This volume delivers an overview of the various kinds of vessels involved the difficulties of mobilizing the aging American fleet at a time when a significant downsizing had been expected and the design and specification considerations of the support vessels needed for the new war effort It lists the individual support vessels and details the degree of their involvement often providing photographs as well as comments from men who served aboard the ships Architecture's Historical Turn Jorge Otero-Pailos,2013-11-30 Architecture s Historical Turn traces the hidden history of architectural phenomenology a movement that reflected a key turning point in the early phases of postmodernism and a legitimating source for those architects who first dared to confront history as an intellectual problem and not merely as a stylistic question Jorge Otero Pailos shows how architectural phenomenology radically transformed how architects engaged theorized and produced history In the first critical intellectual account of the movement Otero Pailos discusses the contributions of leading members including Jean Labatut Charles Moore Christian Norberg Schulz and Kenneth Frampton For architects maturing after World War II Otero Pailos contends architectural history was a problem rather than a given Paradoxically their awareness of modernism s historicity led some of them to search for an ahistorical experiential constant that might underpin all architectural expression They drew from phenomenology exploring the work of Bachelard Merleau Ponty Heidegger and Ricoeur which they translated for architectural audiences Initially the concept that experience could be a timeless architectural language provided a unifying intellectual basis for the stylistic pluralism that characterized postmodernism It helped give theory especially the theory of architectural history a new importance over practice However as Otero Pailos makes clear architectural phenomenologists could not accept the idea of theory as an end in itself In the mid 1980s they were caught in the contradictory and untenable position of having to formulate their own demotion of theory Otero Pailos reveals how ultimately the rise of architectural phenomenology played a crucial double role in the rise of postmodernism creating the antimodern specter of a historical consciousness and offering the modern notion of essential experience as the means to defeat it **Historical Encyclopedia of Illinois** Newton Bateman,Paul Selby,1902 **Two Centuries of Maine Shipbuilding** Nathan Lipfert,2021-11-15 From the moment colonists at Popham launched the first ship constructed in the New World in 1608 Maine has been a shipbuilding powerhouse Celebrating the bicentennial of Maine historian Nathan

Lipfert in cooperation with the Maine Maritime Museum explores the rich history of Maine shipbuilding Though concentrating primarily on shipbuilding activity in the two centuries since statehood the book begins with pre 1820 activity including native canoe making the oldest known birchbark canoe is in a Maine museum and colonial period shipbuilding Covering the entire coast this rich visual history focuses on the industry and the vessels produced highlighting Maine s national and international importance in shipbuilding over the past two centuries and its continuing relevance to national security the fisheries yachting and harbor craft Ancient Stone Sites of New England and the Debate Over Early European Exploration, 2d ed. David Goudsward, 2023-10-11 In New England today there are megalithic stones stone chambers and structures carvings and petroglyphs even an unidentified skeleton in armor that defy easy explanation From Maine to Massachusetts this work examines various unexplained historical remains in New England exploring not only the layout and dimensions of such sites some reminiscent of Stonehenge with their huge stones astronomical alignments and undiscovered purposes but also the history and possible explanations for their existence Theories regarding Norse Phoenician Irish Celtic and Native American origins are presented here in an impartial and logical manner Sites discussed include Dighton Rock in Berkley Massachusetts Newport Tower in Newport Rhode Island the Bellows Falls Petroglyphs in Bellows Falls Vermont and Mystery Hill in North Salem New Hampshire also known as America s Stonehenge with expanded coverage new to this edition Historical Encyclopedia of Illinois and Biographical Memoirs Newton Bateman, Paul Selby, 1917 *Biographical and Memorial Edition of the Historical Encyclopedia of Illinois* Newton Bateman, Paul Selby, 1915 The Black Joke A.E. Rooks, 2022-01-18 A groundbreaking history of the Black Joke the most famous member of the British Royal Navy s anti slavery squadron and the long fight to end the transatlantic slave trade The most feared ship in Britain s West Africa Squadron His Majesty s brig Black Joke was one of a handful of ships tasked with patrolling the western coast of Africa in an effort to end hundreds of years of global slave trading Sailing after the spectacular fall of Napoleon in France yet before the rise of Queen Victoria s England Black Joke was first a slaving vessel itself and one with a lightning fast reputation only a lucky capture in 1827 allowed it to be repurposed by the Royal Navy to catch its former compatriots Over the next five years the ship s diverse crew and dedicated commanders would capture more ships and liberate more enslaved people than any other in the Squadron Now author A E Rooks chronicles the adventures on this ship and its crew in a brilliant lively narrative of the history of Britain s suppression efforts As Britain slowly attempted to snuff out the transatlantic slave trade by way of treaty and negotiation enforcing these policies fell to the Black Joke and those that sailed with it as they battled slavers weather disasters and interpersonal drama among captains and crew that reverberated across oceans In this history of the daring feats of a single ship the abolition of the international slave trade is revealed as an inexplicably extended exercise involving tense negotiations between many national powers both colonizers and formerly colonized that would stretch on for decades longer than it should have Harrowing and heartbreaking The Black Joke is a crucial and deeply compelling work of

history both as a reckoning with slavery and abolition and as a lesson about the power of political will or the lack thereof
