See The Old Lady Decently A Novel:

See the Old Lady Decently Bryan Stanley Johnson, 1975 *Looking for Estrellita* Brian Castro, 1999 A collection of essays that reflect on various themes including Australia's cultural identity its relationship with Asia and the personal and professional challenges Castro faced during this period *Re-reading B. S. Johnson* P. Tew, G. White, 2015-12-04 Growing academic interest and the republication of B S Johnson's major works have been reinforced by Coe's award winning biography *Like A Fiery Elephant* 2004 With a preface by Coe this collection co edited by two leading Johnson scholars offers an annotated bibliography a chronology and readings of the author and his work *The Experimentalists* Joseph Darlington, 2021-11-18 *The Experimentalists* is a collective biography capturing the life and times of the British experimental writers of the swinging 1960s A decade of research including as yet unopened archives and interviews with the writers colleagues is brought together to produce a comprehensive history of this ill starred group of renegade writers Whether the bolshie B S Johnson the globetrotting Ann Quin the cerebral Christine Brooke Rose or the omnipresent Anthony Burgess these writers each brought their own unique contributions to literature at a time uniquely open to their iconoclastic message The journey connects historical moments from Bletchley Park to Paris May 68 to terrorist groups of the 1970s A tale of love loss friendship and a shared vision this book is a fascinating insight into a bold provocative and influential group of writers whose collective story has gone untold until now *Brian Castro's Fiction* , **State Sponsored Literature** Asha Rogers, 2020-03-05 Debates about the value of the literary rarely register the expressive acts of state subsidy sponsorship and cultural policy that have shaped post war Britain In *State Sponsored Literature* Asha Rogers argues that the modern state was a major material condition of literature even as its efforts were relative partial and prone to disruption Drawing from neglected and occasionally unexpected archives she shows how the state became an integral and conflicted custodian of literary freedom in the postcolonial world as beliefs about literature's public were radically challenged by the unrivalled migration to Britain at the end of Empire *State Sponsored Literature* retells the story of literature's place in post war Britain through original analysis of the institutional forces behind canon formation and contestation from the literature programmes of the British Council and Arts Council and the UK's fraught relations with UNESCO to GCSE literature anthologies and the origins of *The Satanic Verses* in migrant Camden The state did not shape literary production in a vacuum Rogers argues but its policies practices and priorities were also inexorably shaped in turn Demonstrating how archival work can potentially transform our understanding of literature this book challenges how we think about literature's value by asking what state involvement has meant for writers readers institutions and the ideal of autonomy itself *BSJ: The BS Johnson Journal 3* Ed: Darlington, Hooper, Seddon, Tew, Zouaoui, 2017-01-18 The third issue of the B S Johnson Journal The issue with the truth featuring essays interviews peer reviewed academic papers and creative pieces inspired by the British writer with contributions from Andrew Robert Hodgson Ed Sibley Scott Manley Hadley Philip Tew Joanna Norledge Jeremy Page Alaska

Abstraction in Post-War British Literature 1945-1980 Natalie Ferris,2022-03-29 In a catalogue note for the 1965 exhibition *Between Poetry and Painting* at the Institute of Contemporary Arts the poet Edwin Morgan probed the relationship between abstraction and literature Abstract painting can often satisfy but abstract poetry can only exist in inverted commas Language may be fragmented rearranged or distorted abstract in so far as it is withdrawn from a particular system of knowledge but Morgan was of the mind that to be wholly disruptive was to deprive a poem of its point as an object of contemplation Whilst abstract art may have come to fulfil or or fortify an impression of post war taste abstraction in literature continued to be treated with suspicion But how does this speak to the extent to which Britain's literary culture was responsive to progress compared to its artistic culture *Abstraction in Post War British Literature 1945 1980* traces a line of literary experimentation in post war British literature that was prompted by the aesthetic philosophical and theoretical demands of abstraction Spanning the period 1945 to 1980 it observes the ways in which certain aesthetic advancements initiated new forms of literary expression to posit a new genealogy of interdisciplinary practice in Britain At a time in which Britain became conscious of its evolving identity within an increasingly globalised context this study accounts for the range of Continental and Transatlantic influences in order to more accurately locate the networks at play Exploring the contributions made by individuals such as Herbert Read Ian Hamilton Finlay and Christine Brooke Rose as well as by groups of practitioners It brings a wide range of previously unexplored archival material into the public domain and offers a comprehensive account of the evolving status of abstraction across cultural institutional and literary contexts *Visual Devices in Contemporary Prose Fiction* Simon Barton,2016-01-26 This book acknowledges that the reader of a novel looks at and sees the page before they begin to read any text placed upon it Thus any disruptions to how a traditional page should look can have a large impact on the reading process The book critically engages with the visual appearance of graphically innovative contemporary prose fiction **The Statesman** ,1974 *Zulfikar Ghose* Mansoor Abbasi,2015-06-18 In 1963

Zulfikar Ghose received a special award from the E C Gregory Trust that was judged by T S Eliot Henry Moore Herbert Read and Bonamy Dobr e A year earlier in an issue devoted to the newly emerging Commonwealth literature the Times Literary Supplement featured Zulfikar Ghose as the most prominent poet from the former British colonies by conspicuously printing three of his poems spread across half a page By the time he was featured in The Review of Contemporary Fiction Ghose had been accorded major status as a writer of international repute the editors of The Review of Contemporary Fiction noted that Zulfikar Ghose has both ranked with and outranked several of the best English language writers in England and America and went on to present him as a unique figure in contemporary literature whose evolution across languages and national boundaries was comparable to Conrad Nabokov and Beckett In spite of receiving such notable attention Ghose has remained a marginal presence and in fact an untouchable among writers accorded a world class status Of the several reasons suggested for Ghose s marginalization by scholars of world literature and post colonial studies the most significant one is that his oeuvre resists categorisation For Ghose to use Proust s phrases Quality of language and the beauty of an image are the heart of great writing Ghose s work is full of meditative reverberations and has a fastidious style that scintillates the reader s mind with its brilliance His genius lies in the construction of a language that is lyrical and full of vivid imagery He captures the images of his native Punjab as well as the South American landscape and imbues the air with the fragrance of Amazon rainforest while his prose sends a shiver between the shoulder blades In his experimentation with form he make s it new to use Pound s phrase His literary journey from the imitation of nineteenth century realism to his most experimental and ambitious works like Hulme s Investigations into the Bogart Script and The Triple Mirror of the Self reflects his wide range of experimentation with form and style This book investigates the structural patterns in the novels of Zulfikar Ghose that give each of his works its peculiar aesthetic design While on the one hand this work notes his role as a pioneer among South Asian writers of the post colonial era on the other hand his novels are examined in the critical framework erected by the writer himself with its emphasis on style that is the central concern of this study

Reading the graphic surface Glyn White,2018-02-28 This book critically engages with the visual appearance of prose fiction where it is manipulated by authors from alterations in typography to the deconstruction of the physical form of the book It reappraises the range of effects it is possible to create through the use of graphic devices and explores why literary criticism has dismissed such features as either unreadable experimental gimmicks or more recently as examples of the worst kind of postmodern decadence Through the examination of problematical texts which utilise the graphic surface in innovative and unusual ways including Samuel Beckett s Watt B S Johnson s Albert Angelo Christine Brooke Rose s Thru and Alasdair Gray s Lanark this book demonstrates that an awareness of the graphic surface can make significant contributions to interpretation The Legacies of Modernism David James,2011-10-20 An engagement with the continued importance of modernism is vital for building a nuanced account of the development of the novel after 1945 Bringing together internationally distinguished scholars of twentieth and twenty

first century literature these essays reveal how the most innovative writers working today draw on the legacies of modernist literature Dynamics of influence and adaptation are traced in dialogues between authors from across the twentieth century Lawrence and A S Byatt Woolf and J M Coetzee Forster and Zadie Smith The book sets out new critical and disciplinary foundations for rethinking the very terms we use to map the novel s progression and renewal enhancing our understanding not only of what modernism was but also what it might still become With its global reach The Legacies of Modernism will appeal to scholars working not only in the new modernist studies but also in postcolonial studies and comparative literature

Christie Malry's Own Double-entry Bryan Stanley Johnson, 1985 A disaffected young man Christie Malry is a simple man who learns the principles of double entry book keeping while taking an evening class in accountancy and working in the local bank He begins to apply these principles to his own life revenging himself against society in an increasingly violent manner for perceived debits Debit the unpleasantness of the bank manager is the first on an ever growing list Credit scratching the facade of the office block All accounts are settled in the most alarming way
