Monumental Writing Aspects Of Rhetoric In Wordsworths Poetry:

Monumental Writing J. Douglas Kneale, 1988 **Rhetorical Traditions and British Romantic Literature** Don H. Bialostosky, Lawrence D. Needham, 1995 The contributors are Stephen C Behrendt Don H Bialostosky Jerome Christensen Richard W Clancey Klaus Dockhorn James Engell David Ginsberg Bruce E Graver Scott Harshbarger Theresa M Kelley J Douglas Kneale John R Nabholz Lawrence D Needham Marie Secor Nancy S Struever Leslie Tannenbaum and Susan J Wolfson Wordsworth's Poetic Collections, Supplementary Writing and Parodic Reception Brian R Bates, 2015-10-06 Wordsworth's process of revision his organization of poetic volumes and his supplementary writings are often seen as distinct from his poetic composition Bates asserts that an analysis of these supplementary writings and paratexts are necessary to a full understanding of Wordsworth's poetry **Landmark Essays on Rhetoric and Literature** Craig Kallendorf, 2017-10-03 The studies of rhetoric and literature have been closely connected on the theoretical level ever since antiquity and many great works of literature were written by men and women who were well versed in rhetoric It is therefore well worth investigating exactly what these writers knew about rhetoric and how the practice of literary criticism has been enriched through rhetorical knowledge The essays reprinted here have been arranged chronologically with two essays selected for each of six major periods Antiquity the Middle Ages the Renaissance including Shakespeare the 17th century the 18th century and the 19th and 20th centuries Some are more theoretically oriented whereas others become exercises in practical criticism Some cover well trod ground whereas others turn to parts of the rhetorical tradition that are often overlooked Scholars in the field should benefit from having this material collected together and reprinted in one volume but the essays included here will also be useful to graduate students and advanced undergraduates for course work and general reading Students of rhetoric seeking to understand how the principles of their field extend into other forms of communication will find this volume of interest as will students of literature seeking to refine their understanding of the various modes of literary criticism **The Broadview Anthology of Literature of the Revolutionary Period 1770-1832**, 2010 The Broadview Anthology of Literature of the Revolutionary Period 1770-1832 D.L. Macdonald, Anne McWhir, 2010-03-04 The selections from 132 authors in this anthology represent gender social class and racial and national origin as inclusively as possible providing both greater context for canonical works and a sense of the era's richness and diversity In terms of genre poetry non fiction prose philosophy educational writing and prose fiction are included Geographically America Canada Australia India and Africa are represented along with Britain emphasizing Romantic literature as a world literature Biographical headnotes explanatory footnotes and an extensive bibliography clarify and illuminate the texts for readers **Wordsworth, Dialogics and the Practice of Criticism** Don H. Bialostosky, 1992-02-28 Wordsworth's poetry has been a focus for many of the theoretical schools of criticism that comprise modern literary studies Don Bialostosky here proposes to adjudicate the diverse claims of these numerous schools and to trace their implications for teaching Bialostosky draws on the work of Bakhtin and

his followers to create a dialogic critical synthesis of what Wordsworth's readers from Coleridge to de Man have made of his poetry. He reveals Wordsworth's poetry as itself dialogically responding to its various contexts and opens up fruitful possibilities for criticism and teaching of Wordsworth. This challenging book uses the case of Wordsworth studies to make a far-reaching survey of modern literary theory and its implications for the practice of criticism and teaching today.

Romanticism on the Road T. Benis, 2000-03-02 Romanticism on the Road challenges critical orthodoxy by arguing that Wordsworth rejected the political dogmas of his age. Refusing to ally with either radicals or conservatives after the French Revolution, the poet seizes on vagrants to attack the binary thinking dominating public affairs and to question the value of the Georgian domestic ideal. Drawing on current and historical discussions of homelessness, the study offers a cultural history of vagrancy and explains why Wordsworth chose the homeless to bear his message. Romanticism: Romanticism, belief, and philosophy

Michael O'Neill, Mark Sandy, 2006 **Imagining the Dead in British Literature and Culture, 1790-1848** David McAllister, 2018-09-29 This book offers the first account of the dead as an imagined community in the early nineteenth century. It examines why Romantic and Victorian writers including Wordsworth, Dickens, De Quincey, Godwin, and D.Israeli believed that influencing the imaginative conception of the dead was a way to either advance or resist social and political reform. This interdisciplinary study contributes to the burgeoning field of Death Studies by drawing on the work of both canonical and lesser-known writers, reformers, and educationalists to show how both literary representation of the dead and the burial and display of their corpses in churchyards, dissecting rooms, and garden cemeteries responded to developments in literary aesthetics, psychology, ethics, and political philosophy. *Imagining the Dead in British Literature and Culture, 1790-1848* shows that whether they were lauded as exemplars or loathed as tyrants, rendered absent by burial or made uncannily present through exhumation and display, the dead were central to debates about the shape and structure of British society as it underwent some of the most radical transformations in its history. **Wordsworth's Biblical Ghosts** D.

Westbrook, 2001-09-07 The Bible serves Wordsworth as a basis for his poetry and poetics, providing language, images, figures, and importantly, a paradigm of poetic genres. Working from three interrelated critical approaches: intertextuality, poetics, and metaphysics, Westbrook first analyzes Wordsworth's theory and practice as these reflect the New Testament doctrine of the Incarnation. Subsequent chapters consider Wordsworth's adaptation of biblical narrative forms, etymological tales, parables, and mystical allegories. Closing chapters examine some extraordinary linguistic innovations in Wordsworth's revisions of biblical apocalypse techniques that permit the poet to express the ineffable and to reveal nothing. **Romantic Localities**

Christoph Bode, Jacqueline Labbe, 2015-10-06 *Romantic Localities* explores the ways in which Romantic-period writers of varying nationalities responded to languages, landscapes, both geographical and metaphorical, and literatures. *The Theory of Inspiration* Timothy Clark, 2000 Inspiration is a basic concept of western poetics and deserves reassessment with all the tools of modern literary theory. **The Romantic Dream** Douglas B. Wilson, 1993-01-01 Although criticism on the medieval

and Renaissance dream abounds a strange lacuna exists in the critical literature of dream in the English Romantics Every major Romantic poet relied frequently and explicitly on dream imagery and Romantic poems conduct a long discussion about the meaning power value and provenance of dreams Douglas B Wilson's book traces the wide web of connections that the Romantics wove between dreams and other expressions of consciousness sensation emotions illusions creativity personality and memory Situating his study of the Wordsworthian dream between ancient interpretation and Freudian interpretation Wilson gains a new perspective on the oneiric moment of Romanticism while liberating it from a narrowly psychoanalytic reading Wordsworth embodies virtually all of the dream theory of his time thus making him the perfect object of Wilson's multiple approaches to dream activity as poetic creation Back cover **Secular Mysteries: Stanley Cavell and English Romanticism** Edward T. Duffy, 2013-03-14 Stanley Cavell and English Romanticism serves as both introduction to Cavell for Romanticists and to the larger question of what philosophy means for the reading of literature as well as to the importance and relevance of Romantic literature to Cavell's thought Illustrated through close readings of Wordsworth and Shelley and extended discussions of Emerson and Thoreau as well as Cavell Duffy proposes a Romanticism of persisting cultural relevance and truly trans Atlantic scope The turn to romanticism of America's most distinguished ordinary language philosopher is shown to be tied to the neo Romantic claim that far from being merely an illustrator of the truths discovered by philosophy poetry is its equal partner in the instituting of knowledge This book will be vital reading for anyone interested in Romanticism Stanley Cavell and the ever deepening connections between literature and philosophy **Wordsworth's Classical Undersong** Richard Clancey, 2016-06-01 Wordsworth's classical education presents an amazing paradox Gifted teachers trained him in the full rigours of classical Latin and Greek But Wordsworth's schoolmasters were enlightened liberal and advanced They were committed to the Classics and to modern literature In their enthusiasm they shared their volumes of contemporary poetry with Wordsworth His was a holistic literary education Wordsworth developed a profound love for the Classics and thus an enlightened zeal for a new poetry a poetry capable of being compared with and even daring to compete with the Classical texts he so dearly loved Richard Clancey's meticulously researched study presents new biographical information on Wordsworth's classical education and new facts about the education of his teachers **Romantic Aversions** J. Douglas Kneale, 1999 Romanticism is often regarded as a turning point in literary history the time when writers such as Wordsworth and Coleridge renounced the common legacy of poets and sought to create a new literature Yet despite their emphasis on originality genius and spontaneity the first generation Romantics manifest a highly intertextual style that while repressing certain classical and neoclassical literary conventions reveals a deep dependence on those same rhetorical practices Repression results in the symptoms of originality but it inevitably leads to the return of tradition in a different form **Encyclopedia of the Romantic Era 1760-1850** Christopher John Murray, 2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half

of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism

William and Dorothy Wordsworth Lucy Newlyn, 2013-09-12 William Wordsworth's creative collaboration with his beloved Sister spanned nearly fifty years from their first reunion in 1787 until her premature decline in 1835 Rumours of incest have surrounded the siblings since the 19th century but Lucy Newlyn sees their cohabitation as an expression of deep emotional need arising from circumstances peculiar to their family history Born in Cockermouth and parted when Dorothy was six by the death of their mother the siblings grew up separately and were only reunited four years after their father had died leaving them destitute How did their orphaned consciousness shape their understanding of each other What part did traumatic memories of separation play in their longing for a home How fully did their re settlement in the Lake District recompense them for the loss of a shared childhood Newlyn shows how William and Dorothy's writings closely intertwined with their regional affiliations were part of the lifelong work of jointly re building their family and re claiming their communal identity Walking talking remembering and grieving were as important to their companionship as writing and at every stage of their adult lives they drew nourishment from their immediate surroundings This is the first book to bring the full range of Dorothy's writings into the foreground alongside her brother's and to give each sibling the same level of detailed attention Newlyn explores the symbiotic nature of their creative processes through close reading of journals letters and poems sometimes drawing on material that is in manuscript She uncovers detailed interminglings in their work approaching these as evidence of their deep affinity The book offers a spirited rebuttal of the myth that the Romantic writer was a solitary genius and that William Wordsworth was a poet of the egotistical sublime arguing instead that he was a poet of community carrying everywhere with him relationship and love Dorothy is not presented as an undervalued or exploited member of the Wordsworth household but as the poet's equal in a literary partnership of outstanding importance Newlyn's book is deeply researched drawing on a wide range of recent scholarship not just in Romantic studies but in psychology literary theory anthropology and life writing Yet it is a personal book written with passion by a scholar poet and intended to be of some practical use and inspirational value to non specialist readers Adopting a holistic approach to mental and spiritual health human relationships and the environment Newlyn provides a timely reminder that creativity thrives best in a gift economy

Mind in Creation Douglas Kneale, 1992-03-03 The seven contributors to *The Mind in Creation* bring different critical perspectives including historical textual and deconstructive methodologies to bear on a variety of Romantic authors Blake Wordsworth Byron Shelley and Keats Together their essays offer a representative view of the diversity of Romantic studies from Byron's use of history to Blake's theory of illustration A retrospective essay by Woodman himself surveys the past and anticipates the future of Romantic studies in the twentieth century *The Mind in Creation* offers a uniquely Canadian

perspective the senior scholars and younger critics who have contributed to this volume some of them colleagues and former students of Professor Woodman s are all professors of literature at Canadian universities The Mind in Creation brings together both traditional and innovative approaches to Romanticism in honour of a man whose prolific criticism and lifelong commitment to teaching literature have truly been acts of the mind in creation inspirational exemplary and lasting The contributors include David L Clark Jared Curtis J Douglas Kneale W J B Owen Tilottama Rajan Ronald Tetreault and Milton Wilson The collection also provides a selected bibliography of Ross G Woodman
