Time Out London Early One Morning In the Roaring Twenties William Grover Williams and Frenchman Robert Benoist were teammates and rivals on the Bugatti racing team Locked in a fierce competition for the world championship they also raced to win the heart of the gorgeous Eve Aubicq Then the war changed everything and nothing As members of the British Special Operations Executive Grover Williams and Benoist dashed across France in support of the Resistance but it wasn't just the Nazis they had to watch out for Double agents were everywhere and friendship or love was no guarantee of loyalty Based on actual events this is an epic narrative of friendship rivalry and fast cars in occupied France Excellent The Daily Telegraph

The Blue Noon Harry Cole's rakish charm has served him well from London's East End to Hong Kong and now to occupied France where he's found the perfect cover as the debonair Captain Mason of the British Special Operations Executive Harry plans to wait out World War II and maybe make a little money in the meantime until a beautiful French nurse convinces him to join the Resistance just the kind of high wire act he was born to perform But the two lovers risk crossing the wrong person at every turn By war's end Harry is facing the one charge that even he might not be able to talk his way out of treason Ryan's exciting yarn is based on a true story The Daily Telegraph

The Blue Noon grips from page one Part intelligent thriller part love story it skillfully mixes real events and characters with fictional dialogue to create a novel that's damn near impossible to put down

Time Out London Night Crossing In fall 1938 in Berlin a British executive is stabbed to death and papers of utmost importance have gone missing Inspector Cameron Ross of the Metropolitan Police is sent to assist in the murder investigation but his real mission as outlined by his father Colonel Ross of the Secret Intelligence Service is to find out what was in those documents Ulrike Walter a beautiful young violinist knows more than she should She may be engaged to a member of the Hitler Youth but Ulrike and the British inspector have an undeniable chemistry When war is declared a year later Ulrike flees to England where she is immediately jailed as an enemy alien Her only chance for freedom is Cameron Ross

Ryan again deftly integrates a love story with thriller material and has patented a method combining invented characters with factual events
