Colour of Paradise Kris E. Lane, 2010-03-30 Among the magnificent gems and jewels left behind by the great Islamic empires emeralds stand out for their size and prominence For the Mughals Ottomans and Safavids green was as it remains for all Muslims the color of Paradise reserved for the Prophet Muhammad and his descendants Tapping a wide range of sources Kris Lane traces the complex web of global trading networks that funneled emeralds from backland South America to populous Asian capitals between the sixteenth and the eighteenth centuries Lane reveals the bloody conquest wars and forced labor regimes that accompanied their production It is a story of trade but also of transformations how members of profoundly different societies at opposite ends of the globe assigned value to a few thousand pounds of imperfectly shiny green rocks

Anthropology of Precious Minerals
Elizabeth Ferry, Annabel Vallard, Andrew Walsh, 2020 Based on a Wenner Gren international workshop held at the Royal

Ontario Museum this book addresses the complexity of human mineral engagements through ethnographic case studies and anthropological reflections on different people and the minerals they deem precious **Minerals in Africa** Francis Gudyanga, 2020-08-10 Africa's dire need to industrialize is universally acknowledged and it is evident that the continent's vast mineral resources can catalyze that industrialization This requires the promotion of local beneficiation and value addition of minerals to yield materials on which modern Africa's industry and society can rely This book is therefore about transforming Africa's comparative advantages in minerals into the continent's competitive edge regarding materials Mineral beneficiation and value addition form the basis and provide opportunities for mineral driven Africa's industrialization The scope of the book is three fold with inter connected relationships Information Technical and Policy oriented It will be a useful reference material for mining undergraduate students on beneficiation and value addition of each of the minerals found in Africa The book while presenting a broad overview of beneficiation and value addition of Africa's minerals provides crucial starting material for postgraduate research students and R D institutions who wish to delve into more advanced methods of extraction and utilization of mineral derived materials that are in Africa for the purpose of industrialization of the continent

Fire and Blood Diane Morgan, 2007-11-30 The ruby is the world's most precious and rare stone For the ancient Hindus the ruby was Rajnapura the Gem of Gems at whose heart surges an eternal unquenchable flame Yet for all its rarity and beauty the ruby has always been a slightly sinister stone Indian legend says the ruby was born from the blood of a demon Indeed the ruby is very close to a wild living being fiery passionate and dangerous It has been at the center of love and wars a symbol of passion greed and strong magic Ancient sages and modern crystal healers have credited it with strange powers from the granting of prophetic insight to protecting one from bullets It has long been part of the human journey coveted fought over and feared Morgan considers all the beautiful and terrifying facets of this magnificent stone scientific economic mythological and spiritual She discusses the great stones and great heists of the ruby world and the famous fakes too the great Black Prince and renowned Timur She closes with a discussion of the making of synthetic rubies and the laser beam
