Composing the Soul Graham Parkes, 1994. A century and a half after his birth, Nietzsche's importance and relevance as a thinker is greater than ever before, and yet a major perspective on his life and work has been left untried: the psychological approach. *Composing the Soul* is the first study to pay sustained attention to Nietzsche as a psychologist and to examine the contours of his psychology in the context of his life and psychological makeup. Featuring all new translations of quotations from Nietzsche's writings, *Composing the Soul* reveals the profundity of Nietzsche's lifelong personal and intellectual struggles to come to grips with the soul. Extremely well written, this landmark work makes Nietzsche's life and ideas accessible to any reader interested in this much misunderstood thinker.

Simply God, Encouragement for the Soul Catherine Jodeit, 2007-11. You will find yourself engaged in these short stories and applications as you too have experienced many of the same glimpses of life's daily tasks. The devotionals included in *Simply God* are devotionals which were spun off of Cathy Jodeit's Sweet Sixteen journey. Following that journey, Cathy responded to God's nudge and continued to faithfully write what the Lord put upon her heart. You will relate to many of these devotionals and find them to be a simple read with a simple life application. Cathy has learned that for God to be effective in our lives, He has to meet us where we are and then faithfully walk along side us until we learn to faithfully walk along side Him.
