The Self-Overcoming of Nihilism Keiji Nishitani,1990-10-02 Translation of an

important work by the contemporary Japanese philosopher Keiji Nishitani Nāgārjunian Disputations Thomas E. Wood,1994-01-01 This is a defense of the earlier nihilist interpretation NI of the Madhyamaka against some of the leading non nihilist interpretations NNI that have arisen to challenge it in recent times *The Formless Self* Joan Stambaugh,1999-01-01 Gathering and interpreting material that is not readily available elsewhere this book discusses the thought of the Japanese Buddhist philosophers Dogen Hisamatsu and Nishitani Stambaugh develops ideas about the self culminating in the concept of the Formless Self as formulated by Hisamatsu in his book *The Fullness of Nothingness* and the essay *The Characteristics of Oriental Nothingness* and further explicated by Nishitani in his book *Religion and Nothingness* These works show that Oriental nothingness has nothing to do with the nineteenth and twentieth century Western concept of nihilism Instead it is a positive phenomenon enabling things to be Does Buddhism teach annihilation? A Discussion in the light of Buddhist concept of Nirvana Frederik Frank,2017-06-02 Academic Paper from the year 2016 in the subject Theology Miscellaneous grade 1 0 The University of Hong Kong course Life and Buddhism language English abstract In comparison to e g Christianity and its concept of Heaven and Hell Buddhism does not give a concrete positive description of Nirvana since it lies beyond what human language is able to explain Buddhism mostly circumscribes Nirvana by saying that it is the absence of suffering and the exit of the cycle of rebirths Therefore by interpreting Nirvana the final goal of Buddhism without further knowledge one could tend to believe that Buddhism aims for the annihilation of oneself In order to analyse whether this statement is correct I will provide a more in depth understanding of what Nirvana is how Buddhism deals with the identity or the self Anatta of an individual and in what way this is linked to the cycle of rebirths This goal of the essay with regards to content will be achieved by firstly clarifying the underlying principle of Nirvana and how it is imbedded into Buddhist teaching Secondly by taking into account various literature and reflecting on these I will elaborate on the human language the typical philosophical dualism of possible states after death and finally as the main part of this paper I will discuss the law of cause and effect the impermanence and the Buddhist concept of non self Anatta Focusing on the last three subtopics I will then transfer these ideas on the essay question to reason a justified conclusion **Emptiness Appraised** David Burton,2002
