The Academic-Practitioner Divide in Intelligence Studies Rubén Arcos, Nicole K. Drumhiller, Mark Phythian, 2022-04-14 Internationally the profession of intelligence continues to develop and expand So too does the academic field of intelligence both in terms of intelligence as a focus for academic research and in terms of the delivery of university courses in intelligence and related areas To a significant extent both the profession of intelligence and those delivering intelligence education share a common aim of developing intelligence as a discipline However this shared interest must also navigate the existence of an academic practitioner divide Such a divide is far from unique to intelligence it exists in various forms across most professions but it is distinctive in the field of intelligence because of the centrality of secrecy to the profession of intelligence and the way in which this constitutes a barrier to understanding and openly teaching about aspects of intelligence How can co operation in developing the profession and academic study be maximized when faced with this divide How can and should this divide be navigated The Academic Practitioner Divide in Intelligence provides a range of international approaches to and perspectives on these crucial questions

Chasing Shadows Ronald J. Deibert, 2025-02-04 In this real life espionage thriller cyber security expert Ronald Deibert uncovers the unseemly marketplace for high tech surveillance professional disinformation and computerized malfeasance and reveals how his team of digital sleuths at the Citizen Lab have lifted the lid on dozens of spy cases targeting innocent citizens around the world He recounts how the Lab exposed the world's pre eminent cyber mercenary firm Israel based NSO Group the creators of the phone hacking marvel Pegasus in a series of human rights abuses from domestic spying scandals in Spain Poland Hungary and Greece to its implication in the murder of Washington Post journalist Jamal Khashoggi in 2018 Today NSO Group once valued at over a billion dollars faces plummeting worth and an irretrievably tarnished reputation Chasing Shadows provides a front row seat to a dark underworld of digital espionage sabotage and subversion where autocrats and dictators peer into their targets lives with the mere press of a button spreading their tentacles of authoritarianism through a digital ecosystem that is insecure invasive by design poorly regulated and prone to abuse The brave activists opposition figures and journalists who dare to advocate for basic political rights and freedoms are hounded arrested tortured and sometimes murdered

Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 *Health Security Intelligence* Patrick F. Walsh, 2024-09-16 The book takes a multi disciplinary approach to explore the role national security intelligence agencies played in supporting national governments response to COVID 19 Spanning the Five Eyes intelligence countries UK USA Canada Australia and New Zealand this book offers the first cross comparative analysis of what intelligence agencies need to focus on in responding more effectively to future emerging health and biological security threats risks and hazards post COVID 19 The volume

addresses three principal issues First it investigates what roles the Five Eyes intelligence communities played along with other key stakeholders such as public health agencies in managing the COVID 19 pandemic Second it assesses the challenges of and lessons learnt from these intelligence communities engagement in managing aspects of the pandemic Third it explores how the Five Eyes might play more effective roles in managing future health security threats and risks whether those are intentional bioterrorism and bio crimes accidental laboratory releases or unintentional pandemics in origin Overall this book offers a coherent and holistic research agenda that seeks to improve understanding about the role of national security intelligence in managing health security threats and risks post COVID 19 This book will be of much interest to students of intelligence studies health security public health and International Relations The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
