Seers And Judges American Literature As Political Philosophy

Aurelian Cr_iu_u, Jeffrey C. Isaac

Seers And Judges American Literature As Political Philosophy:

Seers and Judges Christine Dunn Henderson, 2002-01-01 Alexis de Tocqueville asserted that America had no truly great literature and that American writers merely mimicked the British and European traditions of the eighteenth and nineteenth centuries This new edited collection masterfully refutes Tocqueville's monocultural myopia and reveals the distinctive role American poetry and prose have played in reflecting and passing judgment upon the core values of American democracy The essays profiling the work of Mark Twain F Scott Fitzgerald John Updike Edith Wharton Walt Whitman Henry James Willa Cather Walker Percy and Tom Wolfe reveal how America's greatest writers have acted as society's most ardent cheerleaders and its most penetrating critics Christine Dunn Henderson's exciting new work offers literature as a portal through which to view the philosophical principles that animate America's political order and the mores which either reinforce or undermine them

The Political Thought of America's Founding Feminists Lisa Pace Vetter, 2017-07-11 Recovering the powerful and influential contributions of women from the nation's formative years *The Political Thought of America's Founding Feminists* traces the significance of Frances Wright Harriet Martineau Angelina and Sarah Grimk Lucretia Mott Elizabeth Cady Stanton and Sojourner Truth in shaping American political thinking These women understood the relationship between sexism racism and economic inequality yet they are virtually unknown in American political thought because they are considered activists not theorists Their efforts to expand the reach of America's founding ideals laid the groundwork not only for women's suffrage and the abolition of slavery but for the broader expansion of civil political and human rights that would characterize much of the twentieth century and continues to unfold today Drawing on a careful reading of speeches letters and other archival sources Lisa Pace Vetter shows the ways in which the early women's rights movement and abolitionism were central to the development of American political thought *The Political Thought of America's Founding Feminists* demonstrates that early American political thought is incomplete without attention to these important female thinkers and that an understanding of early American women's movements is incomplete without considering its profound impact on political thought A complex and thoughtful guide to the indispensable role of women in shaping the American way of life *The Political Thought of America's Founding Feminists* is essential for a comprehensive understanding of the history of American political thought

Leo Strauss and His Legacy John Albert Murley, 2005-01-01 With over 10 000 entries identifying work of hundreds of Strauss's students and their students this bibliography is the most indeed the only comprehensive guide to published writing in the tradition of Leo Strauss Murley includes Strauss's own complete bibliography and that of one of his most revered students George Anastaplo

Politics, Literature, and Film in Conversation Matthew D. Dinan, Paul E. Kirkland, Denise Schaeffer, Natalie Taylor, 2021-05-04 This volume presents a series of essays in honor of noted scholar of political theory Mary P Nichols The essays reflect Nichols pathbreaking work in ancient Greek political thought as well as her influential treatments of works of literature and film in conversation with political theory Part I Conversations Concerning

Love and Friendship features essays about the philosophical meaning of human connection and affection Part II Conversations Between Politics and Poetry looks at the political significance of art and the ways in which political rule can be understood to be artistic or poetic Part III Conversations from Tragedy to Comedy considers whether the human need for community is something to be lamented or celebrated Broad in scope and interdisciplinary in approach the essays in this volume address authors such as Plato Aristotle Shakespeare Machiavelli Mary Wollstonecraft G W F Hegel Jane Austen Henry James William Faulkner Albert Camus J R R Tolkien and Aleksander Solzhenitsyn as well as the films of Woody Allen and Whit Stillman

The Pursuit of Happiness and the American Regime Elizabeth Amato,2018-02-28 The Declaration of Independence claims that individuals need liberty to pursue happiness but provides little guidance on the what of happiness Happiness studies and liberal theory are incomplete guides Happiness studies offer insights into what makes people happy but happiness policy risks becoming doctrinaire Liberal theory is better on personal liberty but weak on the what of happiness My argument is that American novelists are surer guides on the pursuit of happiness Treated as political thinkers my book offers a close reading of four American novelists Tom Wolfe Walker Percy Edith Wharton and Nathaniel Hawthorne and their critique of the pursuit of happiness With a critical and friendly eye they present the shortcomings of pursuing happiness in a liberal nation but also present alternatives and correctives possible in America Our novelists point us toward each other in friendship as our greatest resource to guide us towards happiness

The Cambridge Companion to Democracy in America Richard Boyd,2022-03-24 These essays explore important themes and contemporary legacies of Alexis de Tocqueville s classic work Democracy in America

America Through European Eyes Aurelian Cr_iu_u,Jeffrey C. Isaac,2009 A collection of essays that discuss representative eighteenth and nineteenth century French and English views of American democracy and society and offer a critical assessment of various narrative constructions of American life society and culture Provided by publisher

Handbook of the American Short Story Erik Redling,Oliver Scheiding,2022-01-19 The American short story has always been characterized by exciting aesthetic innovations and an immense range of topics This handbook offers students and researchers a comprehensive introduction to the multifaceted genre with a special focus on recent developments due to the rise of new media Part I provides systematic overviews of significant contexts ranging from historical political backgrounds short story theories developed by writers print and digital culture to current theoretical approaches and canon formation Part II consists of 35 paired readings of representative short stories by eminent authors charting major steps in the evolution of the American short story from its beginnings as an art form in the early nineteenth century up to the digital age The handbook examines historically methodologically and theoretically the coming together of the enduring narrative practice of compression and concision in American literature It offers fresh and original readings relevant to studying the American short story and shows how the genre performs American culture

Contesting the Past, Reconstructing the Nation Ben Railton,2007-09-30 In this study of Gilded Age literature and culture Ben Railton proposes

that in the years after Reconstruction America's identity was often connected through distinct and competing conceptions of the nation's history. Concerned with key social questions such as race, Native Americans, women, and the South, *Contesting the Past: Reconstructing the Nation* provided close readings of a number of texts for the ways they highlight these issues. This book examines established classics, newer additions to the canon, largely forgotten best sellers, recovery gems, and autobiographical works by Douglass and Truth, poems by Harper and Piatt, and short stories by Woolson and Cooke. These readings contribute to ongoing conversations over historical literature's definition and value and a greater understanding of not only American society in the Gilded Age but also debates on our shared but contested history that remain very much alive in the present.

From publisher's description

The Intellectual in Twentieth-Century Southern Literature Tara Powell, 2012-01-09

Never in its long history has the South provided an entirely comfortable home for the intellectual. In this thought-provoking contribution to the field of southern studies, Tara Powell considers the evolving ways that major post-World War II southern writers have portrayed intellectuals, from Flannery O'Connor's ironic view of interlockhuls to Gail Godwin's southerners striving to feel at home in the academic world. Although Walker Percy like his fellow Catholic writer O'Connor explicitly rejected the intellectual label for himself, he nonetheless introduced the modern novel of ideas to southern letters. Powell shows by placing sympathetic, non-caricatured intellectuals at the center of his influential works, North Carolinians Doris Betts and her student Tim McLaurin made their living teaching literature and creative writing in academia, and Betts's fiction often includes dislocated academics, while McLaurin's superb memoirs often, funny, frequently point up the limitations of the mind as opposed to the heart and the spirit. Examining works by Ernest Gaines, Alice Walker, and Randall Kenan, Powell traces the evolution of the black American literacy narrative from a stress on the post-Emancipation conviction which saw formal education as an essential means of resisting oppression to the growing suspicion in the post-civil rights era of literacy acts that may estrange educated blacks from the larger black community. Powell concludes with Godwin, who embraces university life in her fiction as she explores what it means to be a southern female intellectual in the modern world, a world in which all those markers inscribe isolation.

Echoes of Emerson Diana Hope Polley, 2017-10-17

Probes the ways in which two major periods in nineteenth-century American literature, Romanticism and Realism, have come to be understood and defined.

The Relevance of Higher Education Timothy Simpson, 2013-09-24

Most statements today about higher education begin with the assumption that it should be relevant. That it should be relevant, however, does not settle the matter. The significance of relevance depends on the power of something else that is more fundamental. Relevance may be a true standard of judgment, but it does not stand by itself. Assuming higher education should be relevant, the question emerges: relevant to what? Why? How? At what costs? And relevant in what sense? These are some of the central questions animating this study. *The Relevance of Higher Education: Exploring a Contested Notion*, edited by Timothy L. Simpson, examines the relevance of higher education by bringing together the work of historians, political scientists, and educational philosophers. The

contributors probe the meaning of relevance in its many guises providing an historical and philosophical account of the roots of this concept and its impact on the institution of higher education Furthermore *The Relevance of Higher Education* provides a critical evaluation of the impact of relevance on our understanding of the political and economic relationship between higher education and society This study suggests views of relevance that could guide the future of higher education By providing penetrating analysis this text thoroughly explores relevance and its underlying assumptions potential implications and long lasting effects on higher education and society *The Relevance of Higher Education* provides the tools necessary to develop a rich framework for understanding relevance and its impact on higher education and society

Explorations in Organizations James G. March, 2008 This collection of recent papers authored or co authored by James G March explores contemporary issues in the study of organizations *Dignity* Remy Debes, 2017-06-01 In everything from philosophical ethics to legal argument to public activism it has become commonplace to appeal to the idea of human dignity In such contexts the concept of dignity typically signifies something like the fundamental moral status belonging to all humans Remarkably however it is only in the last century that this meaning of the term has become standardized Before this dignity was instead a concept associated with social status Unfortunately this transformation remains something of a mystery in existing scholarship Exactly when and why did dignity change its meaning And before this change was it truly the case that we lacked a conception of human worth akin to the one that dignity now represents In this volume leading scholars across a range of disciplines attempt to answer such questions by clarifying the presently murky history of dignity from classical Greek thought through the Middle Ages and Enlightenment to the present day **Stael's Philosophy of the Passions** Tili Boon Cuillé, Karyna Szmurlo, 2013 Sensibility or the capacity to feel played a vital role in philosophical reflection about the natural sciences the social sciences and the arts in eighteenth century France Yet scholars have privileged the Marquis de Sade's vindication of physiological sensibility as the logical conclusion of Enlightenment over Germaine de Staël's exploration of moral sensibility's potential for reform and renewal that paved the way for Romanticism This volume of essays showcases Staël's contribution to the affective revolution in Europe investigating the personal and political circumstances that informed her theory of the passions and the social and aesthetic innovations to which it gave rise Contributors move seamlessly between her political philosophical and fictional works attentive to the relationship between emotion and cognition and aware of the coherence of her thought on an individual national and international scale They first examine the significance Staël attributed to pity happiness melancholy and enthusiasm in *The Influence of the Passions* as she witnessed revolutionary strife and envisioned the new republic They then explore her development of a cosmopolitan aesthetic in such works as *On Literature* *Corinne or Italy* *On Germany* and *The Spirit of Translation* that transcended traditional generic national and linguistic boundaries Finally they turn to her contributions to the visual and musical arts as she deftly negotiated the transition from a Neoclassical to a Romantic aesthetic Staël's *Philosophy of the Passions* concludes

that rather than founding a republic based on the rights of man Stal's reflection fostered international communities of women artists models and collectors authors performers and spectators enabling them to participate in the re articulation of sociocultural values in the wake of the French Revolution Contributors Tili Boon Cuill Catherine Dubeau Nanette Le Coat Christine Dunn Henderson Karen de Bruin M Ione Crummy Jennifer Law Sullivan Lauren Fortner Ravalico C C Wharram Kari Lokke Susan Tenenbaum Mary D Sheriff Heather Belnap Jensen Fabienne Moore Julia Effertz **Daisy Miller** Henry James, 2011-11-14 Henry James's Daisy Miller was an immediate sensation when it was first published in 1878 and has remained popular ever since In this novella the charming but inscrutable young American of the title shocks European society with her casual indifference to its social mores The novella was popular in part because of the debates it sparked about foreign travel the behaviour of women and cultural clashes between people of different nationalities and social classes This Broadview edition presents an early version of James's best known novella within the cultural contexts of its day In addition to primary materials about nineteenth century womanhood foreign travel medicine philosophy theatre and art some of the topics that interested James as he was writing the story this volume includes James's ruminations on fiction theatre and writing and presents excerpts of Daisy Miller as he rewrote it for the theatre and for a much later and heavily revised edition *Walt Whitman Quarterly Review*, 2004 **Choice**, 2002 **Fuori dai giochi** F. Scott Fitzgerald, 2014-10-30T00:00:00+01:00 Quindici racconti una poesia sul football un ricordo di Princeton patria della squadra dei Tigers e un divertente profilo autobiografico in cui l'autore collega l'origine della propria carriera letteraria a una d b cle sul campo Fuori dai giochi raccoglie in un unico volume i testi sportivi compresi cinque inediti in Italia che punteggiano la carriera di F Scott Fitzgerald confermando la sua inesauribile capacit di interpretare il proprio tempo Atleta mancato Fitzgerald ricava dalle sfide e dai giocatori che aveva ammirato spunti e personaggi per la sua narrativa E cos dalle pagine di questa antologia emergono le forme e i corpi di volta in volta esuberanti o imbolsiti di campioni universitari tifosi caddie nuotatrici e trapezisti ma anche di ballerine pianisti impresari stelle del cinema che compongono il ritratto di una generazione in perenne attesa di un effimero stato di grazia in una societ febbrile travolta dall'ottimismo sfrenato degli anni Venti e poi dalla cupa depressione del decennio successivo Dagli scritti giovanili dedicati principalmente al football fino a quelli della maturit scrive Sara Antonelli nella postfazione Fitzgerald non ha mai smesso di scrivere di sport che grazie alla penna di un autore ormai leggendario si trasforma in un prisma attraverso cui raccontare l'America e i suoi eroi **Let Us Go to the Seer!** Ryan D. Schroeder, 2025-03-03 Prophecy in the Hebrew Bible Old Testament has long been regarded as fundamentally different from the divinatory methods of ancient pagans while the pagans sought out and solicited messages from the gods the Hebrew prophets received revelation spontaneously at the initiative of Israel's deity The trouble with this dichotomy between solicited and spontaneous revelation is that it overlooks or misreads a number of ancient sources and it obscures the similarities between Hebrew and other societies of the ancient Middle East In this book Ryan D Schroeder re

examines the evidence for prophecy both in the Hebrew Bible and in documents excavated in Israel Palestine Syria Jordan and Iraq since the late nineteenth century He shows that prophecies were regularly solicited across ancient West Asia Moreover the spontaneity of Israelite revelation is largely a mirage produced by ancient Hebrew scribes and reinforced by modern scholars intent on establishing the uniqueness and superiority of biblical religion

If you ally obsession such a referred **Seers And Judges American Literature As Political Philosophy** ebook that will offer you worth, get the no question best seller from us currently from several preferred authors.
