Coert Coetzee,2011-09-01 Sekere finansi le geheime sal jy nooit op skool of universiteit leer nie en dit is gewoonlik juis die dinge wat die verskil maak tussen ryk en arm wees There are some financial secrets that you ll never be taught at school or university and it s normally these very things that make the difference between being rich and poor *How Can I See the Light When It's So Dark?* Linda Douty,2007-11-01 Gratitude is vitally important in our journey toward wholeness This book looks at the scriptural and psychological foundations of gratitude and the barriers to developing a thankful heart Specific tools and techniques are offered to facilitate gratitude Reflection questions and creative individual and group activities conclude each chapter *Dying to See the Light* Rita D Lovins,2015-03-06 Heaven is real You will learn that you are special and you are right where you are supposed to be right now This is the perfect time for you to read this book Included are the facts I learned that we create our own reality and you will learn why people are born to love others of the same sex or homosexuals When I learned why and how I came to be I was astonished It was so difficult to get the old teachings out of my head The reason for the creation of all is probably the biggest shock of everything I learned I still spend hours contemplating what I learned It will not sink in right away Believe me it takes time to come to grips to the reality of our creation and of all that is I learned how and why this all began **When You Can See the Light Within** Henry B. Naiken,2002 This book will change your life I know for what you are about to read has changed mine to a certain degree However I would like to properly articulate the overwhelming emotions and warmth from my heart for the man that I have known for more than 23 years His presence remains so influential in my life and so familiar to my family and me Indeed Dr Naiken is such a good friend a spiritual brother that most of the time we have come to function at the same level of mind we perceive the same thoughts intuitions and feelings about events to happen un strange as this may seem Since his early years Dr Naiken made his search for inner fulfillment the mark of planting seeds of what would eventually blossom into his dedication towards helping people reach their unlimited inner resources The account of personal power presented in this book actually happened to us In many cases the changes took place in the same amount of time it will take you to read about them These transformations which include the methods design to get you free from worldly problems are the result of initiation with the Guru Arvind Shrimali the son of Guru Dev Dr Narayan Dutt Shrimali of Jodhpur India You the counselor consultant coaches managers engineers athletes entrepreneurs executives and parents all kinds of people interested in personal and professional freedom this book is for you It didn t start here We set out on the 14 th of April 2002 with little more than our sincere desire that deliberate initiation was possible Dr Naiken has spent 30 years searching across the fields of psychology metaphysics brain management and spiritualism for ways to implement change that works He measured the success of his knowledge by

the results it could generate For 3 decades he searched for the keys to real and lasting change before deciding to go all the way His motive was personal as well as professional He wanted to assist his clients and anyone with an interest towards personal development with the necessary tools for overcoming difficulties and self imposed limitations As a mediator of change he wanted skills that could enhance those who were already accomplishing and increasing what was already outstanding For his own satisfaction he wanted to be able to move beyond fixing problems to awakening the giant within He s always believed that he could do be have and become more and that you can too Now more than ever in the time of human history approaches of diverse kinds have been pointing towards improving human potentials and increasing possibilities Some of them are well known with titles like positive thinking positive mental attitude visualisation affirmations inner child work goal setting and personal power You may even have tried your mind at some of them If your experience was like ours sometimes they worked and the results were truly marvelous Many times though they didn t And when they didn t no matter how much we wanted or needed them to work they wouldn t It was these erratic results that kept him searching even further for the real roots of change He knew he was already part of the way there He wanted to produce results consistently He wanted to know the difference that made the difference between an occasional or temporary relief and a deep lasting change Before I pen off I would like you to note two major points 1 If the secrets of this book is a unique gift from Godorn to this world than the deep knowledge and wisdom searched by Dr Naiken and presented here is indeed a gift to the whole of mankind 2 If some of the ideas in this book seem strange to you at first that is good Why Be cause it means you are sighting entirely new guide posts which will lead you up the right paths Have no dismay if you do not understand these teachings at first They are easy to grasp Other people *And My Eyes Could Not See the Light Anymore* Luchy B. The Light of Reason Gloria Excelsior,2014-10-28 Whenever there is pain and sorrow wealth is hidden from reality Whenever there is confusion disregard unworthiness there is a lurking fear that has not been uncovered These shadows cover the essence of self These shadows withdraw the self to a place of denial where the veil thickens condenses and becomes a dense cloud full of misrepresentations This dear ones is the challenge that is to be faced for all who are moved to choice Denial or freedom Freedom is the strength of self Freedom is held with love and light Freedom is within the arms of the Lord who carries this burden into the light of reason Do you see my dears Do you see the love that you have Do you see the image of who you are You are the image of the Lord Thy God You are this light that shines through thy countenance of beauty You are all of that and more Gloria Excelsior
