wife However Mr Ebert had a good reason for not answering the question that way Matt Sandler asked about women not goddesses 2 To advertise its Razzles candy Mars Candy decided to use a Cleveland Ohio show in which comedian Ron Sweed aka The Ghoul hosted several mostly bad horror movies The Ghoul criticized the candy for weeks and the more he criticized it the more its sales went up In gratitude Mars Candy delivered a case of Razzles to The Ghoul The case of candy remained on the set of The Ghoul s show for year unopened What Was The Film When? has never been a fully researched definitive narrative biography of the duo from birth to death Louvish traces the early lives of Stanley Jefferson and Norvell Hardy and the surrounding minstrel and variety theatre which influenced all of their later work Louvish examines the rarely seen solo films of both our heroes prior to their serendipitous pairing in 1927 in the long lost short Duck Soup The inspired casting teamed them until their last days Both often married they found balancing their personal and professional lives a nearly impossible feat Between 1927 and 1938 they were able to successfully bridge the gap between silent and sound films which tripped up most of their prominent colleagues Their Hal Roach and MGM films were brilliant but their move in 1941 to Twentieth Century Fox proved disastrous with the nine films made there ranking as some of the most embarrassing moments of cinematic history In spite of this Laurel and Hardy survived as exemplars of lasting genius and their influence is seen to this day The clowns were elusive behind their masks but now Simon Louvish can finally reveal their full and complex humanity and their passionate devotion to their art In Stan and Ollie The Roots of Comedy The Double Life of Laurel and Hardy Louvish has seamlessly woven tireless and thorough research into an authoritative biography of these two important and influential Hollywood pioneers

This study questions the widely held perception that books as an artistic medium are superior to and more respectable than film or television sometimes considered frivolous and pernicious Criticism of both the big and small screens often obscures their signal accomplishments and the entertainment and insight they provide The author analyzes our distaste for these media and the romanticizing of the printed word that accompanies it and argues that books and films are in fact quite complementary A broad survey of film and TV offerings explores what enacted narratives have taught us about the nature of childhood
