Pioneer Cook The Weekly Time:

The ABC Movie of the Week Michael McKenna, 2013-08-22 On September 23 1969 five years after the first made for television movie premiered the ABC network broadcast *Seven in Darkness* This was the first television film for an anthology show called the Tuesday Night Movie of the Week Dedicating ninety minutes of weekly airtime to a still emerging genre was a financial risk for the third place network a risk that paid off The films were so successful that in 1972 the network debuted *The Wednesday Movie of the Week* Although most of the movies are no longer remembered a handful are still fondly recalled by viewers today including *Duel* *Brian's Song* and *The Night Stalker* The series also showcased pilot films for many eventual series such as *Alias Smith and Jones* *The Six Million Dollar Man* and *Starsky and Hutch* By the end of both shows regular runs in the spring of 1975 the network had broadcast more than 200 made for television films In *The ABC Movie of the Week Big Movies for the Small Screen* Michael McKenna examines this programming experiment that transformed the television landscape and became a staple of broadcast programming for several years The author looks at how the revolving films showcased the right mixture of romantic comedy action horror and social relevance to keep viewers interested week after week McKenna also chronicles how the ratings success led to imitations from the other networks resulting in a saturation of television movies As a cultural touchstone for millions who experienced the first run and syndicated versions of these films *The ABC Movie of the Week* is a worthy subject of study Featuring a complete filmography of all 240 movies with credit information and plot summaries a chronology and a list of pilots both failed and successful this volume will be valuable to television historians and scholars as well as to anyone interested in one of the great triumphs of network programming

Miscellaneous Publications University of Alaska (College), 1927 **A Bibliography of Alaskan Literature, 1724-1924** James Wickersham, 1927 Contains the titles of all histories travels voyages newspapers periodicals public documents etc printed in English Russian German French Spanish etc relating to descriptive of or published in Russian America or Alaska from 1724 to and including 1924 *Pioneer Woman* Elizabeth Thompson, 1991-03-01 Elizabeth Thompson develops the idea of the pioneer woman as an archetypal character firmly entrenched in Canadian fiction and the Canadian consciousness Thompson's broad definition of the concept of pioneer can be seen to reflect the history of Canadian women starting with the pioneers of settlement and continuing through the pioneers of spiritual perfection and psychological liberation Various versions of the pioneer woman have appeared in English Canadian fiction since Traill's development of the

character type Sara Jeannette Duncan's *The Imperialist* and Ralph Connor's *The Man From Glengarry* and *Glengarry School Days* feature pioneer women who cope not only with physical frontiers but also with those grounded in social and personal concerns. More recently Margaret Laurence used this character type in *The Stone Angel*, *A Jest of God* and *The Diviners* with characters who inhabit internal personal frontiers. Thompson argues that the longevity of this character type in English Canadian fiction reveals an affinity between the pioneer woman and a common conception of the role of women in Canadian society. She suggests that the role for women proposed by the early immigrants was an appropriate choice for the Canadian frontier regardless of the location and nature of that frontier.

Willing's Press Guide, 1906 Coverage of publications outside the UK and in non English languages expands steadily until in 1991 it occupies enough of the Guide to require publication in parts. *Willing's Press Guide and Advertisers' Directory and Handbook*, 1899

Writing the Pioneer Woman Janet Floyd, 2002 Focusing on a series of autobiographical texts published and private well known and obscure *Writing the Pioneer Woman* examines the writing of domestic life on the nineteenth century North American frontier. In an attempt to determine the meanings found in the pioneer woman's everyday writings from records of recipes to descriptions of washing floors Janet Floyd explores domestic details in the autobiographical writing of British and Anglo American female emigrants.

Pioneer Photographers from the Mississippi to the Continental Divide Peter E. Palmquist, Thomas R. Kailbourn, 2005 This biographical dictionary of some 3 000 photographers and workers in related trades active in a vast area of North America before 1866 is based on extensive research and enhanced by some 240 illustrations most of which are published here for the first time. The territory covered extends from central Canada through Mexico and includes the United States from the Mississippi River west to but not including the Rocky Mountain states. Together this volume and its predecessor *Pioneer Photographers of the Far West: A Biographical Dictionary 1840-1865* comprise an exhaustive survey of early photographers in North America and Central America excluding the eastern United States and eastern Canada. This work is distinguished by the large number of entries, by the appealing narratives that cover both professional and private lives of the subjects and by the painstaking documentation. It will be an essential reference work for historians, libraries and museums as well as for collectors of and dealers in early American photography. In addition to photographers the book includes photographic printers, retouchers and colorists and manufacturers and sellers of photographic apparatus and stock. Because creators of moving panoramas and optical amusements such as dioramas and magic lantern performances often fashioned their works after photographs, the people behind those exhibitions are also discussed.

Representing Rural Women Margaret Thomas-Evans, Whitney Womack Smith, 2019-06-27 *Representing Rural Women* highlights the complexity and diversity of representations of rural women in the U S and Canada from the nineteenth to twenty first centuries. The 15

chapters in this collection offer fresh perspectives on representations of rural women in literature popular culture and print digital and social media They explore a wide range of time periods geographic spaces and rural women s experiences including Mormon pioneer women rural lesbians in the 1970s Canadian rural women s organizations and rural trans youth In their stories these women and girls navigate the complex realities of rural life create spaces for self expression develop networks to communicate their experiences and challenge misconceptions and stereotypes of rural womanhood The chapters in this collection consider the ways that rural geography allows freedoms as well as imposes constraints on women s lives and explore how cultural representations of rural womanhood both reflect and shape women s experiences

American Newspapers, 1821-1936 Avis Gertrude Clarke,1937 **Pioneer Mother Monuments** Cynthia Culver Prescott,2019-04-04

For more than a century American communities erected monuments to western pioneers Although many of these statues receive little attention today the images they depict sturdy white men saintly mothers and wholesome pioneer families enshrine prevailing notions of American exceptionalism race relations and gender identity Pioneer Mother Monuments is the first book to delve into the long and complex history of remembering forgetting and rediscovering pioneer monuments In this book historian Cynthia Culver Prescott combines visual analysis with a close reading of primary source documents Examining some two hundred monuments erected in the United States from the late nineteenth century to the present Prescott begins her survey by focusing on the earliest pioneer statues which celebrated the strong white men who settled and conquered the West By the 1930s she explains when gender roles began shifting new monuments came forth to honor the Pioneer Mother The angelic woman in a sunbonnet armed with a rifle or a Bible as she carried civilization forward an iconic figure resonated particularly with Mormon audiences While interest in these traditional monuments began to wane in the postwar period according to Prescott a new wave of pioneer monuments emerged in smaller communities during the late twentieth century Inspired by rural nostalgia these statues helped promote heritage tourism In recent years Americans have engaged in heated debates about Confederate Civil War monuments and their implicit racism Should these statues be removed or reinterpreted Far less attention however has been paid to pioneer monuments which Prescott argues also enshrine white cultural superiority as well as gender stereotypes Only a few western communities have reexamined these values and erected statues with more inclusive imagery Blending western history visual culture and memory studies Prescott s pathbreaking analysis is enhanced by a rich selection of color and black and white photographs depicting the statues along with detailed maps that chronologically chart the emergence of pioneer monuments

The Frontier in American Culture Richard White, Patricia Nelson Limerick, 1994-10-17 Log cabins and wagon trains cowboys and Indians Buffalo Bill and General Custer These and other frontier images pervade our lives from fiction to films to advertising where they attach themselves to products from pancake syrup to cologne blue jeans to banks Richard White and Patricia Limerick join their inimitable talents to explore our national preoccupation with this uniquely American image Richard White examines the two most enduring stories of the frontier both told in Chicago in 1893 the year of the Columbian Exposition One was Frederick Jackson Turner s remarkably influential lecture The Significance of the Frontier in American History the other took place in William Buffalo Bill Cody s flamboyant extravaganza The Wild West Turner recounted the peaceful settlement of an empty continent a tale that placed Indians at the margins Cody s story put Indians and bloody battles at center stage and culminated with the Battle of the Little Bighorn popularly known as Custer s Last Stand Seemingly contradictory these two stories together reveal a complicated national identity Patricia Limerick shows how the stories took on a life of their own in the twentieth century and were then reshaped by additional voices those of Indians Mexicans African Americans and others whose versions revisit the question of what it means to be an American Generously illustrated engagingly written and peopled with such unforgettable characters as Sitting Bull Captain Jack Crawford and Annie Oakley The Frontier in American Culture reminds us that despite the divisions and denials the western movement sparked the image of the frontier unites us in surprising ways
