Fiona Edmonds

Roman Carlisle And The Post Roman Kingdoms:

Post-Roman Carlisle and the Kingdoms of the North-west Ronald Cunliffe Shaw, 1964 **Post-Roman Kingdoms** Raffaele D'Amato, 2023-01-19 Meticulously researched this book examines the evidence for the post Roman military forces of France and Britain during the Dark Ages reconstructing their way of life and the battles they fought in compelling detail The collapse of the former Western Roman Empire during the so called Dark Ages c AD 410 was gradual and piecemeal Out of this vacuum arose regional tribes and leaders determined to take back kingdoms that were theirs and oust any Roman presence for good However the Roman guard was tenacious and survived in small pockets that emerged in both Gaul and Britain These areas of Romano Celtic resistance held out against the Saxons until at least the mid 6th century in Britain and against the Visigoths and the Merovingian Franks until the late 8th century in France Drawing on archaeological finds contemporary sculpture and manuscript illuminations Dr Raffaele D Amato presents contemporary evidence for 5th to 9th century Gallic and British Dark Age armies and reconstructs their way of life and the battles they fought The text accompanied by photographs and colour illustrations paints an intricate picture of how these disparate groups of Roman soldiers survived and adapted on the fringes of the Roman Empire Post Roman Carlisle and the Kingdoms of the North-West ... Second Edition. [With Illustrations.]. Ronald Cunliffe Shaw, 1964 **Gaelic Influence in the Northumbrian Kingdom** Fiona Edmonds, 2019 WINNER OF THE FRANK WATSON BOOK PRIZE 2021 SHORTLISTED IN SCOTLAND S NATIONAL BOOK AWARDS 2021 The first full scale interdisciplinary treatment of the wide ranging connections between the Gaelic world and the Northumbrian kingdom Northumbria was the most northerly Anglo Saxon kingdom its impressive landscape featured two sweeping coastlines which opened the area to a variety of cultural connections This book explores influences that emanated from the Gaelic speaking world including Ireland the Isle of Man Argyll and the kingdom of Alba the nascent Scottish kingdom It encompasses Northumbria s Golden Age the kingdom s political and scholarly high point of the seventh and early eighth centuries and culminates with the kingdom s decline and fragmentation in the Viking Age which opened up new links with Gaelic Scandinavian communities Political and ecclesiastical connections are discussed in detail the study also covers linguistic contact material culture and the practicalities of travel bringing out the realities of contemporary life This interdisciplinary approach sheds new light on the west and north of the Northumbrian kingdom the areas linked most closely with the Gaelic world Overall the book reveals the extent to which Gaelic influence was multifaceted complex and enduring Dr FIONA EDMONDS is Reader in History and Director of the Regional Heritage Centre at Lancaster University **A Companion to the Early Middle Ages** Pauline Stafford, 2012-12-26 Drawing on 28 original essays A Companion to the Early Middle Ages takes an inclusive approach to the history of Britain and Ireland from c 500 to c 1100 to overcome artificial distinctions of modern national boundaries A collaborative history from leading scholars covering the key debates and issues Surveys the building blocks of political society and considers whether there were

fundamental differences across Britain and Ireland Considers potential factors for change including the economy Christianisation and the Vikings *The Lost Dark Age Kingdom of Rheged* Ronan Toolis, Christopher Bowles, 2017-01-31

Trusty's Hill is an early medieval fort at Gatehouse of Fleet Dumfries and Galloway The hillfort comprises a fortified citadel defined by a vitrified rampart around its summit with a number of enclosures looping out along lower lying terraces and crags The approach to its summit is flanked on one side by a circular rock cut basin and on the other side by Pictish Symbols carved on to the face of a natural outcrop of bedrock This Pictish inscribed stone is unique in Dumfries and Galloway and southern Scotland and has long puzzled scholars as to why the symbols were carved so far from Pictland and even if they are genuine The Galloway Picts Project launched in 2012 aimed to recover evidence for the archaeological context of the inscribed stone but far from validating the existence of Picts in this southerly region of Scotland the archaeological context instead suggests that the carvings relate to a royal stronghold and place of inauguration for the local Britons of Galloway around AD 600 Examined in the context of contemporary sites across southern Scotland and northern England the archaeological evidence from Galloway suggests that this region may have been the heart of the lost Dark Age kingdom of Rheged a kingdom that was in the late sixth century pre eminent amongst the kingdoms of the north The new archaeological evidence from Trusty's Hill enhances our perception of power politics economy and culture at a time when the foundations for the kingdoms of Scotland England and Wales were being laid *Post Roman Carlisle and the Kingdoms of the North-west* Ronald Cunliffe Shaw, 1963 *The Origins of Lancashire* Denise Kenyon, 1991 *The North-south Divide* Helen M. Jewell, 1994 The North South divide in England is rooted in prehistory and attested throughout recorded time in widely varied sources This book traces its development from earliest times and provides a corrective to the popular notion that the divide only originated with the Industrial Revolution A major theme of the study is the development of northern consciousness and the presence of Scotland across the northern border is seen as an important factor in shaping northern English identity as well as the attitudes of southern kings and governments to the north **The Men of the North** Tim Clarkson, 2012-09-28 The North Britons are the least known among the inhabitants of early medieval Scotland Like the Picts and Vikings they played an important role in the shaping of Scottish history during the first millennium AD but their part is often neglected or ignored This book aims to redress the balance by tracing the history of this native Celtic people through the troubled centuries from the departure of the Romans to the arrival of the Normans The fortunes of Strathclyde the last surviving kingdom of the North Britons are studied from its emergence at Dumbarton in the fifth century to its eventual demise in the eleventh Other kingdoms such as the Edinburgh based realm of Gododdin and the mysterious Rheged are examined alongside fragments of heroic poetry celebrating the valour of their warriors Behind the recurrent themes of warfare and political rivalry runs a parallel thread dealing with the growth of Christianity and the influence of the Church in the affairs of kings Important ecclesiastical figures such as Ninian of Whithorn and Kentigern of Glasgow are discussed

partly in the hope of unearthing their true identities among a tangled web of sources The closing chapters of the book look at how and why the North Britons lost their distinct identity to join their old enemies the Picts as one of Scotland's vanished nations

Roman Carlisle And The Post Roman Kingdoms Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever.
