**Starman After Midnight** Scott Semegran,2025-03-04 In suburban Wells Port things are not what they seem wild animals appear unexpectedly in backyards raised garden beds produce fruit in days not weeks and a mysterious figure lurks across sidewalks late at night The stories in *Starman After Midnight* weave an often hilarious and sometimes melancholy spell Four young boys are terrorized by a wiener dog on their walk to school but strategize for a safer route A beer loving man befriends a likeminded neighbor only to discover his jovial new acquaintance is a registered sex offender An elderly Uber driver suspects a young rider is being lured by a night stalker and debates whether he should help her or mind his own business Connecting these stories are two next door neighbors Seff and Big Dave who couldn t be more different one a progressive minded writer the other a conservative plumber Their love of

beer drinking backyard philosophizing and gossiping brings them together When several pets in the neighborhood wind up missing or worse dead Seff and Big Dave monitor their security cameras for the culprit When they discover a naked man roaming their street late at night suspicions are raised while hysteria spreads through the neighborhood social media app What is the connection between the missing pets and this naked man Seff and Big Dave form a posse of neighbors to find out Moving between humor and surrealism friendship and grief Starman After Midnight is a novel told in stories a collection that adds up to something greater than the sum of its parts From the quirky imagination of Scott Semegran Starman After Midnight packs a comedic punch and uncovers the magic that seems possible in ordinary places **Until Time Runs Out** Grayson Anderson-Brown,2013-09-05 Cappa is born a cripple raised a cripple and dies a cripple many Galaxies away in the Sirrom solar system In his death he dreams about another being far greater than himself 5 million years later he finds himself awoken on an alien vessel with the memories of his crippled life but the abilities of the one he has dreamed about for so long His arrival in the universe does not go unnoticed and he is recognised as Lord Capprona of Grasmere God of time While his dreams confirm this could he really be a God or is he just a vessel for powers which were never meant for him He soon finds himself pursued by beings even greater than himself With only his dreams connecting him to his new abilities he finds himself on the ultimate quest of discovery and survival *Reckoning* Shakir Rashaan,2016-06-14 Walter Mosley s Easy Rawlins series meets Law Order SVU in the third installment in the Kink P I series featuring modern day renaissance man Dominic Law whose ability to seamlessly navigate the dark streets and the complexities of the fetish world allow him to solve crimes that no one else can even at the risk of his own life After solving two of the more difficult cases of his short P I career Dominic Law feels like the worst might be over But before he can settle in to take on more routine cases and take a well deserved rest a series of intensely brutal homicides occur making him wonder if someone is truly out to get him A series of copycat murders from the previous Roman Numeral case begin to show up in different parts of the city while another crime scene close to home brings the specter of an old nemesis hell bent on revenge Dominic finds himself in the crosshairs in a race against time to solve the cases before the grim reaper can fulfill a promise in the most explosive installment of the Kink P I series yet Can Dominic postpone his reckoning or will it be too late *XIII* Kristina Konstantinova,2015-03-05 XIII is a collection of short stories that circle around one number and the girl that bears it proudly in black ink under her skin It is a simple roman numeral followed by thirteen lines The lines are all there to represent a story and how a life has been changed Real life is simple There is no climax no great adventure no fighting and explosions around every corner and no magic that will make everything better at the most opportune moment But real life is also hard and impossible to explain Most importantly life continues through the commercials and past the happily ever after Yet there are things in it almost like fiction hard to accept as real And although shown through stories and fantasies there are some things that must always be Such as love pain and obsession After all without all of those how could such a simple number hold so many people captive

with fiction readers everywhere      *Supreme Court Appellate Division* ,      *The platform reciter*, ed. by A.H. Miles Alfred Henry Miles, 1891      An Alien Like Me C. C. Knight, 2014-03-05 Usually someone's life story starts with chapter 1 but not in this case When many women become slaves in the world even before they were born and they are raped before they have a chance to become a young woman and are uprooted the day the age of a teen ends to become a full grown up they will not have any chapter Especially in the third world for them chapter 0 comes to life before their life starts and stays with them until they are old and vanish from this world But sometimes it takes only one hero to come in your dream to pull you out of your hurtful childhood and help you to find a way to the healing future and you decide to fully immune your soul and spirit and protect the childhood of many other children That is when you know that you are on the path to be able to start your chapter with number 1 a chapter that you can write about even if it hurts to write You can tell the world that you have your own head to write your own destiny you are proud to have That is when you are determined to go extra miles to write the history of your lost childhood The word destiny in Farsi means head wrote How do you write one's own destiny if there is nothing to put in the head in the first place I wonder In many countries the practice of raising slaves is still active in some villages and even in some cities And that gives birth to ill society Ill society doesn't stay still it wanders around the globe to collapse on noble society That's when victimization claws women back over and over again even when you are in a civilized country Because the mind and the body both are equally damaged Perhaps the reason for me to become a volunteer for a woman who was running for election in 2007 was born in my heart when I was seven years old and my grandma gave me a pen for a New Year's present and said You too can write And I kept the dream of writing about women in my mind since I was a little child who stood up to walk and was trained to walk a few steps behind the brothers So I think starting to write my side of story with chapter 1 will be a little confusing for everyone And I know it is impossible for a civilized world to imagine not having rights But even in civilized countries still many people think there is no such thing as an invisible chapter or if they hear of it they will say Who cares let it be it is on the other side of the earth not our problem So they decide to see this system of women slavery as an invisible society that is not a great threat to the society of our future generation      **Babel Tower** A. S. Byatt, 2012-04-18 The Booker Prize winning author of *Possession* presents an extraordinary story set against the backdrop of the 1960s a turbulent decade of clashing politics passionate ideals and shifting sexual roles At the heart of Babel Tower are two law cases twin strands of the Establishment's web that shape the story a painful divorce and custody suit and the prosecution of an obscene book Frederica the independent young heroine is involved in both She startled her intellectual circle of friends by marrying a young country squire whose violent streak has now been turned against her Fleeing to London with their young son she gets a teaching job in an art school where she is thrown into the thick of the new decade Poets and painters are denying the value of the past fostering dreams of rebellion which focus around a strange charismatic figure the near naked unkempt and smelly Jude Mason with his flowing gray hair a hippie before his time We feel the growing unease

the undertones of sex and cruelty The tension erupts over his novel Babbletower set in a past revolutionary era where a band of people retire to a castle to found an ideal community In this book as in the courtrooms as in the art school s haphazard classes and on the committee set up to study the teaching of language people function increasingly in groups Many are obsessed with protecting the young but the fashionable notion of children as innocent and free slowly comes to seem wishful and perilous In Byatt s vision the presiding genius of the day seems to be a blend of the Marquis de Sade and The Hobbit Peopled with weird and colorful characters charted with brilliant imaginative sympathy Babel Tower is as comic as it is threatening and bizarre
