John Piper

Seeds Of Life Early Christian Martyrs:

Seeds of Life Gracewing,1998 Martyrs are the perfect disciples of Christ imitating him by sacrificing their lives Their example has always encouraged the faith of others Even today people are dying as martyrs for Christ This book tells of the very earliest martyrs in North Africa and of France from which most of these martyred monks came Includes Perpetua Felicitas Tertullian Cyprian and others

Early Christian Martyr Stories Bryan M. Litfin,2014-09-30 Personal narratives are powerful instruments for teaching both for conveying information and for forming character The martyrdom accounts preserved in the literature of early Christianity are especially intense and dramatic However these narratives are not readily available and are often written in intimidating prose making them largely inaccessible for the average reader This introductory text brings together key early Christian martyrdom stories in a single volume offering new easy to read translations and expert commentary An introduction and explanatory notes accompany each translation The book not only provides a vivid window into the world of early Christianity but also offers spiritual encouragement and inspiration for Christian life today

Christian Martyrdom and Christian Violence Matthew D. Lundberg,2021-05-18 What is the place if any for violence in the Christian life At the core of Christian faith is an experience of suffering violence as the price for faithfulness of being victimized by the world s violence from Jesus himself to martyrs who have died while following him At the same time Christian history had also held the opinion that there are situations when the follower of Jesus may be justified in inflicting violence on others especially in the context of war Do these two facets of Christian ethics and experience present a contradiction Christian Martyrdom and Christian Violence On Suffering and Wielding the Sword explores the tension between Christianity s historic reverence for martyrdom suffering violence for faith and Christianity s historical support of a just war ethic involving the inflicting of violence While the book considers the possibility that the two are unreconcilable it also argues that they are ultimately compatible but their compatibility requires a more humanized portrait of the Christian martyr as well as a stricter approach to the justified use of violence

Christian Martyrdom and Political Violence Rubén Rosario Rodríguez,2017-07-13 In recent years martyrdom and political violence have been conflated in the public imagination Rub n Rosario Rodr guez argues that martyr narratives deserve consideration as resources for resisting political violence in contemporary theological reflection Underlying the three Abrahamic monotheistic traditions is a shared belief that God requires liberation for the oppressed justice for the victims and most demanding of all love for the political enemy Christian Jewish and Muslim martyr narratives that condone political violence whether terrorist or state sponsored are examined alongside each religion s canon in order to evaluate how central or marginalized these discourses are within their respective traditions Primarily a work of Christian theology in conversation with Judaism and Islam this book aims to model religious pluralism and cooperation by retrieving distinctly Christian sources that nurture tolerance and facilitate coexistence while respecting religious difference

The Shape of the Church Ephrem Arcement,2024-10-03 This is a book to help further

the ecumenical cause By providing a new paradigm for growth in ecclesial wholeness *The Shape of the Church* charts a pathway that is at once biblically and theologically grounded and pastorally applicable Seven interdependent dimensions are identified evangelical pentecostal sacramental intellectual mystical pastoral prophetic which constitute the church's wholeness and safeguard its integrity Throughout church history these seven dimensions have struggled to maintain a life giving balance and have often isolated themselves from one another distorting the church's catholicity and wholeness Reform movements have repeatedly arisen to help revive dimensions being neglected but have often over emphasized these dimensions to the neglect of others and further distorted the church's shape *The Shape of the Church* seeks to offer a vision of the church that values the full dimensionality of the church and insists upon the giftedness of all its dimensions arguing that the path forward to greater ecclesial maturity and wholeness is only through the nurturing and integration of all its seven dimensions

Rethinking Christian Martyrdom Matthew Recla, 2022-10-20 This book argues that we have been mistaken about the fundamental assumption that Christianity is the key to understanding the Christian martyr Examining martyrdom in early Christian history Matt Recla argues that the violent deaths of martyrs real and imagined were appropriated for Christian institutional life Through deconstructing martyrdom and appreciating the complexity of the martyr we recognize martyrdom not as a socio historical phenomenon inherent to particular ideologies and not as a religious identity but as the institutional co optation of violence The Christian apologist Tertullian argued that the blood of the martyrs was the seed of the Church but while the seed may be the key to martyrdom the blood is the key to the martyr The book shows how martyrs exceed the bounds of

institutional narrative Centering analysis of martyrdom first around the martyr's existential difference and the complex biological psychological and socio cultural factors that lead to willing death this book sheds new light on the motivations of martyrs our fascination with them and the parasitic relationship of religion to violent death In challenging long held beliefs about the praiseworthiness of martyrdom this book is of interest to scholars of religion as well as those concerned about the relationship between religion and violence

The Renaissance in Rome Charles L. Stinger, 1998 From the middle of the fifteenth century a distinctively Roman Renaissance occurred A shared outlook a persistent set of intellectual concerns similar cultural assumptions and a commitment to common ideological aims bound Roman humanists and artists to a uniquely Roman world different from Florence Venice and other Italian and European centers This book provides the first comprehensive portrait of the Roman Renaissance world Charles Stinger probes the basic attitudes the underlying values and the core convictions that Rome's intellectuals and artists experienced lived for and believed in from Pope Eugenius IV's reign to the Eternal City in 1443 to the sacking of 1527 He demonstrates that the Roman Renaissance was not the creation of one towering intellectual leader or of a single identifiable group rather it embodied the aspirations of dozens of figures active over an eighty year period Stinger illuminates the general aims and character of the Roman Renaissance Remaining mindful of the economic social and political context Rome's retarded economic growth the papacy's increasing entanglement in

Italian politics papal preoccupation with the crusade against the Ottomans and the effects of papal fiscal and administrative practices Stinger nevertheless maintains that these developments recede in importance before the cultural history of the period Only in the context of the ideological and cultural commitments of Roman humanists artists and architects can one fully understand the motivation for papal policies Reality for Renaissance Romans was intricately bound up with the notion of Rome s mythic destiny The Renaissance in Rome is cultural history at its best It evokes the moods myths images and symbols of the Eternal City as they are manifested in the Liturgy ceremony festivals oratory art and architecture of Renaissance Rome Throughout Stinger focuses on a persistent constellation of fundamental themes the image of the city of Rome the restoration of the Roman Church the renewal of the Roman Empire and the fullness of time He describes and analyzes the content meaning origin and implications of these central ideas of Roman Renaissance This book will prove interesting to both Renaissance and Reformation scholars as well as to general readers who may have visited or plan to visit Rome and have become fascinated and affected by this extraordinary city There is no other book like it in any language says Renaissance historian John O Malley It presents a coherent view of Roman culture collects and presents a vast amount of information never before housed under one roof Anyone who teaches the Italian Renaissance O Malley stresses will have to know this book Evangelical Magazine and Missionary Chronicle ,1876 **The Seed of the Woman** Jim Tunstall,2011-06-20 This book tells the fascinating story of the fulfillment of the very first prophecy in the Bible I will put enmity between you and the woman And between your seed and her Seed He shall bruise your head And you shall bruise His heel Genesis 3 15 NKJV Eve the mother of the human family had rebelled against God in the Garden of Eden and brought sin into the world This Messianic prophecy promised that Eves Seed would one day bring salvation to the world From that time forward everything that happened in the Bible pointed straight to the fulfillment of this prophecy Its the main story line of the Bible The Seed of the Woman the Story of an Ancient Prophecy Fulfilled is Jim Tunstalls winsome account of how that narrative developed ultimately resulting in the birth of Jesus Christ Marys baby and Eves Seed is now the Savior of the world **Precious Enemy** Toby Jennings,2017-04-17 King Solomon asserted love is as strong as death Song of Solomon 8 6 Solomon the wisest of all Israel s kings recognized that while every human would eventually succumb to death death is not ultimate in power The God whose essence is love designed and created both human life and death as instruments for the display of his own splendor and purposes Neither human life nor death then can deviate from God s ultimate purpose and good for the creature made in his own image Biblically death serves as the perfect foil to mark both the immeasurable value of human life and at the same time the relatively limited value of it Rather than either worshipping or desecrating this finite gift of human life we can value it rightly and also worship the God who in his literally infinite wisdom gives and takes away life in accord with his good and gracious purposes **Martyrdom from Exegesis in Hippolytus** W. Brian Shelton,2008-12-01 In the third century CE Emperor Septimius Severus unleashed a shocking and severe persecution against the Christian church Witnessing the fear

and confusion in his congregations the presbyter Hippolytus crafted his Commentary on Daniel to encourage Christians confronted with the reality of martyrdom and persecution In a work which comes to us as the earliest orthodox Christian commentary on scripture Hippolytus interprets the text through allegory typology theodicy paraenesis and reflection to create a motif of martyrdom By doing so Hippolytus guides Christians in their communities as they stand heroically before the tribunal of Caesar like the Danielic characters stood before authorities in Babylon His purpose in the commentary is clearly pastoral arising from his role as presbyter to exhort his Christian congregations to prepare to be martyred for Christ amidst Roman persecution

Whole Lives Reed Whitemore, 2019-12-01 Originally published in 1989 In this companion volume to the acclaimed *Pure Lives* Reed Whitemore probes the often complex motives behind the relationships of modern biographers to their subjects Whitemore's description of biography's uneven path toward comprehensive character study begins with Thomas Carlyle whose biography of Frederick the Great broke with tradition by tracing the roots of its subject's character to childhood trauma A strict disciplinarian Frederick's father once considered having his rebellious teenage son executed Whitemore examines the work of Leslie Stephen the Dictionary of National Biography's first editor who admired Carlyle but disliked his style and was convinced that Carlyle disliked him And in a chapter on Sigmund Freud Whitemore traces the revolution in writing biography that began with Freud's speculations on the nature and origin of Leonardo da Vinci's homosexuality Few have escaped Freud's influence While Leon Edel argues that biographers should not psychoanalyze their subjects his biography of Henry James does precisely that Richard Ellman tempers his impulse for Freudian probing of Joyce Yeats and Oscar Wilde with the explication of their often difficult works Kenneth Lynn's recent biography of Hemingway takes the opposite approach The Hemingway industry Whitemore explains is like Marilyn Monroe's in having much of the sensational in it including suicide so that the problems of having to deal with Hemingway as a writer good or bad can always be put on the back burner for a few chapters while Hemingway the braggart and liar performs Thomas Panton and Benjamin Franklin Virginia Woolf and Elizabeth Barrett Browning Erik Erikson and Martin Luther biographers and their subjects continue to engage our attention *Whole Lives* offers an informative and refreshingly informal look at one of the most enduringly popular genres
