## Sekretnyi Terror:

**Terror in Our Time** Richard Wilmer Rowan, 2017-10-22 Excerpt from *Terror in Our Time* The Secret Service of Surprise Attack Many fortunate countries were spared involvement in the great war of 1914 1918 but now all the nations of the civilized world are bound to share its remorseless heritage The impact the strain and the terror have not thus far been equally divided yet in some degree to every corner of the earth this new never abating and clandestine struggle has already extended its network of intrigue It is a subterranean conflict being fought by brigades of secret agents with every sort of weapon that comes to hand And it is the kind of conflict that is certain to breed other hostilities for even as its skirmishers and Shock troops press on to the attack they prepare the way for that more terrible war which is waged in the Open and in the dark simultaneously About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Agents of Terror Alexander Vatlin, 2016-10-11 During Stalin's Great Terror more than a million Soviet citizens were arrested or killed for political crimes they did not commit Who carried out these purges and what motivated them Alexander Vatlin opens up the world of the Soviet perpetrators using detailed evidence from one Moscow suburb Spurred by ambition or fear local secret police rushed to fulfill quotas for arresting enemies of the people even when it meant fabricating evidence Vatlin confronts head on issues of historical agency and moral responsibility in Stalin era crimes

**Stalin's Witnesses** Julius Wachtel, 2018-06-06 [http www stalinswitnesses com](http://www.stalinswitnesses.com) In November 1936 Vladimir Romm the USSR's celebrated correspondent to Washington was recalled to Moscow and thrown into the dungeons of the infamous Lubyanka prison He and four other witnesses would soon take the stand at the second of the three Moscow Show Trials the most notorious events of their kind in modern history Their testimony given before diplomats and correspondents from around the world would corroborate the equally false confessions of dozens of influential Communists consigning witnesses and defendants alike to the executioner and leaving a chronically

suspicious Stalin the undisputed leader of the Soviet state Based on extensive research in North American European and Russian archives interviews with descendants and secondary sources Stalin s Witnesses is a fictionalized yet historically faithful account of how the lives of four Soviet citizens and a German expatriate intersected in a Moscow courtroom three quarters of a century ago We perch on Romm s shoulders as he agitates for socialism navigates the treacherous shoals of the revolution serves as a Soviet correspondent spy in Japan and Europe and once the USSR and America establish diplomatic relations assumes his post in America s capital With his career at its zenith Romm is abruptly recalled to Moscow and becomes another victim of Stalin s paranoia A fictional but deeply fact based prison diary conveys how the regime s vicious prosecutor Andrei Vyshinsky crafted a scenario so persuasive that it convinced Western leaders including President Franklin D Roosevelt that leading Party members had conspired to topple Stalin and abandon their beloved country to Germany and Japan As a guide for students of the era the novel includes a detailed author s notes section with references to source materials In this expanded edition a Prequel takes readers to the turbulent times preceding the Russian Revolution and to the famous Eastern European publishing family that gave Romm his name     **The Uses of Terror** Boris Levytsky,1971

*Because* Dani R. Bergman,2000-11 Bo turned around and watched what was left of the once magnificent hotel He could see fires burning in several areas of the charred building What Davis had pointed out was the almost slow motion collapse of the hotel Where the main blast had occurred there wasn t much fire just a gapping hole The floor above was falling into the area where the destruction had started It in turn was falling into the floor below it It looked to Bo as if a hellish mouth had opened Flaming mattresses and burning furniture were falling like spit from that devilish mouth     **State of Terror** Garry A. Degrood,2018-01-03 State of Terror is a fictional account of factual events This novel was written in a screenplay format and revolves around the life and times of an NKVD executioner named Yurii Maksimovich Petrov It is a panorama of Soviet and Russian history from 1936 until his death in 1995 It is an attempt to capture the stark terror of living in the former Soviet Union during the time of Nikolai Yezhov or Yezhovshchina and the impact it had later on during the Great Patriotic War It is not meant to be a condemnation of humanity It is an attempt to instill a sense of pathos for the Dead Souls and the family members left behind The novel is not a morbid choice of the dead over the living rather the murdered over the murderers It also serves as a warning of what the future might hold in this era of unfettered government growth and power
