Piri Reis Map Of 1513:

The Piri Reis Map of 1513 Gregory C. McIntosh, 2000 One of the most beautiful maps to survive the Great Age of Discoveries the 1513 world map drawn by Ottoman admiral Piri Reis is also one of the most mysterious Gregory McIntosh has uncovered new evidence in the map that shows it to be among the most important ever made This detailed study offers new commentary and explication of a major milestone in cartography Correcting earlier work of Paul Kahle and pointing out the traps that have caught subsequent scholars McIntosh disproves the dubious conclusion that the Reis map embodied Columbus's Third Voyage map of 1498 showing that it draws instead on the Second Voyage of 1493 1496 He also refutes the popular misinterpretation that Reis's depictions of Antarctica are evidence of either ancient civilizations or extraterrestrial visitation McIntosh brings together all that has been previously known about the map and also assembles for the first time the translations of all inscriptions on the map and analyzes all place names given for New World and Atlantic islands His work clarifies long standing mysteries and opens up new ways of looking at the history of exploration **The Piri Reis Map of 1513**, 1962 **The Piri Reis Map of 1513** Charles H. Hapgood, 1962 *The Piri Reis Map of 1513* Charles H. Hapgood, Keene State College, 1962 [The Piri Reis Map of 1513](#) Charles H. Hapgood, 1962 **The Genesis Column** W. Joseph Stallings, 2018-08-08 It is the assertion of Old Earth Creationism that God created the Earth and then made it into an inhabitable environment over the course of a week of epoch long creation days It is the assertion of modern science that the Earth is 4.6 billion years old and has reached such an age by passing through a number of geologic periods that are differentiated by stratigraphic paleontological and other empirical markers Therefore it seems very logical that if one holds to the veracity of these two basic assertions then the long creation days of Genesis and the geologic ages of modern science can and should be effectively correlated with one another in some cohesive and systematic manner Here we offer our origins correlation model The Genesis Column which does just that **Hidden History** Brian Haughton, 2007-01-15 An archaeologist explores history's most fascinating enigmas from the ancient Druids to the mysteries of the Mayan calendar and the lost city of Atlantis Across thousands of years of history so called lost civilizations still speak to us through their artifacts and architecture In Hidden History archaeologist Brian Haughton fills the gap between archaeology and alternative history using the latest available data and a common sense open minded approach Divided into three sections this expertly researched volume shares the secrets of Mysterious Places Unexplained Artifacts and Enigmatic People Haughton introduces readers to the greatest mysteries of the ancient world from the labyrinthine palace of Knossos on Crete to the pyramids of Egypt the remote jungle temples of Peru and the megalithic mystery of Stonehenge But he also goes further to explore historical puzzles like the Coso Artifact the possibility of ancient flight and the Voynich Manuscript as well as mysterious peoples from the Magi and the Druids to the Knights Templar and the Green Children With more than 50 photographs and illustrations this is the ideal reference work for those interested in the archaeology of these great enigmas **Genius of**

Ancient Man Don Landis, 2012 Evidences and commonalities explored from ancient man around the globe Why structures echoing the Tower of Babel have been recreated on almost every continent and major culture What artifacts and archaeology technology and innovation really reveal about the origin of mankind Why many biblical symbols rainbows human sacrifice mountains the Son sun worship were and continue to be distorted in pagan religious practices What the historical record reveals about Satan's counterfeit of God's plan for humanity All over the world there are similar findings of ancient religions cities and towers world travel advanced astronomy and civilized government Over the course of two years a team of researchers from Jackson Hole Bible College has worked to bring together the different pieces of the convoluted mystery and history of ancient man Hours of researching trips to various sites around North and Central America visits to museums and meetings with experts have provided the team with an overwhelming amount of evidence for the intelligence of these early innovators A jumble of anomalies and magnificent structures continue to confound archaeology and anthropology today yet as the dots are connected one finds history as described in the biblical record *The History and Future of Narragansett Bay* Capers Jones, 2006 The book covers 10 000 years of the history of Narragansett Bay Topics include the geology of the Bay paleo Indians pre Colombian exploration Indian Tribes living near the Bay and the economic history and future of the Bay region *The Falklands Saga* Graham Pascoe, 2024-02-15 The Falklands Saga presents abundant evidence from hundreds of pages of documents in archives and libraries in Buenos Aires La Plata Montevideo London Cambridge Stanley Paris Munich and Washington DC some never printed before many printed here for the first time in English and where different in their original languages Spanish French German Italian Latin or Dutch It provides the facts to correct the fallacies and distortions in accounts by earlier authors It reveals persuasive evidence that the Falklands were discovered by a Portuguese expedition at the latest around 1518 19 and not by Vespucci or Magellan It demonstrates conclusively that the Anglo Spanish agreement of 1771 did not contain a reservation of Spanish rights that Britain did not make a secret promise to abandon the islands and that the Nootka Sound Convention of 1790 did not restrict Britain's rights in the Falklands but greatly extended them at the expense of Spain For the first time ever the despairing letters from the Falklands written in German in 1824 to Louis Vernet by his brother Emilio are printed here in full in both the original German and in English translation revealing the total chaos of the abortive 1824 Argentine expedition to the islands This book reveals how tiny the Argentine settlement in the islands was in 1826 33 In April 1829 there were only 52 people and there was a constant turnover of population many people stayed only a few months and the population reached its maximum of 128 only for a few weeks in mid 1831 before declining to 37 people at the beginning of 1833 This work also refutes the falsehood that Britain expelled an Argentine population from the Falklands in 1833 That myth has been Argentina's principal propaganda weapon since the 1960s in its attempts to undermine Falkland Islanders right to self determination In fact Britain encouraged the residents to stay and only a handful left the islands A crucial document printed here is the 1850 Convention of Peace between Argentina and Britain At Argentina's

insistence this was a comprehensive peace treaty which restored perfect friendship between the two countries Critical exchanges between the Argentine and British negotiators are printed here in detail which show that Argentina dropped its claim to the Falklands and accepted that the islands are British That and the many later acts by Argentina described here definitively ended any Argentine title to the islands The islands history is placed in its world context with detailed accounts of the First Falklands Crisis of 1764 71 the Second Falklands Crisis of 1831 3 the Years of Confusion 1811 1850 and the Third Falklands Crisis of 1982 the Falklands War as well as a Falklands perspective on the First and Second World Wars including the Battle of the Falklands 1914 and the Battle of the River Plate 1939 with extensive details and texts from German sources The legal status of the Falklands is analysed by reference to legal works to United Nations resolutions on decolonisation and to rulings by the International Court of Justice which together demonstrate conclusively that the islands are British territory in international law and that the Falkland Islanders who have now 2024 lived in their country for over 180 years and for nine generations are a unique people who are holders of territorial sovereignty with the full right of external self determination

The ^ABoundless Sea David Abulafia,2019-09-16 A sweeping history of the world through its oceans and seas and their interconnections *Ice Age Hidden History* Learn Alchemical,2025-08-28 What if the story of civilization did not begin in Mesopotamia Egypt or the Indus Valley but thousands of years earlier in the shadows of the Ice Age *Ice Age Hidden History* challenges the conventional timeline and explores the possibility that advanced human cultures once thrived long before recorded history only to be erased by floods climate upheaval and the rising seas of a world in transition From the megalithic enclosures of G bekli Tepe to the enigmatic Yonaguni Monument beneath the Pacific from the drowned plains of Doggerland to the colossal stones of Baalbek this book journeys across the globe to investigate anomalies that defy orthodox explanations Were these structures the work of scattered hunter gatherers or do they hint at a deeper legacy a mother culture whose knowledge and memory survive only in myths of flood fire and forgotten gods Drawing on archaeology geology genetics and comparative mythology *Ice Age Hidden History* reveals how fragile our vision of the past truly is and how much remains buried beneath the earth and sea Far from idle speculation this is a serious inquiry into the gaps controversies and overlooked evidence that challenge the story we ve been told Readers are invited to look again at the ruins the myths and the science and to consider the unsettling possibility that civilization is not a one way climb but a cycle of rise destruction and rebirth *Ice Age Hidden History* is for seekers of the ancient mysteries lovers of archaeology and anyone willing to entertain the notion that the human story is far older stranger and richer than we dare imagine *The World's Strangest Unexplained Mysteries* Jay Hawkins,2012-01-15 This fascinating volume explores the strangest and spookiest mysteries found around the world From Stonehenge in England to the Great Pyramid in Egypt this book examines the many explanations and remaining questions associated with these amazing creations Also included are crop circles and the Bermuda Triangle **Atlantis in the Caribbean** Andrew Collins,2016-09-15 An in depth investigation of the mounting evidence that Atlantis was located in

the Bahamas and Caribbean near Cuba in particular Explains how Atlantis was destroyed by a comet the same comet that formed the mysterious Carolina Bays Reveals evidence of complex urban ruins off the coasts of Cuba and the Bahamas Shows how pre Columbian mariners visited the Caribbean and brought back stories of Atlantis s destruction Compares Plato s account with ancient legends from the indigenous people of North and South America such as the Maya the Quich and the Yuchi of Oklahoma The legend of Atlantis is one of the most intriguing mysteries of all time Disproving many well known Atlantis theories and providing a new hypothesis the evidence for which continues to build Andrew Collins shows that what Plato recounts is the memory of a major cataclysm at the end of the last Ice Age 13 000 years ago when a comet devastated the island of Cuba and submerged part of the Bahaman landmass in the Caribbean He parallels Plato s account with corroborating ancient myths and legends from the indigenous people of North and South America such as the Maya of Mesoamerica the Quich of Peru the Yuchi of Oklahoma the islanders of the Antilles and the native peoples of Brazil The author explains how the comet that destroyed Atlantis in the Caribbean was the same comet that formed the mysterious and numerous elliptical depressions known as the Carolina Bays found across the mid Atlantic United States He reveals evidence of sunken ruins off the coasts of both Cuba and the Bahamas ancient complexes spanning more than 10 acres that clearly suggest urban development and meticulously planned road systems Revealing the identity of Plato s opposite continent as ancient America Collins argues that Plato s story was first carried back to the Mediterranean world by trans Atlantic mariners such as the Phoenicians and Carthaginians as early as the first millennium BC He offers additional ancient trans Atlantis trade evidence from Egyptian mummies Roman shipwrecks in the Western Atlantic and the African features of giant stone heads in Mexico Piecing together the final days of Atlantis and the wildfires earthquakes tsunamis days of darkness and advancement of ice sheets that followed the ancient comet s impact Collins establishes not only that Atlantis did indeed exist but also that remnants of it survive today most obviously in Cuba Atlantis s original central island

The Gilligan Principle
Steve Lee, 2013-07-23 In today s pop culture many use Darwin s teachings in an attempt to explain away the profound marvel of our existence as nothing more than the product of random accident The Gilligan Principle by Steve Lee offers a critical rebuff to this philosophy detailing both the impossible technical problems facing the formation of the many complex components of life by random means while also discussing the detrimental effects this modern philosophy has had on society as a whole Drawing upon fundamental scientific principles hard logic and a range of discoveries that demonstrate the remarkable sophistication and elegance found in a living cell e g DNA the world s smallest motor hemoglobin etc Lee underscores the impossibility of this oft quoted yet vacuous explanation for life Blending Scientific research with social commentary The Gilligan Principle goes beyond the technical problems confronting Darwinism focusing on the alarming rise in social dysfunction precipitated by a culture that embraces the me first animal impulse paradigm for society The Gilligan Principle is a must read for those interested in both the technical problems that sharply challenge the random accident

explanation for life as well as the alarming rise in social dysfunction now tearing our societies apart and which now threatens to push modern civilization to a very dark end Alpha to Omega Matthew Petti,2012 Petti s unprecedented perspective will forever challenge the way people thinkabout God human origins ancient mysteries and Revelation s foretold perilsand deceptive abuse of mistaken beliefs *The Encyclopedia of Out of Place Artifacts* Martin K. Ettington,2022-07-21 Out of Place Artifacts is a fascinating subject There are too many of these unusual objects for them to be fakes I ve already written several books on this subject including Strange Objects Which Should Not Exist More Out of Place Objects and A 300 Million Year Old Civilization Existed on Earth In this book I ve compiled everything I could find out about these unusual finds from my prior three books and additional research 54 artifacts are covered in detail I ve included all of this information except that specifically related to Aliens and UFOs since that information is in my books on those topics The information here is presented in five parts Part A Artifacts Found in Historical Times Part B Very Ancient Objects to Millions of Years Old Part C A Civilization 300 Million Years Ago Part D Human Footprints in Rock Part E Artifacts of Undetermined Ages I hope you find all of this information as interesting as I do since it changes our understanding of the history of our planet in incredible ways

The Ancient Alien Question, 10th Anniversary Edition Philip Coppens,2025-09-12 an important and outstanding contribution Erich von D niken bestselling author of Chariots of the Gods The Ancient Alien Question provides a captivating adventure around the world and sheds an interesting perspective on the Ancient Astronaut Theory Giorgio A Tsoukalos producer of Ancient Aliens The Series Philip Coppens covers all the bases on this controversial topic His research is thorough and he addresses each topic with a balanced overview that cuts through the jungle of confusion with a very sharp machete of reason David Hatcher Childress author of Technology of the Gods The Ancient Alien Question reveals an array of astonishing truths including A radically different understanding of the pyramids and how they were constructed The extraordinary stories behind monuments such as the Nazca lines and Puma Punku How extraterrestrials came to our planet and the evidence that supports this Analyzing the historical and archaeological evidence Philip Coppens demonstrates that there is substantial proof that our ancestors were far more technologically advanced than currently accepted and that certain cultures interacted with nonhuman intelligences Our ancestors were clearly not alone Fifty years after Erich von D niken posed these questions in Chariots of the Gods Coppens provides clear concise answers to the great historical enigmas in an accessible readable format Your view of human history will never be the same again **Ancient Aliens** Philip Coppens,2014-12-15 Ancient civilizations generated many innovations that are difficult to explain such as the remarkable mathematical accuracy of the pyramids of Giza the man made fertile soil of the Amazon known as terra preta and massive stone monuments too heavy to move in Peru and Lebanon among other places Given that modern science cannot explain these mysterious phenomena one theory holds that ancient aliens were responsible for them This volume examines the credibility of various paranormal hypotheses giving readers the opportunity to explore the greatest puzzles of antiquity **The code of hathor deciphered**

Kris Van den Driessche, 2020-12-31 How can we understand our past But more than that how is our past useful for understanding our present You can find geological information archaeological finds or fossils but the further back in time the more difficult it is to find them and this is where ancient legends and traditions come into play but the more ancient they are the less understandable Kris Van den Driessche takes us on a voyage of analysis and discovery exploring myths and religious beliefs in conjunction with archaeological finds He helps us rediscover the most ancient legends starting with those in which the planets stars constellations the Sun and the Moon were worshipped and then analysing the mechanism of the one almighty god and the precession movement considered the most sacred and holy knowledge worshipped all over the world In this book the author leads us to the discovery of our deepest and most hidden past providing explanations for some of the most striking events and giving an answer to how the Earth turned upside down but leaving us with a big dilemma regarding our future Kris Van den Driessche was born in Aalst Belgium in 1968 He studied economics at the University of Brussels In 1998 he moved to Italy where he is now the CEO of his own company Since he was 15 together with his brother he has been deeply interested in everything that is science or is beyond science in other words anomalies that cannot be explained by science So since then he has studied and investigated in order to find explanations on topics such as our distant and dark history strange natural phenomena extraterrestrial connections biological evolution the basic axioms of physics mathematics and astronomy and everything that cannot be explained This led him to realise that some of the explanations given by official political and scientific representatives in our society are far from correct and sometimes even ridiculous often based on obsolete ideas narrow thinking the fear of stepping outside our institutional beliefs or the abuse of religious economic political or academic power In this way because of the orbit of our solar system and based on thousands of different pieces of evidence he discovered the shocking truth about a physical reversal of the Earth every 12 888 years which caused the biblical flood and which will soon strike again
