

GERALD POSNER

Author of the *New York Times* bestseller *WHY AMERICA SLEPT*

"Posner argues, concisely and forcefully, [that] the thirst for Saudi oil and the greed of American companies . . . have driven the United States into an unseemly alliance with a corrupt ruling family." — *The New York Times*

SECRETS OF THE KINGDOM

THE INSIDE STORY OF THE

Secrets Of The Kingdom The Inside Story Of The Saudi S Connection

Nabil Khalifé

Secrets Of The Kingdom The Inside Story Of The Saudi U S Connection:

Secrets of the Kingdom Gerald L. Posner, 2005 Explores the secret alliance between the United States and the ruling family of Saudi Arabia revealing details of the impact of the Saudis on American businesses and politics including big oil interests and covert military plans **Who Writes Arab History?** Joseph A. Kéchichian, 2016-09-01 At a time of profound regional and international transformations that extend beyond the political Middle Easterners in general and Arabs in particular ponder their future as well as how to best preserve and protect their interests and equally important their cultures As non Arabs interpret and opine about Arab civilization far more than indigenous thinkers how can we understand what motivates scholars and opinion makers and how can Arab analysts highlight indigenous perspectives What are the core factors that separate non Arab scholars from their Arab counterparts Can the perceptions of nearly 500 million individuals be mislabeled so frequently and so easily and what ought to be done to repair the damage already done Do Arab thinkers bear any responsibility for what may appear to be little more than a campaign to denigrate To answer these questions this paper first offers an overview of the dilemmas involved then identifies and analyses two major concerns censorship and translation matters and finally focuses on the case of the Kingdom of Saudi Arabia to test the assertion that books authored by non Arabs many of whom shroud themselves in the cloak of authority but in reality harbor a sharp dislike if not outright hatred of Arabs dominate over works written by Arabs The paper closes with a few recommendations that call on Arab thinkers to overcome existing academic as well as journalistic prejudices **Secrets of the Kingdom** Gerald Posner, 2008-01 The Saudi petrodollars that have flooded into the U S during the last 30 years have affected American business politics society This book focuses on Saudi power as flexed with billions of dollars in oil revenues It reveals some ways in which the Kingdom has manipulated American institutions policies Saudi Arabia acts much like every other country trying to cultivate U S support influence foreign policy on issues it considers important learn about what America might do that could affect its own national interests But what makes the Kingdom different from many other countries with similar ambitions is the power of its money It has succeeded on a scale unmatched by other countries This is the inside story of its success **Regime Stability in Saudi Arabia** Stig Stenslie, 2012-08-21 This book examines the structure of political power amongst elites inside Saudi Arabia and how they might cope with the very serious challenge posed by succession Presenting a new and refreshing theoretical approach that links elite integration with regime stability the author shows that the kingdom's royal elite is far more integrated than it has generally been given credit for Based on extensive field work inside Saudi Arabia the book offers a detailed up to date survey and assessment of all the key sectors of the elites in the country The author examines how the succession process has been used in highly different circumstances including deposition assassination and death by old age and demonstrates how regime stability in Saudi Arabia rests on the royal family's ability to unite and to solve the challenge of succession He offers a strong analysis of intra ruling family mechanisms and dynamics in this notoriously private royal family

and addresses the question of whether as the number of royals rapidly grows the elite is able to remain integrated Providing a rare insight into the issues facing the royal family and ruling elite in Saudi Arabia this book will be of great interest to scholars and students of Middle Eastern politics and Saudi Arabia in particular Few Call It War Robert Michael Hicks, 2016-07-26 A highly readable and well documented account of the use and abuse of religion for violent political ends This is a book well worth reading Timothy J Demy ThD PhD coauthor of *In the Name of God* Most Americans could not fathom how Islamic terrorists could bring down the World Trade Center or an army psychiatrist could turn on his own soldiers taking their lives in the name of his religion How could an ex army veteran blow up a federal building or a Jewish doctor gun down Muslims at worship None of these incidents fit our conceptions of the benevolence of religion More importantly is there something inherent within religions that justifies the taking of human lives In *Few Call It War* Dr Robert Hicks explores these questions and takes the blinders off illuminating the roots of religious violence what religious terrorists have in common and how they differ As Hicks points out all major religions have used violence and terrorist methodologies at some points in their histories *Few Call It War* reveals how the teachings of religious founders and the sacred writings attributed to them provide rich soil from which contemporary religious clerics and ideologues gain converts If one is interested in gaining an answer to the question Of all the religions in the world which are most prone to using violence *Few Call It War* provides a well reasoned answer that is well worth the read A masterpiece in the study of religiously motivated terrorism He has been fair in his critique of all religions including movements within Judaism and even Christianity Robert L Brennemann PhD professor Intercultural Studies North Central University *Terrorist Groups and the New Tribalism* Jeffrey Kaplan, 2010-02-25 The central focus of this book is a small but vitally important group of movements that constitute a distinct fifth wave of modern terrorism here called the New Tribalism *Terrorist Groups and the New Tribalism* examines a collection of terrorist or insurgent movements whose similarity in tactics strategic vision and desire to radically reshape their worlds to conform with a Golden Age dream of perfection which is to be achieved through a genocidal or ethnic cleansing process to make way for the emergence of a new radically perfected tribal utopia in a single generation These shared strategic and tactical factors allow them to be examined through a comparative lens as a distinct fifth wave of modern terrorism Structured around the theoretical framework of David Rapoport's Four Waves thesis the book examines anomalous movements that began within a distinct wave of international terrorism but following a crisis model has turned inwards toward radical localism tribalism and xenophobia The text is divided between theory and in depth case studies of the Ugandan Lord's Resistance Army and the Sudanese Janjaweed It concludes with a design for further field work based research This book will be of interest to students of Terrorism and Political Violence Genocide Conflict Studies African politics and Political Science in general Jeffrey Kaplan is an Associate Professor of Religion and the Director of the Institute for the Study of Religion Violence and Memory at the University of Wisconsin Oshkosh He is the author of 11 books on terrorism and political violence **The Arab Nationalist**

Advisor Joseph A. Kéchichian, 2022-11-01 Shaykh Yusuf Yassin 1892-1962 marked the contemporary history of the Kingdom of Saudi Arabia in his capacity as a favorite advisor who was the founder monarchs confidential secretary, relentless envoy and chief foreign policy consultant. Born in Latakia, Syria, Yassin earned the confidence of King Abdul Aziz bin Abdul Rahman Al Saud and moved to Riyadh even before the Third Saudi Kingdom was inaugurated in 1932. After obtaining citizenship, he participated in critical decisions reached by the ruler as regional and international actors honed in on the wealth of the Arabian Peninsula. Over the course of several decades, Yusuf Yassin met with and negotiated on behalf of three monarchs: Abdul Aziz and his two successors, Saud and Faysal, with Arab and global leaders. He was present at the creation of the country and suggested that al-Saudiyyah be added to its very name: Al Mamlakah al Arabiyyah al Saudiyyah, which reflected his personality and political outlook as an Arab nationalist who cherished the founder. Joseph Kechichian has written the first political biography of the statesman based on original documents, the Yassin Papers, as well as Western diplomatic correspondence. Kechichian provides insights into the Nationalist Al Saud Advisor who left his mark on Saudi Arabia. The volume provides essential background on a man who rose from humble origins in Syria to espouse Arabian values and walks the reader through nearly five decades of Arab history, including the repercussions of the infamous 1916 Sykes-Picot Agreement, the creation of the League of Arab States, and various Arab crises. These events experienced and engaged with by Shaykh Yusuf Yassin at the highest political and diplomatic levels set the stage that empowered Saudi Arabia along with other Arab States with the wherewithal to succeed for their respective peoples. *Crossing Zero* Elizabeth Gould, Paul Fitzgerald, 2011-02-22 The war in Afghanistan has become the most complex foreign policy problem the United States has ever faced, spreading into Pakistan and involving the conflicting interests of Russia, India, China, and Iran. Written as a companion to Elizabeth Gould and Paul Fitzgerald's widely acclaimed book *Invisible History: Afghanistan's Untold Story*, *Crossing Zero* focuses on the nuances of the Obama administration's evolving military and political strategy, the people implementing it, and the long-term consequences for the United States and the region. Fitzgerald and Gould have consistently raised the difficult questions and inconvenient truths about western engagement in Afghanistan. While many analysts and observers have attempted to wish a reality on a grim and tragic situation in Afghanistan, Fitzgerald and Gould have systematically dug through the archives and historical record with integrity and foresight to reveal a series of misguided strategies and approaches that have contributed to what has become a tragic quagmire in Afghanistan. I suspect that many of their assessments, while presently viewed as controversial and contentious, will eventually be considered conventional wisdom. Thomas Johnson Americans are now beginning to grasp the scope of the mess their leaders made while pursuing misguided military adventures into regions of Central Asia we once called remote. How this happened and what the US can do to extricate itself from its entanglements in Pakistan and Afghanistan is the story of *Crossing Zero*. Based on decades of study and research, this book draws lines and connects dots in ways few others do. It is clear, sober, and methodical, an ideal

handbook for anyone seeking to understand how the US became the latest imperial power to blunder into this turbulent and fascinating region Stephen Kinzer author of *All the Shah's Men* and *Reset Iran Turkey and America's Future* I loved it An extraordinary contribution to understanding war and geopolitics in Afghanistan that will shock most Americans by its revelations of official American government complicity in using shielding sponsoring and supporting terrorism A devastating indictment on the behind the scenes shenanigans by some of America's most respected statesmen Daniel Estulin Gould and Fitzgerald have identified the triumphalist strain that has marked American foreign policy over the past 100 years and documented President Obama's failure to introduce change to American national security policy The war in Afghanistan is consistent with previous failures in US policymaking over the past 50 years as well as with the misuse of military force This book should be required reading at the National Security Council and the Pentagon Melvin A Goodman CIA Senior Soviet Analyst 1966 1990 Professor of International Security at the National War College 1986 2004 Senior Fellow Center for International Policy Washington DC Paul Fitzgerald and Elizabeth Gould a husband and wife team began working together in 1979 co-producing a documentary for Paul's television show *Watchworks* Called *The Arms Race and the Economy A Delicate Balance* they found themselves in the midst of a swirling controversy that was to boil over a few months later with the Soviet invasion of Afghanistan Their acquisition of the first visas to enter Afghanistan granted to an American TV crew in the spring of 1981 brought them into the middle of the most heated Cold War controversy since Vietnam But the pictures and the people inside Soviet occupied Afghanistan told a very different story from the one being broadcast on the evening news

Thicker Than Oil Rachel Bronson, 2008-06-05 For fifty five years the United States and Saudi Arabia were solid partners Then came the 9/11 attacks which sorely tested that relationship In *Thicker than Oil* Rachel Bronson reveals why the partnership became so intimate and how the countries shared interests sowed the seeds of today's most pressing problem Islamic radicalism Drawing on a wide range of archival material declassified documents and interviews with leading Saudi and American officials and including many colorful stories of diplomatic adventures and misadventures Bronson chronicles a history of close and always controversial contacts She argues that contrary to popular belief the relationship was never simply about oil for security Saudi Arabia's geographic location and religiously motivated foreign policy figured prominently in American efforts to defeat godless communism From Africa to Afghanistan Egypt to Nicaragua the two worked to beat back Soviet expansion But decisions made for hardheaded Cold War purposes left behind a legacy that today enflames the Middle East Looking forward Bronson outlines the challenges confronting the relationship The Saudi government faces a zealous internal opposition bent on America's and Saudi Arabia's destruction Yet from the perspective of both countries the status quo is clearly unsustainable *Plan C* Pat Murphy, 2008-06-01 A sustainability expert goes beyond renewables calling on us to combat the climate crisis with a new low energy way of life Concerns over climate change and energy depletion are increasing exponentially Mainstream solutions still assume that some miracle will cure our climate ills without requiring us

to change our energy intensive lifestyle But switching from fossil fuels to renewable energy sources isn't enough We need a Plan C In response to the converging crises of Peak Oil climate change and increasing inequity sustainability expert Pat Murphy offers an inspiring vision of community and curtailment Where cooperation replaces competition we can deliberately reduce consumption of consumer goods Plan C shows how each person's individual choices can dramatically reduce CO2 emissions offering specific strategies in the areas of food transportation and housing

Global Political Economy and New World Disorder Sean Creaven, 2025-04-24 Drawing upon a range of resources of critique including critical realist social theory realist international relations theory the sociology of globalization the Marxist critique of imperialism and dependency theory this book is an essential contribution to the critical understanding of nationalism and imperialism in the global age It conducts a sustained and in depth analysis of the relations between the asymmetry in the distribution of economic resources and powers of command and the recent play of political events involving imperialist wars including the Russo Ukrainian and Israeli Hamas wars Crucially the author argues that establishing these connections requires theorizing political economy in the so called global age as comprised of neoimperial and neoliberal orders As such the book offers a new interpretation of the relations between neoliberalism and neoimperialism and between modes of organizing social relations and resulting global disorders and instabilities This will therefore be of interest to researchers scholars and students working at the intersection of global political economy international relations and the sociology of globalization

Legal and Political Reforms in Saudi Arabia Joseph A. Kechichian, 2013 The fractious relationship between the United States and Saudi Arabia has long been a central concern in Washington In the aftermath of 9/11 and amongst ongoing wars the United States confronts an acute dilemma how to cooperate with Riyadh against terrorism whilst confronting acute anti Americanism Using information gathered from extensive interviews with a plethora of officials this book aims to analyze Saudi domestic reforms It addresses the significant deficiency of information on such diverse matters as the judiciary and ongoing national dialogues but also provides an alternative understanding of what motivates Saudi policy makers How these reforms may impact on future Saudi decision making will surely generate a slew of policy concerns for the United States and this study offers a few clarifications and solutions This book will be of interest to anyone seeking a new perspective on the motivation behind legal and political reforms in Saudi Arabia and the effects of these reforms beyond the Middle East

Modernity and the Pandemic Sean Creaven, 2023-12-01 Modernity and the Pandemic Decivilization Imperialism and COVID 19 applies the tools of critical social theory to make sense of the COVID 19 crisis and presents a critical sociological analysis of aspects of the political and community response to the pandemic The book focuses on key themes integral to a sociology of pandemics in the global age Firstly Creaven argues that cultures of individualism and consumerism and of pervasive and deeply entrenched social inequalities that is decivilization significantly weaken the cause of public health by weakening the compliance of people with state mandated non pharmaceutical interventions including and especially physical distancing rules and encouraging vaccine

hesitancy Secondly Creaven examines how interstate competition and imperial politics have undermined an effective global policy response to the COVID 19 pandemic Policy failure with regard to the management of the pandemic is interpreted as being rooted in the dominance of neoliberal ideology and governance in the politics of international relations particularly in the politics of the leading state actors by protecting corporate interests at the expense of public health and in the constraints imposed on state actors by the competitive dynamic of multinational capitalism in the global age Modernity and the Pandemic will appeal to scholars in the humanities and social sciences with interests in neoliberalism and its social cultural and epidemiological impacts

The Erasure of Arab Political Identity Salam Hawa, 2017-01-20 This book explores the long history of the evolution of Arab political identity which predates the time of the Prophet Muhammad and is characterized by tolerance compassion generosity hospitality self control correct behaviour equality and consensus The author argues that present day struggles in many Arab countries to redefine politics and politics are related to the fact that the underlying political culture of the Arabs has been overridden for centuries by successive political regimes which have deviated from the original political culture that the Prophet adhered to The book outlines the political culture that existed before Islam examines how the Conquests and the rule of the early dynasties Umayyad and Abbasid of the Islamic world found it necessary to override it and analyses the effect of rule by non Arabs successively Mamluks Ottoman Turks and Western colonial powers It discusses the impact of these distortions on present day politics in the Arab world and concludes by appealing for a reawakening of and respect for the cultural elements underlying the origins of Arab political identity

The Encyclopedia of Middle East Wars Spencer C. Tucker, 2010-10-08 This in depth study of U S involvement in the modern Middle East carefully weighs the interplay of domestic cultural religious diplomatic international and military events in one of the world s most troubled regions The monumental five volume *The Encyclopedia of Middle East Wars The United States in the Persian Gulf Afghanistan and Iraq Conflicts* is a must have resource for anyone seeking to comprehend U S actions in this volatile region Under the expert editorship of Spencer C Tucker the encyclopedia traces 20th and 21st century U S involvement in the Middle East and south central Asia concentrating on the last three decades Beginning with the 1980 1988 Iran Iraq War it covers the 1979 1989 Soviet occupation of Afghanistan the 1991 Persian Gulf War allied punitive actions against Iraq during the 1990s the Afghanistan War the Iraq War and the Global War on Terror Many smaller military actions against Iran Iraq Libya Afghanistan and other regimes that have been involved in international terrorism are also included Diplomacy religion as it pertains to Middle East conflict and social cultural developments are other key subjects of analysis as is the interplay of politics with military policy in the United States and other nations involved in the region

Prophets and Princes Mark Weston, 2008-07-28 Saudi Arabia oil rich devoutly Muslim and a vital ally To many in the West Saudi Arabia is easy to criticize It is the birthplace of Osama bin Laden and fifteen of the nineteen 9 11 hijackers Saudi women are not permitted to drive work with men or travel without a man s permission Prior to 9 11 the Saudis sent millions

of dollars abroad to schools that taught Muslim extremism and to charities that turned out to be fronts for al Qaeda In Prophets and Princes a highly respected scholar who has lived in Saudi Arabia contends that despite these serious shortcomings the kingdom is still America s most important ally in the Middle East a voice for moderation toward Israel and a nation with a surprising ability to make many of the economic and cultural changes necessary to adjust to modern realities Author Mark Weston offers an objective and balanced history of the only nation on earth named after its ruling family Drawing on interviews with many Saudi men and women Weston portrays a complex society in which sixty percent of Saudi Arabia s university students are women and citizens who seek a constitutional monarchy can petition the king without fear of reprisal Filled with new and underreported information about the most controversial aspects of life in Saudi Arabia Prophets and Princes is a must read for anyone interested in the Middle East oil Islam or the war on terror **Energy Victory** Robert Zubrin,2010-09-09 In this compelling argument for a new direction in U S energy policy a world renowned engineer and the bestselling author of The Case for Mars lays out a bold plan for breaking the economic stranglehold that the OPEC oil cartel has on the world With a new Preface and Postscript by the author Three Kings Lloyd C. Gardner,2011-04 Three Kings reveals a story of America s scramble for political influence oil concessions and a new military presence based on airpower and generous American aid to shaky regimes in Saudi Arabia Iran Egypt and Iraq Marshaling new and revelatory evidence from the archives Lloyd Gardner deftly weaves together three decades of U S moves in the region to offer the first history of America s efforts to supplant the British empire in the Middle East From the early efforts to support and influence the Saudi regime including the creation of Dhahranairbase the target of Osama bin Laden s first terrorist attack in 1996 and the CIA engineered coup in Iran to Nasser s Egypt and finally the rise of Iraq as a major petroleum power Three Kings is a valuable contribution to our understanding of our still deepening involvement in this region Booklist As American policy makers and military planners grapple with the U S withdrawal from Iraq Gardner uncovers the largely hidden story of how the United States got into the Middle East in the first place **Making a Killing** Ian Michael Oxnevad,2021-10-15 The international financial system is not only economic but political Making a Killing explores the often overlooked world of terrorist financing and the involvement of the international banking system In order to address the threat of terrorist organizations in a post 9 11 world and how they are funded and financed in particular the international community has constructed a vast architecture of counterterrorist finance laws policies and institutions Connecting the fields of security studies political economy and finance Ian Oxnevad argues that a bank s institutional link to a state as a state owned bank or a bank with strong state connections will protect it from any enforcement action for violations of anti money laundering and counter terrorism financing regulations In the face of states blocking such enforcement actions these regulations prove ineffective in preventing the financing of terrorism as the state s self interest supersedes its interest in preventing terrorist financing Making a Killing seeks to assess how effective new laws and regulations have been as well as to identify best practices for

future attempts to counter the financing of terrorism

Attempt to Uproot Sunni-Arab Influence Nabil

Khalifé,2017-01-24 In the aftermath of popular uprisings that unleashed the quest for freedom Arab governments scrambled to limit sectarian divisions though much of these efforts came to naught Regrettably weak governments fell into carefully laid traps aimed to divide and rule Protracted wars further destroyed Arab wealth and cohesiveness and Sunni communities saw their power bases marginalised On cue and predicted by some commentators extremist movements like the so called Islamic State emerged targeting Sunnis with extreme violence In 2014 Nabil Khalife an established Lebanese thinker published a widely praised thesis that identified the root causes of renewed sectarian tensions at a time when confrontations polarised awakened Arab societies Based on an extensive discussion of the 1979 Iranian Revolution that toppled the Shah Khalife advanced the notion that the revolution was not Islamic but an Iranian Shiah rebellion that ended the Pahlavi military monarchy and that the post 2011 Sunni Shiah struggle was planned by leading Western powers including Russia to preserve Israel and impose the latters acceptance in the Middle East as a natural element In this translation of Istihdaf Ahl al Sunna Targeting Sunnis Joseph A Kechichian analyses the fundamental questions raised by the author to better place the current sectarian collision in a geo strategic global perspective Based on the books avowals of how the worlds three monotheistic religions perceive each other and Political Sunnism Kechichian assesses Henry Kissinger s famous appellation of the Middle World that houses significant and indispensable oil resources and why that allegedly makes it Political Sunnism dangerous In a comprehensive introduction to the translation he describes various initiatives that led global powers to check the undeniable force of Political Sunnism

Secrets Of The Kingdom The Inside Story Of The Saudi S Connection: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the fascinating narratives that have charmed audiences this year. Secrets Of The Kingdom The Inside Story Of The Saudi S Connection : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Secrets Of The Kingdom The Inside Story Of The Saudi S Connection : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
