million flows of people of changes over time and space of different kinds of spaces surfaces and volumes from human travel
time to landscapes of hopes fears migration manufacturing and mortality How do you turn the millions of numbers

and discoveries which present a picture of a changing political and social geography More complex aspects on the surface of social landscapes are revealed with sculptured symbols allowing us to see the relationships between the wood and the trees of social structure Today s software can be so flexible that these techniques can now be emulated without coding This book centres on a particular place and time 1980s Britain and a particular set of records routine social statistics A great deal of information about the 80s social geography of Britain is contained within databases such as the population censuses surveys and administrative data Following the release of the 2011 census now is a good time to look back at the past to introduce many new visualization techniques that could be used by future researchers

Aristotle said you are what you repeatedly do Most of us have no idea that what we repeatedly do creates our lives we think our future is shaped by big events the decisions we make the thoughts we have but this book will show you that it is your daily actions that are the key Over the last few decades neuroscientists and psychologists have discovered that there is more power in I do than I think However if an action is repeated enough times it becomes habit but habits lack thought consideration and presence To effect long lasting meaningful change our actions need to be filled with a sense of personal meaning and power they need to be ritualized Creating personal ritual in our lives allows us to bring the presence of the

sacred into the everyday The rituals in this book have been designed as symbolic acts providing a framework for anyone to use to create positive change in their lives The 7 morning rituals are designed to help you wake with determination the 7 afternoon rituals focus on living on purpose and the 7 evening rituals are about retiring with satisfaction
